Re the current application for st Katherine's Barn 04-04-19

To Whom It May Concern

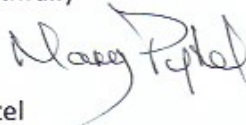

I own the adjoining premises to St Katherine's Barn and I have no problems with the current application that is going through for Lynn Jones.

I gather there has been a complaint from a neighbour. I would just like to say that from my experience this particular person has caused me problems which involved having to call the police in the past.

I would like to add my support to Lynn Jones with her application for premises license.

Thank you

Yours faithfully

Mary Pytel

In support of St Katherine's Barn

We have had no issue with any noise emanating from the Barn when it has had its events on last month, and last June, July and August.

I totally support them in their bid to get it open as an arts space.

Jacky Butsnell

Subject: License for The Barn, Ledbury

Dear Sirs,

I am writing in support of the application by Lyn Jones for a temporary license for The Barn on Sunday 14th April. On that day the Silurian Border Morris Men of Ledbury are hosting a day of Morris Dancing in Ledbury as part of the 50th Anniversary Celebrations of the team. They have invited 14 Morris teams to attend the event (teams will be coming from Lancashire, Northampton Shire, Birmingham, Wales as well as local sides). There will be dance displays from 11.00am around Ledbury including under the Market House, in the vicinity of the Masters House and at the Talbot Hotel. The owners of the Barn have offered to be open on that date to provide refreshments for the teams and a place for music making. The teams will be in Ledbury throughout the day and will be going home late afternoon. It will be beneficial for the visiting teams to have refreshments at the Barn and will be a most beneficial support for our visitors.

Ledbury Town Council (of which I am a Councillor) have given their support to The Barn and I am a member of Silurian Border Morris Men.

We trust that you will give assent the application. We have organised the event for several years, and the availability of The Barn to provide refreshments etc will be an added bonus to an event which is now a permanent feature of Ledbury's calendar of events.

Dear Sophie

I am writing in support of the above venue continuing the wonderful service they provide in music and arts in the town of Ledbury. As you may know there are fewer and fewer venues in this country that support live music and particularly live original music. I am an artist myself when not doing my day job, it is so hard to find venues to perform due to lack of interest and noise pollution.

Robin Oakey and Lynn Jones who run this venue provide a vital and very enjoyable service to both audiences and artists in this beautifully converted barn which lends itself to entertainment and arts. It is becoming a much loved spot for locals and has had very few complaints to date, as they are very controlled with volume, behaviour and the people who attend are of an older age bracket.

I hope this demonstrates some heartfelt reasons as to why this venue's operating should not be compromised, as we are all a thoughtful bunch who just want to enjoy music.

Dear Ms Edwards

I write in support of The Barn group and its' proprietors.

Upon my first visit to the Barn I was struck by its' sympathetic restoration, both external and internal, incorporating pleasing sculpture into the structure of the building and displaying strikingly beautiful, local art. The welcoming, informal atmosphere clearly appealed to varied members of the public, the proprietors, Lynn and Robin, were friendly and helpful, and the live music was of high quality, with sound engineer oversight. Upstairs offers a quiet, comfortable seating area on one side and a good view of the musicians on the other side. As a full time wheelchair user I was particularly pleased to find the ground floor fully accessible, spacious and with an ample disabled toilet. (I am not aware of any other music venue in Ledbury offering such facilities and few, if any, licensed premises). Upon exiting the building, the proprietors advised patrons to respect local residents by avoiding raised voices. As a local resident in the area (since 1985), an OAP, mother, ex-licensee and former university academic, I feel sure that the Barn has wide appeal to both local and tourist visitors and I very much hope it will remain as an asset to the area for years to come.

Yours sincerely,

Melanie Nash

Dear Sir

I am Terry Thomas and am currently the Parish Councillor for Llanclouy under Llangarron Parish Council.

I live one field away from the site Mr Wheeler uses for siteing his clients caravans on his property. I can say without any query I have never heard or seen any problems from the site.

I can also say I have always found Mr Wheeler to be a responsible person and would have no doubt in recommending him with regards of being issued a license.

Best Regards Terence John Thomas
