	Correction to recommendation (a)	

Meeting:	Cabinet
Meeting date:	30 January 2020
Title of report:	Building maintenance, small works and cleaning services for Herefordshire Council
Report by:	Cabinet member commissioning, procurement and assets

Please note the following correction:

The length of the new contract was extended following feedback received during development of these proposals. Dates for the contract period are correctly shown in the report as being from 1 September 2020 to 30 June 2023. References in the report to a two and a half year period are incorrect and should now be read as two years and nine months.

In particular recommendation (a) should read as follows:

Recommendation

(a) a property maintenance and cleaning service contract be procured for two years and nine months from 1 September 2020 – 30 June 2023 with provision for a one year extension.
