<b>Title</b>	Herefordshire Parking Strategy 2026 - 2041
<b>Purpose of decision</b>	<p>The purpose of this report is to seek Cabinet approval for the adoption of a new Parking Strategy for Herefordshire. This report presents the new Parking Strategy, which sets out the Council's long-term vision, principles and priorities for parking across Herefordshire. The strategy is intended to guide decision-making, investment, and operational practice for both on-street and off-street parking, ensuring that parking plays a supportive role within the wider transport network rather than operating in isolation. The strategy has been developed to align with the Local Transport Plan, the Council Plan and other relevant corporate and place-based priorities. It recognises the role parking plays in supporting town centres, tourism, freight and servicing, enabling access for disabled users and residents, and creating safe and attractive public spaces. It also reflects the increasing importance of integrating parking with sustainable travel choices, technological innovation, and efficient asset management.</p>
