

## Public questions to Council – 6 March 2015

### Question from Mr A Lee, Herefordshire

#### Question 1

#### **Top ten footpath problems**

You will have probably read items in the press regarding Herefordshire Ramblers Top Ten footpath problems in the county, and a copy of these ten issues has been provided to you.

Herefordshire Council is the statutory authority regarding public rights of way issues and, as you are cabinet member responsible, could you please explain what action you and the council propose to make to resolve these issues?

I have had a conversation with Balfour Beatty Living Places regarding this, but would value your comments and the possibility for partnership working to help resolve these issues.
