Dear Caroline,  
As before – here is the Police response to the FOI Request regarding any history of issues at the Lion at Leintwardine since 2014.  
Many thanks as always,  
Nick SEMPER

Hi Nick,

Answers to the request are detailed below as a business as usual response. Any further information required should be through a formal FOI Request,

1. None
2. Two
3. Compliants concern allegations of assault.  
One concerned a customer complaining that he had been ejected by security staff and that he had been assaulted (no injury). It was established that it was a lawful ejection with proportionate force used.  
One concerned a female saying she had been assaulted by another female (minor injury), who had then been ejected by security staff. The female 'victim' repeatedly failed to make herself available to the police to provide a statement and the matter was eventually filed undetected.

Regards

Duncan

**Subject:** FOI Request - Lionstock Festival, LEINTWARDINE

Dear Sgt REYNOLDS

I act for the Lion at Leintwardine in respect of a current submission to Vary their Premises Licence. I attended a very productive Parish Council Meeting in Leintwardine last night where the application was fully aired with local residents.

As a result of that meeting, I would like to submit an FOI request to ascertain the following information:

Lionstock is an annual event which takes place in the garden of the Lion at Leintwardine, in late Spring or early Summer.

1. Since 2014, how many complaints regarding NOISE have been received from the public concerning NOISE.
2. Since 2016, how many incidents were reported by the public regarding Lionstock.
3. Of the 2016 incidents, would it be possible to obtain an anonymised summary of what those incidents were and how they were actioned?

Any observations made by the attending officers would also be very appreciated.

Many thanks as always.

Kind regards,

Nick SEMPER
