

Appendix B

2019/2020 Admission Arrangements Consultation Outcomes

A total of 5 responses have been received:

1. An Admissions team member
2. Weobley High School headteacher
3. Aylestone High School headteacher
4. Weobley High School chair of governors
5. St Mary's, Dilwyn chair of governors

The first response advocates dropping historical catchment areas and replacing them with a "nearest school" area.

Responses 2-5 support the addition of criteria giving priority, over out of catchment pupils, to pupils attending a primary where it is hard federated to a particular high school and also attendance at a feeder primary to a particular high school.

There are currently hard federated primary schools linked to two (Aylestone & Weobley) out of the three secondary schools (plus EMC) for whom the LA is the admissions authority.
