This is monitored by acceptance by management of audit recommendations and progress updates in implementing the agreed action plans. 1. There are no alternative recommendations; it is a function of the committee to consider these matters in fulfilling its assurance role.

## **Key considerations**

2. The internal audit progress report is attached at appendix A. In the period covered by the report, nine priority 2 recommendations were made. A summary of the significant findings is provided in the report.
3. The follow up audit for the Blueschool House Refurbishment Special Investigation is not covered in detail in the progress report. An update to members on the progress made in the development, implementation and embedding of the actions to improve the control framework, after the findings highlighted in the report is a separate item on today's agenda.
4. The annual plan summary and a glossary of terms is also provided in the report.

## **Community impact**

5. The council's code of corporate governance commits the council to managing risks and performance through robust internal control and strong public financial management and to implementing good practices in transparency, reporting, and audit to deliver effective accountability. By ensuring robust management responses to identified risks, the council will be better able to meet its corporate plan priority to secure better services, quality of life and value for money.

## **Equality duty**

6. Under section 149 of the Equality Act 2010, the 'general duty' on public authorities is set out as follows:

A public authority must, in the exercise of its functions, have due regard to the need to -

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
  - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
  - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
7. The public sector equality duty (specific duty) requires us to consider how we can positively contribute to the advancement of equality and good relations, and demonstrate that we are paying 'due regard' in our decision making in the design of policies and in the delivery of services. As this is a decision on back office functions, we do not believe that it will have an impact on our equality duty.

8. None arising from the recommendations; any additional recommendations made by the committee will be considered by the relevant manager or cabinet member and the financial implications of accepting those recommendations will be considered then.

## **Legal implications**

9. None.

## **Risk management**

10. There is a risk that the level of work required to give an opinion on the council's systems of internal control is not achieved. This is mitigated by the regular active management and monitoring of progress against the agreed internal audit plan.
11. Risks identified by internal audit are mitigated by actions proposed by management in response. Progress on implementation of agreed actions is reported to this committee every six months.
