Risk Management

Risk	Original			Mitigation	Residual		
	L	I	Risk		L	I	Risk
Demographic Pressures, resulting in increased costs to the council, and will impact timely access to services	4	4	16	Pathway redesign complete; stronger front door, community brokers focussing on alternatives to formal care. External resource in place focussing on re-assessment work	4	3	12
Market Workforce Economy - current limited capacity within the social care workforce placing further pressure on capacity	5	5	25	Care Heroes campaign in place, working with providers to support their business development. Fees recently refreshed to further support providers	4	4	16
DOLS Capacity - national and local capacity issues increase the risk of the council's ability to meet statutory timescales	4	5	20	Adherence with ADASS guidance. Staff Training, additional legal support, constant re-evaluation of prioritisation. BIA training programme	3	4	12
Future of ASC Funding - uncertainty and current unsustainability regarding the future of ASC funding	3	5	15	Short term mitigations in place via MTFs, however longer term risk remains. Monitoring national consultation and engaging where possible	3	4	12
A limited shared vision on the operation implications for One Herefordshire; results in challenges in areas such as the BCF and "cost-shunting"	5	5	25	Approved BCF between CCG and the local authority. Ongoing negotiations and monitoring through the BCF partnership board and Joint Commissioning Board.	3	3	9
Market Capacity, due to numerous pressures, social care provision within Herefordshire becomes limited. This will result in delayed provision and increasing costs. This is particularly true of Nursing Care	5	5	25	Redesign of block contract beds to increase nursing capacity. Further strategic analysis work underway to review feasibility of council controlled care capacity complex/dementia care.	4	4	16
DTOC numbers will continue to increase, and bring about national scrutiny, if we are unable to improve our urgent care response including; improving the HomeFirst capacity and the responsiveness of our market	5	5	25	Significant focus on performance in this area; incl daily scrutiny. A range of pilots in the market, as well as working with providers re: annual fee uplift. Reinvigorated escalation process with WVT senior manager and AWB HoS. DTOC peer review in February	3	4	12

Risk Management updates

Risks continue to be reviewed regularly. The DTOC risk has recently been reviewed down following a sustained period of improving performance after investment in a number of supporting schemes.
