

## **Councillors' questions at Cabinet – 25 July 2019**

### **Question 1**

**Councillor Roger Phillips, Arrow Ward**

**To: cabinet member, infrastructure and transport**

The Lawton Crossroad is a significant accident black spot in north Herefordshire and Cllr Bowen and myself have been working with officers of the council, Balfour Beatty, local parish councils and communities to design a suitable measure to reduce the risk.

Can the Cabinet member give us the reassurance that the creation of this innovative roundabout solution will be undertaken in the present financial year?

### **Response**

Yes, I am pleased to confirm that this scheme is part of the 2019/20 Annual Plan.
