**To:** 'xxxxxxxxx'  
**Subject:** St Katherine's Barn, Ledbury

Dear Robin and Lynn

I have just come from a meeting with the Environmental Health Department and have evidence that the above premises are being regularly used as a bar or nightclub with alcohol sales, loud music and late night events.

I am aware that a Premises Licence was issued in April 2019.

Unfortunately you seem to have overstepped the mark considerably in your use of the building which does not have planning permission for this use. Indeed the current planning application does not cover such a use.

I must therefore ask you to cease these activities forthwith or the Council will urgently consider taking enforcement action to secure compliance.

If you wish to discuss the matter I will be in the office on Thursday morning but I wish to make it clear that the above alleged uses constitute a totally unacceptable breach of planning control.

Regards

Planning Enforcement Officer
