

STATEMENT of TRUTH – James ROGERS

I am James ROGERS and I am the Director of Claypitt Ltd trading as Redbank Events.

I am aware that there were a number of events and parties taking place in the area of Holme Lacy on the night of 27th July 2019. None of us know for certain where the noise reported by the complainant came from, whether it was Redbank, another venue or party in the area happening that night.

We have been shown no independent evidence to support the allegation. In my opinion neither do the EHO possess any evidence, as by their own admission they did not follow up the noise complaint at the time.

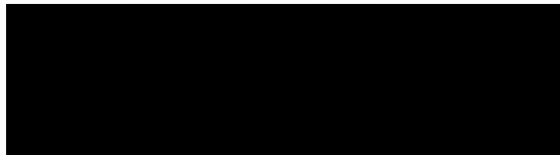

Just as importantly, we have never been made aware of any noise complaint until we made this application over a year later.

We have been shown no information or evidence from the EHO to demonstrate that firstly a noise disturbance occurred on that night, and secondly if it had been investigated or substantiated and correctly attributed to our event.

In my opinion there are a number of possibilities as to where the noise could have emanated from as we have highlighted and in the absence of that evidence any alleged noise complaint should not be attributed to Redbank. In my opinion it is unsubstantiated and unproven, and therefore should be disregarded.

This is a statement of truth dated 17th August 2020.
