Decision type

This is not an executive decision

Wards affected

(All Wards);

Purpose

To update members on the progress of internal audit work and to bring to their attention any key internal control issues arising from work recently completed. To enable the committee to monitor performance of the internal audit team against the approved plan.

To assure the committee that action is being taken on risk related issues identified by internal audit. This is monitored by acceptance by management of audit recommendations and progress updates in implementing the agreed action plans. In addition, audit recommendations not accepted by management are reviewed and progress to an appropriate recommendation to cabinet if it is considered that the course of action proposed by management presents a risk in terms of the effectiveness of or compliance with the council's control environment.

Recommendation(s)

That:

- (a) performance against the approved plan be reviewed and any areas for improvement identified; and**
- (b) consider the assurances provided and the recommendations which the report makes, commenting on its content as necessary.**

Alternative options

1. There are no alternative recommendations; it is a function of the committee to consider these matters in fulfilling its assurance role.

Key considerations

2. The internal audit progress report is attached at appendix A. In the period covered by the report, two priority 2 recommendations have been made for the 2020-21 audit plan.
3. The internal audit progress report provides an update to members on the impact to the plan of additional audits. Since the last report to the Committee in November there have been requests for four additional audits or Grant Determinations all as a result of additional funding from Government during the COVID -19 pandemic.
4. The annual plan summary and a glossary of terms is also provided in the report. The Corporate Risks are aligned to the Risk Register presented to the July 2020 Audit and Governance Meeting.
5. The internal audit progress report also provides an update on the approach to planning for 2021-22. COVID-19 has been a catalyst for change and as such, an updated approach to internal audit work and planning has had to be implemented resulting in significant changes to the current annual plan. Building on the enforced changes in 2020-21 SWAP is proposing to move to quarterly planning for 2021-22 implementing a more flexible and agile approach to audit planning which is also recognised as best practice by the internal audit profession.

Community impact

6. The council's code of corporate governance commits the council to managing risks and performance through robust internal control and strong public financial management and to implementing good practices in transparency, reporting, and audit to deliver effective accountability. By ensuring robust management responses to identified risks, the council will be better able to meet its corporate plan priority to secure better services, quality of life and value for money.

Equality duty

7. Under section 149 of the Equality Act 2010, the 'general duty' on public authorities is set out as follows:

A public authority must, in the exercise of its functions, have due regard to the need to -

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
- (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

8. The public sector equality duty (specific duty) requires us to consider how we can positively contribute to the advancement of equality and good relations and demonstrate that we are paying 'due regard' in our decision making in the design of policies and in the delivery of services. As this is a progress report, we do not believe that it will have an impact on our equality duty.

Resource implications

9. None arising from the recommendations; any additional recommendations made by the committee will be considered by the relevant manager or cabinet member and the financial implications of accepting those recommendations will be considered then.

Legal implications

10. None.

Risk management

11. There is a risk that the level of work required to give an opinion on the council's systems of internal control is not achieved. This is mitigated by the regular active management and monitoring of progress against the agreed internal audit plan.
12. Risks identified by internal audit are mitigated by actions proposed by management in response. Progress on implementation of agreed actions is reported to this committee every six months.
13. Risks identified may also inform service risk registers and if appropriate escalated according to the councils' risk framework.
