

#### Appendix 4 – Local Ward Member summary

Cllr. Shaw	<ul style="list-style-type: none"><li>• Has beneficial interest in part of Big Wood with access rights</li><li>• Regards road evidence as sufficient on it's own that it is a road maintainable at the public expense.</li><li>• Concerned about inference of road shown on Henry Prices map as public when private and public roads are depicted in same way. Uses private track beside Cop castle as comparator. Regards statement "similar to all other roads that we recognise today as public roads" misleading in this regard.</li><li>• Points out incorrect designation of arrow.</li><li>• Queries landownership details. All land is owned by one person with other individuals having access rights.</li></ul>
