

Following on from the representations I received this afternoon for tomorrow's committee zoom meeting.

Please find attached actual photos of the venue nightclub in operation.

Photo 1. The queue being managed by an SIA door person.

Photo 2. The dance floor. Showing people enjoying themselves in a clean, safe environment.

Photo 3. The bar area. Again a safe environment put shows the potential for issues due to bar size.

Photo 4/5 the outside area. Used for 16 years without issue and complaint.

Please could you list these ready for tomorrow's hearing.

Additional dialogue I will do during the zoom meeting.

Regards

Steven Harrison
