

Supplement to the agenda for

Adults and wellbeing scrutiny committee

Monday 6 September 2021

2.30 pm

Herefordshire Council Offices, Plough Lane, Hereford, HR4
OLE

8. COMMITTEE WORK PROGRAMME

The committee resolved on 29 March that a task and finish group on this topic be considered. Production of a scoping statement was delayed by covid 19 but a draft has now been produced and is set out in this supplement to the agenda papers as appendix 3 to the work programme report.

The committee is requested to review and agree the draft scoping document for the task and finish group, its membership and the appointment of a chairperson.

Adults and wellbeing scrutiny committee

Health impact of the intensive poultry industry Task and Finish group – Scoping Document

Title of review	Health impact of the intensive poultry industry
Scope	
Reason for review	To consider the potential health impacts of the intensive poultry industry.
Links to the corporate plan	The review contributes to the following ambitions contained in the Herefordshire County Plan 2020-2024: <ul style="list-style-type: none"> Strengthen communities to ensure everyone lives well and safely together
Summary of the review and terms of reference	Summary: <ul style="list-style-type: none"> To review published literature to assess the strength of existing scientific evidence, the potential health impacts identified by this evidence and where such impacts might occur; and To examine whether health data held by or available to Herefordshire Council and key health partners is sufficiently granular to allow for analysis and identification of identified potential impacts in Herefordshire. To understand what work might be taking place nationally, or is planned, to gather data and examine health impacts. To understand relevant health functions of the council and how such health powers could be utilised to address health impacts.
	Terms of Reference: <p>The review will:</p> <ul style="list-style-type: none"> Receive and consider national and regional air and water pollution statistics as it relates to intensive poultry farming. Receive available details on environmental impact of intensive poultry in Herefordshire, and consequent impact on human health. Receive and consider pathways to improvement of intensive poultry farming methods to help mitigate health hazards. Receive detail of any work that might be taking place or is planned nationally to consider risk and determine any health impacts. Receive detail of relevant health powers of the council that could be utilised to address any risk or health impacts identified. <p>Membership: (to be determined)</p>
What will NOT be included	<ul style="list-style-type: none"> Consideration of the impact of the consumption of intensively reared poultry and poultry products

	<ul style="list-style-type: none"> • Consideration of other impacts of intensive poultry units as these are outside the remit of the parent committee.
Potential outcomes	<ul style="list-style-type: none"> • An understanding of the current published evidence on the potential health impacts of the industry; and • An understanding of the ability to identify such impacts in available data for Herefordshire. • Communication with government in respect of ongoing or planned studies in respect of health impacts. • An understanding of the health functions and powers of the council in respect of the issue.
Key Questions	<p>To consider:</p> <ul style="list-style-type: none"> • What is known about the impacts of ammonia, nitrogen deposition, phosphates and particulate matter from intensive poultry on human health? • What is known about the consequent deterioration of rural health and living conditions? • What considerations of risk of avian influenza should form part of the review? • What national work is ongoing or planned? • What are the relevant health functions and powers of the council in respect of the issue?
Cabinet Member(s)	Cabinet member health and adult wellbeing
Key stakeholders / Consultees	<p>Internal –</p> <p>Public Health- Herefordshire council</p> <p>Environmental Health- Herefordshire council</p> <p>External –</p> <p>–</p>
