Partial demolition of bridge structure (carrying disused railway) over minor public road. Subsequent re-grade of embankments to slope away from highway.

Councillor H Bramer, the local Ward Member asked if consideration of the application could be deferred pending the receipt of information from the Department of Culture, Media and Sport as to whether it was prepared to accede to the request of the Parish Council for the bridge to be designated as a listed building. The Southern Divisional Planning Officer said that the bridge was not in the ownership of the Parish Council and that the Council was obliged to determine the application. The applicants had included the bridge in the application even though planning

permission was only required for the removal of the embankments. The Principal Lawyer (Planning, Environment and Transport) advised that the applicants would have the right to appeal against non determination and that if the Sub-Committee was mindful to refuse the application reasons would need to be stated.

After further discussion the Sub-Committee decided to defer consideration of the application and to authorise the officers to determine it if the bridge was not given listed status.

RESOLVED
