GUIDANCE ON DECLARING PERSONAL AND PREJUDICIAL INTERESTS AT MEETINGS

The Council's Members' Code of Conduct requires Councillors to declare against an Agenda item(s) the nature of an interest and whether the interest is personal or prejudicial. Councillors have to decide first whether or not they have a personal interest in the matter under discussion. They will then have to decide whether that personal interest is also prejudicial.

A personal interest is an interest that affects the Councillor more than most other people in the area. People in the area include those who live, work or have property in the area of the Council. Councillors will also have a personal interest if their partner, relative or a close friend, or an organisation that they or the member works for, is affected more than other people in the area. If they do have a personal interest, they must declare it but can stay and take part and vote in the meeting.

Whether an interest is prejudicial is a matter of judgement for each Councillor. What Councillors have to do is ask themselves whether a member of the public – if he or she knew all the facts – would think that the Councillor's interest was so important that their decision would be affected by it. If a Councillor has a prejudicial interest then they must declare what that interest is. A Councillor who has declared a prejudicial interest at a meeting may nevertheless be able to address that meeting, but only in circumstances where an ordinary member of the public would be also allowed to speak. In such circumstances, the Councillor concerned will have the same opportunity to address the meeting and on the same terms. However, a Councillor exercising their ability to speak in these circumstances must leave the meeting immediately after they have spoken.

The Public's Rights to Information and Attendance at Meetings

YOU HAVE A RIGHT TO:-

- Attend all Council, Cabinet, Committee and Sub-Committee meetings unless the business to be transacted would disclose 'confidential' or 'exempt' information.
- Inspect agenda and public reports at least five clear days before the date of the meeting.
- Inspect minutes of the Council and all Committees and Sub-Committees and written statements of decisions taken by the Cabinet or individual Cabinet Members for up to six years following a meeting.
- Inspect background papers used in the preparation of public reports for a
 period of up to four years from the date of the meeting. (A list of the
 background papers to a report is given at the end of each report). A
 background paper is a document on which the officer has relied in writing
 the report and which otherwise is not available to the public.
- Access to a public Register stating the names, addresses and wards of all Councillors with details of the membership of the Cabinet, of all Committees and Sub-Committees.
- Have a reasonable number of copies of agenda and reports (relating to items to be considered in public) made available to the public attending meetings of the Council, Cabinet, Committees and Sub-Committees.
- Have access to a list specifying those powers on which the Council have delegated decision making to their officers identifying the officers concerned by title.
- Copy any of the documents mentioned above to which you have a right of access, subject to a reasonable charge (20p per sheet subject to a maximum of £5.00 per agenda plus a nominal fee of £1.50, for postage). Agendas and minutes of all Council meetings are available on the Council's website at www.herefordshire.gov.uk.
- Access to this summary of your rights as members of the public to attend meetings of the Council, Cabinet, Committees and Sub-Committees and to inspect and copy documents.

Please Note:

Agenda and individual reports can be made available in large print or on tape. Please contact the officer named below in advance of the meeting who will be pleased to deal with your request.

The Council Chamber where the meeting will be held is accessible for visitors in wheelchairs, for whom toilets are also available.

A public telephone is available in the reception area.

Public Transport links

- Public transport access can be gained to Brockington via the service that runs approximately every half hour from the 'Hopper' bus station at the Tesco store in Bewell Street (next to the roundabout junction of Blueschool Street / Victoria Street / Edgar Street).
- The nearest bus stop to Brockington is located in Old Eign Hill near to its junction with Hafod Road. The return journey can be made from the same bus stop.

If you have any questions about this Agenda, how the Council works or would like more information or wish to exercise your rights to access the information described above, you may do so either by telephoning Mrs Sally Cole on 01432 260249 or by visiting in person during office hours (8.45 a.m. - 5.00 p.m. Monday - Thursday and 8.45 a.m. - 4.45 p.m. Friday) at the Council Offices, Brockington, 35 Hafod Road, Hereford.

Where possible this agenda is printed on paper made from 100% Post-Consumer waste. De-inked without bleaching and free from optical brightening agents (OBA). Awarded the Nordic Swan for low emissions during production and the Blue Angel environmental label.

Do not delay your vacation of the building by stopping or returning to collect coats or other personal belongings.

HEREFORDSHIRE COUNCIL

MINUTES of the meeting of Herefordshire Schools Forum held at Council Chamber, Brockington, 35 Hafod Road, Hereford. HR1 1SH on Tuesday 2 June 2009 at 2.00 pm

Present: Mr NPJ Griffiths (Vice Chairman)

Mr R Thomas, Mr T Edwards, Mr P Whitcombe, Ms T Kneale, Rev. D Hyett, Mr T Knapp, Mrs S Catlow-Hawkins, Mr J Docherty, Mrs S Bailey, Mrs E Christopher,

Mrs A Pritchard, Mr A Shaw, Mrs A Jackson and Mrs R Lloyd

In attendance: Councillor PD Price

1. ELECTION OF CHAIRMAN

That Mr N Griffiths be nominated and seconded for Chair for this meeting.

RESOLVED: That Mr N Griffiths be elected Chairman of the Herefordshire Schools Forum for this meeting only.

2. APPOINTMENT OF VICE-CHAIRMAN

That Mr N Griffiths be nominated and seconded for Vice- Chair.

RESOLVED: That Mr N Griffiths be appointed Vice-Chair of Herefordshire Schools Forum for the ensuing year.

3. APOLOGIES FOR ABSENCE

Apologies for absence were received from Mr M Harrisson, Mrs JS Powell and Mrs C Garlic.

4. NAMED SUBSTITUTES (IF ANY)

There were no named substitutes.

5. DECLARATIONS OF INTEREST

There were no declarations of interest.

6. MINUTES

RESOLVED: That the Minutes of the meeting held on 19 March 2009 be approved as a correct record and signed by the Chairman.

7. LATE ITEMS/ANY OTHER BUSINESS

A Member requested that a further item be added to the agenda regarding music fees. It was agreed that the item be taken at the end of the agenda (Minute No. 11 refers).

8. HARNESSING GRANT TECHNOLOGY

The Head of Improvement and Inclusion presented a report regarding the delegation of

HEREFORDSHIRE SCHOOLS FORUM

£1,224,968 Harnessing Technology Grant for 2009/10. She reminded the Forum that this matter had been considered at the Forum meeting held on the 19 March 2009 and in accordance with the decision of the Forum, the current report set out a model on how the lump sum could be distributed based on school size, paragraph 7 of the report refers. The report also advised on the standard formulae for irrecoverable VAT and the governor's capital contribution in voluntary aided schools. She emphasised that Appendix 1 to the report modelled the funding schools would receive for the base allocation, as set out in paragraph 7 of the report, giving the standards, delivery and expectations of the suggested priority areas. She advised that the original formula proposal identified that the fixed base amount of funding for high schools would reduce to the same amount as primary schools.

A member questioned why an aided school had to find 10% capital contribution plus VAT from governors as referred to in paragraph 8 of the report. The Head of Improvement and Inclusion advised that this was in accordance with national guidance but that she would feed back the member's concern on the issue to Becta.

The School Improvement Advisor informed the Forum that the notes from Becta in Appendix 1 set out how the grant should be used. He emphasised that all High schools now had a very high broadband width. He made reference to On Line Parental Access which would allow parents to check data held by a school in respect of their child and one such example being whether the child was present at the school. Primary schools would need have the On Line facility available to parents by 2012 and details were available to schools on request. He advised that the SIMS team was available to make a presentation to schools on the new facility. The Director of Children's Services informed the Forum that she would ensure that the SIMS presentation issue would be taken forward with The Herefordshire Association of Secondary Heads (HASH) and the Primary School Headteachers Association (PSHA).

The Cabinet Member for ICT, Education and Achievement asked what the consequences were if a school had not taken up the grant. The Finance Manager advised that the 200910 grant allocation must be used by August 2010 otherwise the unused grant would need to be returned to the Department of Children Schools and Families.

RESOLVED: That

- (a) the devolution of the Harnessing Technology grant as set out in paragraph 7 of the report be approved;
- (b) the standard formula for irrecoverable VAT and the governors' capital contribution in Voluntary Aided schools be adjusted as set out in the Appendix to the report be approved; and
- (c) HASH and PSHA be advised to approach SIMS regarding a presentation in respect of On Line Parental Access to reporting systems and information.

9. REVISED CONSTITUTION FOR SCHOOLS FORUM

The Head of Planning and Performance presented a report regarding proposals to revise the Constitution of the Schools Forum. He reminded the Forum that at its meeting in February 2009 it had considered an overview of ways of working for the Forum and its working groups. The intention was to provide a constitution which was clearer with regard to membership, roles of the Forum and its rules and procedures in relation to agendas and reports. The report had taken into account discussions and comments from officers, Chair and Vice-Chair of the Forum. He drew members' attention to Annex 1 which set out the main local authority funding streams relating to schools, the classes of expenditure which may be deducted from an authority's Schools Budget and the Individual School Budget. He informed the Forum that the

HEREFORDSHIRE SCHOOLS FORUM

text in paragraphs 2 and 3 of the report had been taken from the Department of Children, Schools and Families guidance on the roles, consultation, decision making powers and duties of the Forum. He emphasised that the Appendix which set out the proposed revisions to the constitution attempted to give a joint approach with regard to the relationship between schools and the local authority. The membership of the Schools Forum as referred to in paragraph 4 was also in accordance with government guidance and set out the observer status. He advised that members who are elected as Chair and Vice-Chair would extend their term of office as a member by the period of office in those roles. With regard to Managing the Business, paragraph 6.2 refers, the frequency of meetings needed to conduct scheduled Forum business were set out but did not preclude additional meetings should the need arise. It was also proposed to establish a forward plan on an annual basis which would become a standard item on Forum agenda and could be amended appropriately at the wish of the Forum. The proposed constitution also included the various working groups which were available to the Forum to provide on request advice to the Forum.

A member took the view that the proposed revision of the constitution was welcomed.

A member referred to paragraph 4.6 of the revised constitution, and expressed the view that Headteachers should only be represented by Deputy Headteachers. The Director of Children's Services suggested that Herefordshire Association of Secondary Heads and the Primary Schools Headteachers Association should debate the issue and present a view back to the Forum.

A member suggested that the constituent groups should be able to re-appoint persons for a further term of office, paragraph 4.3 refers.

A member was of the opinion that induction training should be given to new members. The member suggested that currently, it could take several meetings for a member to become accustomed to the way in which the Forum conducts its business and that subsequently their term of office could almost be at an end.

The Director of Children's Services took the suggestion of induction training for new members on board and advised that new Headteachers and other members should be given all the necessary support in their role as a member of the Forum.

The Early Years representative referred to the proposed reduction in membership from two Early Years members down to one member, and expressed the view that the one member representation would not give the Forum a wide enough representation from Early Years nursery settings and childminders.

The Chairman referred to annex 1 to the report regarding budgets and to the difficulty of the Forum being able to find continual savings currently in the sum of £400,000 per year. The Director of Children's Services informed the Forum that there would be an item on the agenda for the September meeting of the Forum explaining the core elements of the Schools Forum budget, whether they are ring fenced or not, with a view to providing members with useful information when determining budgets.

RESOLVED: That consideration of the draft revised constitution for the Forum be deferred to enable the constituent bodies who nominate members to be consulted for their views, these views to be reported back to the Forum at its July meeting.

10. SCHOOLS FORUM WORK PROGRAMME 2009/10

The Forum considered a report which proposed that a work programme be established for the Forum in the form suggested in the appendix attached to the report. It was emphasised that

HEREFORDSHIRE SCHOOLS FORUM

the programme would set out the necessary business to be considered by the Forum throughout the year and would be included as a standard item at each meeting. It would then be for the Forum to amend the programme as necessary.

The Director of Children's Services stated that the work programme had been suggested as a way of looking forward to future agenda, work and diary planning and followed the lines of similar work programmes currently in use by other groups within the authority. She referred to the July Forum meeting and suggested that two items should only be considered at that meeting. These were School Task Group report on schools finance and a Revised Constitution report.

The Finance Manager requested that an item be placed on the agenda for the September meeting regarding the underspend in Dedicated Schools Grant from 2008/09 and the rebates received from charitable rates relief for schools.

RESOLVED: That

- (a) the principle of a work programme together for the Forum together with details of issues for 2009/10 as set out in the appendix to the report be approved; and
- (b) the following issues be added to the work programme
 - (i) School Task Group Finance report 7 July 2009 meeting
 - (ii) Revised Constitution 7 July 2009 meeting
 - (iii) Budget Underspend and Rates Rebates 29 September 2009 meeting

11. SCHOOL MUSIC SERVICES

A member expressed concern at the increase in charges for the Music Service from £27 to £32 for peripatetic music lessons at a number of high schools particularly when private tutor charges being between £20 and £25 per hour. It was likely, therefore, that schools and parents would engage the private tutors instead of schools thus taking away income from the Music Service which could mean the decline of school peripatetic music lessons. The member had recently received a Service Level Agreement (SLA) which set out the increased charges.

The Head of Improvement and Inclusion informed the Forum that the Schools music service had been the subject of costings, charges and inspection feedback. The service had been operating at a loss since 2002 although the picture was distorted by Standards Fund grant and instrument purchases. The losses had been met through underspend in the past but now would be setting a recovery budget for the future. She stated that the SLA had been sent to schools prematurely and that the SLA should have been issued as part of the SLA booklet. She also stated that she would investigate the matter further.

The Director of Children's Services stated that any service has to be one that schools want and transparency was a factor. In reviewing services some of which had not been reviewed for sometime, the affordance factor also had to be taken into account.

The Head of Improvement and Inclusion informed members to base current arrangements on current funding levels and any new charges on school music SLAs would be effective from April 2010. She would email schools with the timescales in relation to those issues.

RESOLVED: That in the light of the concerns of the Forum, the Head of Improvement and Inclusion would consider the current charges for high schools peripatetic music lessons having due regard for market value for such lessons and that written

clarification on these charges be given to all schools. Also that the Music Service would take into consideration what schools want to add to the menu of activity on offer as part of its improvement and modernisation planning.

The meeting ended at 3.10 pm

CHAIRMAN

FINANCE REVIEW REPORT

REPORT BY DIRECTOR OF CHILDREN'S SERVICES

SCHOOLS FORUM 7 JULY 2009

Schools Affected

ALL

Purpose

1. To consider an independent report on Schools Funding Issues and report back to the Schools' Task Group.

Financial Implication

 All schools will be affected in time by the impact of falling rolls and reducing budgets. The report will be presented by Lynn Wright, Independent Consultant.

Background

3. Following the School Review the Task Group has been established to consider the way forward. The funding of schools needs to be carefully considered in light of falling rolls and tighter budgets as any future decision over funding formula and any possible changes to school provision will be interdependent. The task group have asked that the Forum carry out this discussion as part of their statutory function.

Issues or Risks

4. Failure to fully consider the implication of any changes to either future funding models/decisions or the pattern of school provision will inevitably mean that the impact of funding and its effective distribution is affected thus impacting on both the educational outcomes and the experience of Children and Young People in Herefordshire.

Recommendations

That the Forum:

debates the issues thoroughly and offer any formal comment or recommendation to the Schools' Task Group prior to their

planned formal consultation on the next steps in the autumn term.

Appendices

Appendix 1. PowerPoint presentation on funding streams including DSG.

Appendix 2. Finance paper by Lynn Wright, Independent Consultant

(The above will presented at the meeting to ensure an opportunity for everyone to understand and debate the key issues).

HEREFORDSHIRE SCHOOL FUNDING

- This paper is an attempt to set out in clear and understandable terms the arrangements for funding Herefordshire schools. It demonstrates the impact of maintaining the status quo as well as considering the implications for any future changes. All scenarios are hypothetical and are set out purely as an aid to the Task Group's considerations.
- 2. The Dedicated Schools Grant (DSG) from central government is paid as a ring-fenced specific grant and must be used in support of the Schools Budget as defined in the School Finance (England) Regulations 2008. It is the main source of income for the Schools Budget and can be used for no other purpose. There are specific requirements to ensure appropriate use:-
 - At notification stage the authority is required to submit a statement certified by the Chief Finance Officer that the DSG is being deployed in support of the Schools Budget.
 - ii. At outturn stage the authority is required by the Accounts and Audit (Amendment) (England) Regulations 2006 to append an additional note to the Statement of Accounts confirming the deployment of the DSG in support of the Schools Budget (Appendix 1).
 - iii. The Chief Finance Officer is also required to confirm final deployment of the DSG in support of the Schools Budget in connection with the Section 52 outturn form.
 - iv. The Secretary of State reserves the right to recover the grant if there has been any breach.
- 3. The DSG is based upon a per pupil formula and issued to all English local authorities with responsibility for education to enable and support the delivery of provision, services and statutory processes for all children and young people.
 - i. The current methodology (Spend Plus) underlying the allocation of DSG to individual local authorities is determined by central government and has been used for the years 2008-9, 2009-10 and 2010-11. A national review of the distribution formula for DSG is currently being undertaken and will be in place from 2011-12.
 - ii. The Department for Children, Schools and Families (DCSF) allocation to Directorates is calculated on the January School Census submissions from schools and nurseries. A fixed amount is identified per pupil and this is then multiplied by the totals submitted through the School Census.
 - iii. Local authorities are responsible for determining the split of the grant between central expenditure (to support appropriate and statutory central services) and the Individual Schools Budget (ISB) in conjunction with the Schools Forum which makes recommendations to a council's Cabinet on such allocations.
 - iv. The ISB is deployed directly to schools through a locally agreed formula allocation.

- 4. It is worth setting Herefordshire within the national funding context for schools and noting that national funding reflects factors such as deprivation which affect urban and rural areas in different ways. The county has one of the lowest funding levels of the nationally distributed DSG at an overall ranking of 147 out of 149. Consequently, DSG allocations for Herefordshire fall well below the average for the country. In 2008/2009 the DSG per pupil allocation in Herefordshire (not including any grants) was £3,687 whilst the national average was £4,066. Any financial planning has therefore to consider the low baseline from which the authority starts. It is not anticipated that the current revision of the funding allocation process at national level will significantly improve the position in Herefordshire, though officers and Members have been keen to highlight the issues facing a rural authority.
 - i. **Table 1** illustrates the actual DSG funding for Herefordshire up to 2008/9.

Year	Pupil Data	Amount per pupil (rounded)	% per pupil increase	DSG Total £	% cash increase
06/07	23,705	3,297		78,151,000	
07/08	23,427	3,523	6.9	82,535,000	5.6
08/09	23,101	3,687	4.7	85,162,000	2.4

(**Source**: Teachernet, Final Allocations of DSG 2008/9)

ii. **Table 2** - uses the Government's assessment as at October 2008 to project through to 2011 assuming no change in the current model of provision.

Year	Pupil Data inc the academy	Amount per pupil (rounded) £	% per pupil increase	DSG Total inc the academy £	% cash inc	DSG Total for the LA excl the academy £
09/10	22,759	3,830	3.9	87,176,000	2.4	84,291,000
10/11	22,562	4,002	4.5	90,296,000	3.6	87,411,000

(**Source:** Teachernet, Revised Indicative DSG Allocations 2008-11)

Any future revised figures from central government will separate pupil numbers, and hence finances, for the Hereford Academy, which will make direct comparisons with previous years more difficult.

- These tables evidence the impact of falling rolls upon the total amount of DSG received, but this is in part masked by the yearly increase in the amount of per pupil funding.
- The yearly increase is made in order to meet inflationary pressures.
- The actual cash increase is much lower than the per pupil increase for each period as a result of the reduced pupil numbers.
- It is evident that in relative terms overall funding is reducing as a result of a decrease in pupil numbers.

iii. **Table 3** identifies the decline in pupil numbers between 2006-7 and 2010-11 and the related reduction in overall funding through DSG:

Year	Status	Pupil Reduction	Amount per pupil £	DSG Reduction £
06/07 - 07/08	Actual	278	3,523	979,394
07/08 - 08/09	Actual	326	3,687	1,201,962
08/09 - 09/10	Actual	342	3,830	1,309,860
09/10 - 10/11	Projected	197	4,002	788,394
Average		286	3,760	1,075,360

5. It is important to recognise the full implications of the reduction of this DSG allocation. As shown Appendix 1, a proportion of the funding is legitimately spent on centrally held services and the remainder goes into schools. The funding of Individual School Budgets is through a complex formula agreed with schools known as Local Management of Schools or LMS. In 07/08 schools received an average of £2,500 per pupil on roll supplemented by additional funding for Additional Pupil-led funding (such as nursery classes), Special educational Needs, Social deprivation, Site Specific (such as playing field maintenance costs) and School Specific (such as rates, small school protection, and flat base allocations for premises and management costs).

Using 2008-9 to illustrate:

- i. Based on the Government's figures there is a loss of 342 pupils between January 2008 and 2009 and one less pupil means £3,687 less in the DSG (based on 08/09 funding rates).
- ii. For each pupil lost, a school budget will be reduced by an average of £2,500 for pupil related funding.
- iii. For each pupil lost, £1,187 will need to be found from within central services funded by DSG.
- iv. An annual reduction of 342 pupils will mean a reduction in funding of £406,000 (i.e. 342 x £1,187) which will need to be found from centrally retained services such as Pupil Referral units (£0.895m), Special Educational Needs Support Services (£1.376m), Banded Funding (£0.858m), Nursery Education Funding (£2.923m), Fees for pupils at independent special schools (£0.951m) and other central staffing budgets such as school admission and asset management.
- v. If the reductions in pupil numbers disproportionately affect primary schools, then the amount required from centrally retained budgets will be greater. Fixed costs in primary schools form a greater proportion of the budget, and therefore the pupil related funding in primary school budgets is only £2,000 per pupil leaving a shortfall of £1,687 per pupil.
- vi. It is unlikely that significant reductions can be made in some of these areas; however, because of their statutory nature. To continue to provide these statutory services it is anticipated that further reductions in per pupil funding will be required every year to make up the shortfall.

- vii. Overall pupil numbers are projected to continue to fall until 2018 at the same rate and therefore it is possible that these budget reductions will have to be found each year until 2018.
- 6. The full impact upon schools and services of falling rolls and DSG finances will also be affected by the following:
 - i Fixed costs (rates, premises costs, salaries of headteacher and secretary) may remain constant or increase in line with inflation whilst overall budgets reduce:
 - ii Maintenance of standards and improvements in achievement and attainment will require investment;
 - iii New initiatives and National Strategies will require investment;
 - iv Parental preference may impact further upon pupil numbers in settings;
 - v Staffing profiles and appointments within schools may require additional funding.
- 7. There is already an increase in the number of schools experiencing financial difficulties and operating with deficit budgets and this is set to continue. Planning is underway with these settings to ensure that schools address the budget difficulties. Even so it will clearly be increasingly challenging to maintain the current models of provision and probably untenable in the medium to longer term.
 - i. **Table 4** identifies the number of schools with deficit budgets since 2003:

Year	Primary Schools	High Schools	Special schools	Total number of schools	Total Deficit £
03-04				0	0
04-05				0	0
05-06	2			2	11,000
06-07	4	2	2	8	252,000
07-08	6	2	1	9	398,000
08-09	4	1	1	6	262,477

(Source: School Budget Team)

NB Not all the schools in this category are small schools.

- 8. In order to further identify the future funding implications for schools, the table in Appendix 2 sets out indicative school budgets according to school size and estimated average pupil population. This financial model does assume that trends will continue and includes adjustments for inflation. The figures shown include current small schools protection allowance for Primary Schools at £109.80 per pupil below 200 on roll and for High Schools at £215.35 per pupil below 655 on roll. These amounts have been fixed on the recommendation of Schools Forum for the next two financial years i.e. until end of March 2011. It is noteworthy that in the primary sector 63 schools have below 200 pupils, and in the secondary sector 6 schools fall below 650. This means that 69 schools will receive some form of protection.
- 9. The methodology for DSG allocation is set until 2011. This gives some degree of certainty in funding projections to that point. In order to demonstrate the affect of

falling school rolls on individual schools over the three year period, the table in Appendix 3 outlines indicative budgets according to cluster allocations using January 2008 pupil numbers. (It is anticipated that a model using January 2009 actual pupil numbers will be available by the end of July.) However, the allocation per pupil varies from school to school. This is because each school has an individual set of circumstances which determine the ISB allocation it receives.

- 10. Maintaining the status quo in terms of numbers of settings means that:
 - i. The total small schools protection element was £958,609 in 2008/9. Schools Forum agreed that the budget for small schools protection should be frozen at the 2006/7 cash total and this will continue for the next two financial years i.e. until the end of March 2011. If the number of schools requiring an element of protection increases, the amount per school will reduce. However, this is effectively reducing the overall amount for distribution to all schools.
 - ii. Every school receives a fixed base allocation for management and premises as shown below in **Table 5**.

	2008/9 £	2009/10 £	2011/12 £
Primary	29,292	30,083	30,714
Secondary	13,681	14,051	14,346
Special	11,876	12,196	12,453

(**Source:** School Budget Team)

iii. As agreed by Schools Forum, every school in Herefordshire, regardless of how many pupils, receives a minimum level of funding. The following simple example (**Table 6**) illustrates this by showing the minimum a school received in 2008-9, without showing pupil funding and without showing specific funding such as playing field maintenance or the current Key Stage 1 class size element:-

	Small schools protection £	Base allocation for management £	Base allocation for premises £	Minimum funding (without pupil related funding) £
Primary (60pupils)	*15,372	25,473	3,819	44,664
Secondary (500pupils)	**33,379	8.029	5,652	47,060

The figures shown include current small schools protection allowance for Primary Schools at £109.80 per pupil below 200 on roll and for High Schools at £215.35 per pupil below 655 on roll.

^{*} $(200 - 60 = 140 \times £109.80)$

^{** (655 - 500 = 155} x £215.35)

- 11. Trends in falling pupil numbers and attendant reductions in funding will require a re-evaluation of existing provision necessitating consideration of a schools reorganisation. The local authority has a duty to ensure that it achieves the most effective use of resources available in the quest to raise the achievement of all children and young people in its schools. This process could be assisted by increasing funding to directly support teaching and learning in schools by reducing levels of funding currently maintaining individual premises in various forms of protection. It is evident that any school reorganisation producing fewer schools will result in a combination of savings including fixed costs for individual premises and the small schools protection element. All remaining schools will benefit from these savings as they will stay within the ISB for redistribution via the funding formula across a smaller number of schools. This strategy has worked in other authorities and has proven to be a successful model leading to the development of enhanced provision.
- 12. Several pertinent financial considerations will emerge as a result of any school reorganisation, the most significant being possible staff redundancies and the additional cost of transport for pupils. It is possible to provide more detailed and accurate financial plans for future provision design once the Task Group is able to provide the key criteria on which to base any such exercise.

Appendix 1: Disclosure of deployment of Dedicated Schools Grant

Financial year 2006/7 Statement

Source: Herefordshire Council's Published Accounts 2006/7

The council's expenditure on schools is funded by grant monies provided by the Department for Education and Skills, the Dedicated Schools Grant (DSG). DSG is ring-fenced and can only be applied to meet expenditure properly included in the Schools Budget. The Schools Budget includes elements for a restricted range of services provided on an authority-wide basis and for the Individual Schools Budget, which is divided into a budget share for each school. Over and under spends on the two elements are required to be accounted for separately.

Details of the deployment of DSG receivable for 2006/07 are as follows:

REVISED CONSTITUTION FOR SCHOOLS FORUM

REPORT BY CHRIS BAIRD, ASSISTANT DIRECTOR PLANNING, PERFORMANCE AND DEVELOPMENT

SCHOOLS FORUM 7 JULY 2009

Schools Affected: All

Purpose

1. For consideration and decision making

Financial Implication

2. The Constitution sets out how Schools Forum will operate and how it will fulfil its remit to represent schools' views on matters relating to the Schools Budget, as well as taking decisions on specific financial areas. It is an important group influencing the use of resources to support children and young people in Herefordshire.

Background

- 3. Schools Forum of 2 February 2009 resolved that
- (i) the development steps for the revision of the terms of reference of the Schools Forum as set out in the report be approved: and
- (ii) the Chairman, Vice-Chairman and other Forum Members be circulated with the draft revised terms of reference for comment prior to being submitted to the Forum for consideration.
- 4. The attached draft Constitution has been produced as a result of these actions and is intended to improve the timeliness and quality of the work of the Forum, as well as reaffirming the purpose of the forum, the powers and duties, membership and relationships with other groups that make decisions and provide views.
- 5. At Schools Forum of 2 June 2009 members of the Forum were asked to go back to their respective groups to gather feedback on the proposed constitution.

Issues or Risks

- 6. During the preparation of the draft Constitution the following areas where highlighted as particular issues for Schools Forum to discuss:
 - The draft Constitution itself, including the suggestions for Membership and managing Forum business,

- The size of Schools Forum and the need for representation across the breadth of the schools community. Also the number of members necessary to guarantee a quorate Forum that represents the different aspects of Herefordshire,
- What representation means, how the Forum feeds back to schools, how the Forum represents all schools and settings and what this means for individual Forum members,
- The experience of Forum members in relation to financial matters and the length of term for Forum members, vice chair and chair. Also the expectation on members of the Schools Forum, including possibly presenting items,
- Feedback from Council on decisions that have been taken on issues that Schools Forum have given a view,
- Membership of Schools Forum, with a proposal that at least one schools Business Manager should be a member of the Forum.

7. The following feedback has been received:

Re. Early Years representation. The area of early years' educational provision (in the context of the Early Years Foundation Curriculum) is currently represented on the Schools Forum by two representatives of the Early Years and Extended Services (EYES) Forum covering voluntary, private, independent providers and childminders, and a representative covering nursery classes in schools. The representatives report to and from the EYES Forum. EYES forum provided the following data specifying the representatives' constituencies of providers and children served:

- ~ 41 Private providers serving 2065 children;
- ~ 74 Voluntary providers serving 2267 children
- ~ 134 Childminders serving 647 children,
- ~ 6 independent providers serving approximately 131 children,
- ~ 13 Nursery classes with places for 494 children.

The largest constituencies both in terms of providers and also children served, are within the above first three categories. EYES Forum believe that adequate representation to serve all the providers and children would not be met by reducing the current number of early years members of the Schools Forum. The EYES Forum members and providers strongly wish the current representation to be maintained.

Re. 14- 19 representation. . Currently there are two members representing 14-19. The proposal is to reduce this to 1, which is not supported by the 14-19 Strategy Manager who believes that one representative cannot represent all secondary schools, specials and PRUs as well as the four colleges and training provider association (approximately 8 organisations) and cover the breadth of the 14-19 learning offer from Diplomas, A Levels, GCSEs and Apprenticeships.

An alternative has been proposed that instead of having two 14-19 representatives one would be covered by a secondary school, and could be part of that allocation,

and the remaining 14-19 role could be converted to be a post-16 provider role. This would ensure that there would always be schools and either colleges or training providers represented.

Re. HASH representation. The group has proposed that it be responsible for setting the term of office for its representatives.

Recommendations

That Schools Forum considers the responses from the membership and agrees on any alterations to the draft Constitution before approving it and adopting it for September 2009. This includes:

- Revised agenda and forward planning which also ties into other school meetings
- Confirming membership through the different organisations, to be facilitated by Democratic Services
- Improving the quality of information received by Schools Forum, as well as the timeliness of the information.

Terms of Reference paper to Schools Forum 2 February 2009

Herefordshire Schools Forum Constitution

1. Introduction

- 1.1 The Government requires that each Local Authority (LA) maintains a Schools Forum to represent schools' views on matters relating to the total Schools' Budget. The Schools' Budget includes individual schools budgets as well as the centrally retained schools budget. In addition there are a number of funding streams which, though outside the scope of Schools Forum, are used to support and educate children and young people in Herefordshire. Annexe 1 indicates the main budgets, but there are other budgets such as the Area Based Grant, and budgets used by other agencies and partners which contribute to pupil development and support. The work of Schools Forum should be seen within this context and contribute to the overall effective use of resources in Herefordshire.
- 1.2 Herefordshire Schools Forum is an important body, that sits within the consultation and decision making bodies of Herefordshire. These are:
 - Herefordshire Council and Cabinet, which provide democratic accountability and decision making on behalf of the people of Herefordshire. The Children and Young People's Directorate carries out delegated authority and decision making on behalf of the Council. Schools Forum represents schools' views to the Council.
 - Herefordshire Partnership which sets the strategic development of partnership work across Herefordshire and is responsible for the Community Strategy and Local Area Agreement.
 - Herefordshire Children's Trust, which fulfils the national requirements to have a children's trust and contributes to the work of the Herefordshire Partnership as one of its Policy and Delivery Groups. The Children's Trust is the vehicle to develop partnership working on behalf of children and young people, and is the decision making body for the Area Based Grant allocation from the Herefordshire Partnership.
- 1.3 This document sets out the Constitution for Herefordshire Schools Forum, its role and responsibilities, membership and operating procedures. The document has taken into account previous Herefordshire Schools Forum terms of reference material, including the Constitution, as well as guidance issued by the then DfES, subsequently updated under the DCSF, including the School Finance Regulations 2008.

2. Purpose of the Forum

- 2.1 Regulations prescribe three main functions on which the Local Authority must consult the forum as follows:
 - 1. On changes to the schools funding formula
 - On the terms of contracts to be let by the Local Authority for services to schools, paid from the schools budget. (Subject to a de-minimis level)
 - 3. On issues relating to the management of the Schools Budget, including:
 - arrangements for the education of pupils with special educational needs
 - arrangements for the use of pupil referral units and the education of children otherwise than at school
 - arrangements for early years education
 - insurance arrangements
 - prospective revisions to the Local Authority's financing scheme for the financing of schools
 - administration of central government grants to schools
 - arrangements for free school meals

An overview of the powers and responsibilities of Schools Forums across the country are set out in Annexe 2. This is provided by the DCSF and was issued in January 2008, amended to include detail for Herefordshire.

2.2 The guidance states that a Local Authority may opt at their discretion to consult the Schools Forum on other schools funding matters. There is no obligation in regulations to consult the forum on Local Authority Budget issues, but the Children and Young People's Directorate (CYPD) believe it is good practice to do so.

3. Powers & Duties

- 3.1 The schools forum is an advisory body, established to represent schools views to the Local Authority. In addition, the forum has decision-making powers in specific areas, as follows:
 - Approving increases to the DCSF prescribed limits on centrally managed expenditure
 - Formula changes during multi-year funding periods (in exceptional and limited circumstances)
 - To agree the level of school specific contingency held
 - Approving minor amendments to the Minimum Funding Guarantee – in limited circumstances (eg to remove anomalies), provided no more than 50% of pupils in schools are affected.

 To agree arrangements for combining elements of the centrally managed budget with elements of other services where there are resulting benefits for schools and pupils.

The regulations permit Schools Forums to exercise the above powers only in relation to proposals put forward by a Local Authority. Forums do not have powers to initiate proposals, however, CYPD and Schools Forum should work together to look and solve funding issues collectively. This will be done through the Chair of Schools Forum and the Assistant Director Improvement and Inclusion meeting to discuss the agenda, forward plan, papers and subsequent actions.

The Schools Forum does not have the power to veto the decisions of the Local Authority. In instances where Schools Forum and the Local Authority do not agree, the Secretary of State is required to determine the outcome.

- 3.2 Government regulations require the forum to inform the governing bodies of schools of all consultations carried out. There is also a duty placed on all members of the Schools Forum to seek views from other groups and to facilitate feedback arrangements. These are important aspects of the Forum's work, to disseminate information from and to schools and governing bodies and from and to the Local Authority.
- Forum members must declare an interest where relevant, for example when discussing the letting of contracts.
- 3.5 DCSF guidance states that "while members of a Schools Forum are representatives of their specific sector or phase, they should be able to consider the needs of the whole of the educational community, rather than using their position on a Schools Forum to advance their own sectional or specific interests". This is an important, sometimes challenging point for Forum members, but is essential to Schools Forum acting as a countywide body.

4. Membership of the Forum

The following sections deal with membership composition, size, and length of term.

4.1 The Local Authority is permitted to determine the precise size and make-up of the forum, within parameters specified in Government regulations. These cover a number of areas including the minimum numbers of members; the secondary / primary split (which is required to be pro-rata to pupil numbers in each phase); and they specify the requirement to have specific non-school members. Guidance states that the membership structure should reflect most effectively the profile of the schools across the authority.

- 4.2 Elected Members and officers with specific responsibilities must not be members of a Schools Forum. However, it is best practice for elected Members to attend, to help inform there work and the same is true of Council officers, depending upon the nature of the issue at hand. The Members with observer status are as follows:
 - Cabinet Member for Children's Services
 - Cabinet Member for ICT, Educational and Achievement.
 - Children's Services Scrutiny Committee Chairman
- 4.3 Each member will have a three-year term of office (unless they become chair or vice chair). In the event that a member of the forum ceases to hold the office, the term of office ceases and another appointment must be made. The replacement will serve the remainder of the term.
- 4.4 The forum shall not be quorate if less than 40% of the total membership is present at the meeting. Members unable to attend should therefore arrange cover from nominated substitutes, appointed in compliance with the arrangements below.
- 4.5 Substitutes are to be nominated in the same way as members.

 Democratic Services should be notified of the names of all substitutes.
- 4.6 Head teachers can be represented by senior school staff including principals, deputy Head teachers, bursars or other persons responsible for financial management of the school.
- 4.7 Membership of the Schools Forum are as follows:

School Members:

- 5 Primary Schools Head teacher representatives
- 1 Primary School Governor representative
- 5 Secondary School Head teacher representatives
- 1 Secondary School Governor representative
- 1 Special School Head teacher representative
- 1 Special School Governor representative
- 1 School with a Nursery representative
- 1 PRU Management Committee representative

Non School Members:

- 2 Diocesan Representatives
- 1 Teaching Association /Trade Union representative
- 1 Early Years representative
- 1 14-19 Partnership representative
- 21 Total forum members

Election Arrangements School Members

4.8 Under DCSF regulations, school members of the forum must be nominated via a process "determined by the constituents represented by members of that group".

Note: Schools Forum members appointed prior to July 2006 under previous election regulations may continue on the forum until their term of office ends.

Primary Head teacher members

- 4.9 Five Head teacher representatives to be appointed following expressions of interest and an election procedure concluded at the appropriate primary Heads meeting to which all primary Heads in that given area are invited.
- 4.10 To ensure appropriate representation within the primary phase, the following overriding criteria are established:

At least 1 primary head member must represent community schools At least 1 primary head member must represent voluntary controlled/voluntary aided/foundation schools

There must be at least 1 member representing each of the following:

a school less that 60 a school more than 60

Recommendation:

To aid communication and ensure consistency between policy and funding issues it is recommended that at least one member should be a primary heads representative from the Primary Heads Forum.

Secondary Head teacher members

4.11 Five High School head teacher representatives (plus substitutes) must be appointed via an election procedure concluded at the Herefordshire Association of Secondary Heads (HASH) meeting to which all secondary heads are invited.

The following overriding criteria must be applied:

At least 1 secondary head members must represent community schools

At least 1 secondary head member must represent voluntary controlled/voluntary aided/foundation schools

At least 1 head must represent 11-16 schools At least 1 head must represent 11-18 schools

Head teacher of a school with a Nursery

4.12 The member should be elected by the heads of the Herefordshire maintained schools with nurseries.

Special School Head teacher members

4.13 One special school head (plus substitute) will be elected by the special schools head teachers at a meeting to which all special school head teachers are invited.

Governor Members

4.14 Three Governors (plus substitutes) must be appointed via an election procedure concluded at the Herefordshire Association of Governors (HAGs) meeting to which all governor representatives are invited (irrespective of whether they are members of HAG) as follows:

Primary Governor: Secondary Governor Special School Governor

A maximum of one member from any one governing body may sit on the forum.

The representatives must also be the chair of their school governing body finance committee or equivalent.

A Head teacher may not sit as a governor representative.

Recommendation:

The HAGs should seek to ensure an appropriate geographical and size of school representation

PRU representative

4.15 The forum member should be appointed by the Management Committee of the Pupil Referral Service.

Non School Members

- 4.16 Diocesan representation should be one from each faith, membership to be secured through SACRE.
- 4.17 Teaching associations should provide one representative to report back to the Teaching Union meeting, thereby representing all unions

- and associations. The representative should be appointed via an election procedure concluded at the Teaching Unions meeting.
- 4.18 An Early Years representative should be appointed via the Early Years Steering Group and should represent the independent and voluntary sector, rather than school nursery provision.
- 4.19 The representative from the 14-19 consortium should be appointed via an election concluded by the 14-19 consortium.

5. Election of Chair and Vice Chair of Schools Forum

- 5.1 DCSF Guidance states that the forum should "consider carefully whether a period exceeding two years is sensible". The Chair and Vice Chair must be elected from the Forum's own members. Officers and elected members cannot be chairs of the forum. It is recommended that the Chair and Vice Chair should hold these positions for a maximum of two years, as per the guidance. This extends the period of membership of Schools Forum beyond the period set out in 4.3. The Chair and Vice Chair should represent different sectors of the school community.
- 5.2 When the Chair and Vice-Chair are not present, the meeting can elect a Chair for that meeting only.

6. **Managing the Business**

6.1 The following operational timescales and procedures are required to ensure that Schools Forum operates efficiently and has sufficient information and time to consider the issues.

6.2 Frequency of Meetings

Schools Forum should meet at least six times a year including the following months:

September November January February March June

Dates should be must be set annually for the forthcoming year.

6.3 Forward Plan and Agenda Setting

A forward plan must be established and reviewed by the Forum on an annual basis, usually in February of each year. The following should be considered through the annual cycle:

February – programme of work for the following financial year June outline proposals covering the areas of work contained in section

September – details of work set out in June November – sign off of work to be consulted with all schools, in time to inform budget setting and Cabinet decision making in February

- Agenda must be agreed by the Assistant Director, Improvement and Inclusion in consultation with the Chair of Schools Forum one week after the last forum meeting. Democratic Services will provide the resource to facilitate the forum, including organising and sending out agenda and papers, minutes and action sheets.
- 6.5 A common format for all reports must be followed, using the attached template, Annexe 3.
- 6.6 Papers for Schools Forum must be circulated seven working days before the Schools Forum date. They are required to be signed off by Herefordshire Council's Head of Finance, Head of Legal Services, Head of Risk Management and the Assistant Director, Improvement and Inclusion prior to circulation.
- 6.7 Briefing meetings for the Chair must take place at least three working days before each Schools Forum meeting.
- 6.8 Minutes and an action sheet from each Schools Forum meeting must be circulated seven working days after the Schools Forum meeting as draft, and the Minutes will be formally considered and confirmed at the following Schools Forum meeting.

7. **Decision Making**

- 7.1 Schools Forum is an important body within the financial and service planning activities of Herefordshire Council, the Herefordshire Partnership and Children's Trust. As set out in section 2, Schools Forum is primarily a consultative body, with some decision making responsibilities. The Local Authority will take the views of Schools Forum into account before finalising arrangements on which the Forum has been consulted, at a Directorate Leadership Team and Lead Member, Cabinet and Council level.
- 7.2 Recommendations to the Council should normally be made through consensus. Majority voting should be used to decide any issues, with each representative casting one vote. The Chairman will have the casting vote in the event of a tie.
- 7.3 In the event of an urgent decision being required an email will be sent to all Schools Forum members fully explaining the issue on which a decision is required. Forum members will be required to submit their

response via email to the date required. No decision will formally be made until a quorate number of responses has been received by the Assistant Director, Improvement and Inclusion. This process will be administered by Democratic Services.

7.4 Schools Forum should receive feedback on the decisions made by Herefordshire Council that have taken into account Schools Forum views as part of any consultation process. The Chair of Schools Forum can invite Council Members to provide feedback at Schools Forum meetings.

8. Public Access to Meetings

8.1 Meetings of the Schools Forum are open to the public who may submit written questions provided they reach the clerk of Democratic Services at least 48 hours before the relevant meeting.

9. Working Groups

- 9.1 Herefordshire CYPD and schools should try to make use of existing working groups wherever possible, to minimise duplication and use existing expertise. In order to support and advise the work of the Schools Forum existing working groups can be approached to provide information on related activities. The Forum can also, if required, set up working groups for specific tasks. Such groups could be time-limited and would need to establish clear remits, appropriate membership and operating principles.
- 9.2 The full Schools Forum remains the decision making body for the responsibilities covered in section 2. Working groups and other groups will provide information, advice and options.
- 9.3 Current Schools Forum Working Groups:

Budget Review Working Group: This group is established as a permanent advisory sub-group of the full Schools Forum. Importantly it reports to Schools Forum, and is not itself a decision-making body.

Remit:

To provide additional support and time to consider information and data in order to inform the development of key budgetary options, recommendations and decisions relating to DSG.

Membership:

Identified members of SF including Chair and Deputy CYPD Assistant Director, Improvement and Inclusion Finance officers

Operating principles:

To assess financial information prior to presentation to Schools Forum To consider implications of any financial proposal To draft papers for submission to full Schools Forum meetings To provide considered information and advice to support the work of the full Schools Forum.

9.4 Working groups that could support the work of Schools Forum:

The following working groups have been established to develop strategy for key priority areas and to ensure effective management and implementation of delivery. The financial element of this responsibility provides information to Schools Forum and supports SF processes.

Funding for Inclusion Group: This group was established to develop a strategy for the delegation of Additional Needs funding direct to schools and settings.

Remit:

To design models for delegation of Additional Needs funding. To draft proposals for CYPD DLT, Schools Forum and Cabinet consideration.

To carry out thorough consultation.

To monitor implementation.

To monitor and review impact.

Membership:

This group has a large membership consisting of school representatives, stakeholders, CYPD officers and Finance officers.

Operating principles:

To assess information on delegated funding models

To analyse Herefordshire requirements

To analyse data on finance

To analyse range of Additional Needs and pupil numbers

To report back to all key decision making bodies

To be accountable for model implementation

To be responsible for monitoring of effectiveness.

Other such groups include:

Service Level Agreement Group Early Years and Extended Services Connexions Working Group Joint Agency Management Group Children's Trust Management and Outcome Groups Schools Forum and CYPD aim to make the most of existing groups, rather than create new ones. The above list will develop and change according to work requirements.
