

AUDIT OF THE LOCAL AREA AGREEMENT

Report By: Herefordshire Partnership Team Manager

Wards Affected

County-wide

Purpose

1. To report the outcome from the recent Audit of the Herefordshire Local Area Agreement (LAA) undertaken by Audit Commission.

Financial Implications

2. Herefordshire was awarded Single Pot status as part of its LAA negotiations. The management process for the Single Pot were considered as part of the Audit.

Background

3. The Audit Commission is undertaking high level audits of each Local Authority which holds a Local Area Agreement. A number of Local Authorities with Local Area Agreements have already been audited, and the remainder will be audited over the coming months. It is expected that Audits will be taking place on a regular basis to ensure that financial, performance management and accountability structures and procedures are in place.
4. The Audit Commission discussed the remit of the Audit with Government Office West Midlands (GOWM) to ensure that the Audit complemented and did not duplicate the 6-month Review of the Local Area Agreement. This was agreed in advance by Herefordshire Council and Government Office West Midlands.
5. The objectives of the Audit were to focus on three main areas. These are: Governance arrangements, Financial Management arrangements and Performance Management systems. Each area had a number of key, high level questions that were to be addressed.
6. The approach of the Audit was to be at a high level and not at a detailed day-to-day level. The focus of the Audit was on Herefordshire Council as the accountable body. However, it is also acknowledged that the Local Area Agreement was being undertaken in partnership with other organisations. This meant that the Auditor interviewed a number of officers from key partners, including the Commander of the Herefordshire Division of West Mercia Constabulary, the Chief Executive and Director of Performance Management at the Primary Care Trust, and a representative from the Voluntary Sector Assembly. The Auditor also interviewed officers and Councillors from Herefordshire Council including the Leader, the Chair of the Strategic Monitoring Committee, the Chief Executive, Director of Corporate & Customer Services and the Herefordshire Partnership Manager.
7. The Report concluded that good progress is being made by the Council and its partners in addressing to a greater or lesser extent all of the issues in the three

areas. The Auditor found no serious weaknesses or gaps in the arrangements being developed, and clear enthusiasm among partners to make the Local Area Agreement process work. There was an obvious commitment to continuing the good work achieved to date. There were, however a number of specific points where the Auditor felt that more work could be undertaken.

8. The recommendations in the report are:
- a. Clarify the relative roles and responsibilities for decision-making within the various executive and non-executive groupings both within the partnership as a whole, and within the individual partners' organisations.
 - b. Develop a programme of awareness raising for decision-makers in the key partner agencies around the key operational and strategic issues within each other's agency.
 - c. Further develop the partnership's approach to risk management so that risks for individual LAA outcomes, indicators and targets are identified, managed and reported on as part of the overall LAA performance management framework.
 - d. Clarify and develop the role of Council members in further developing the LAA – this might include a description of their role in the LAA refresh at the end of the first year of the agreement.
 - e. Clarify and publicise the role and purpose of the Council's overview and scrutiny function in scrutinising performance against the full range of LAA targets.
 - f. Develop a clearer approach to engaging with the public around the LAA – both in reporting performance and in developing the broader issue of partnership working.
 - g. Develop a plan for increasing the involvement of the Voluntary and Community Sector (VCS) in the LAA process – this should include:
 - Cascading information on the purpose and nature of partnership working within the County to front-line workers in the VCS.
 - Clarifying which of the specific targets within the LAA the VCS is being expected to contribute to deliver
 - Identifying any further resource implications for the VCS that may come with greater involvement in the LAA and partnership working.
 - h. Develop a formal process for increasing the amount of pooled money in the single pot. Included in this, should be consideration of the governance, performance management and accounting issues around making collective decisions on how to allocate joint resources to meet collectively agreed outcomes.
 - i. Ensure that pooled money is explicitly linked to LAA targets, and that decisions on the use of this money are made collectively and in line with a formally agreed process.

- j. Set up processes within the partnership to quantify the increases in value for money and efficiency savings made via the single pot, and to agree how to distribute such savings.
 - k. Improve the data collection processes within the partnership by the collective use of a shared electronic database.
9. Herefordshire Council offices are now working with the Herefordshire Partnership Chief Executives Group and Performance Management Group to incorporate these recommendations into the partnership action plans. Joint work is also being undertaken with the Councils Policy Team to jointly undertake similar recommendations arising from the recent Performance Management Audit.
10. The LAA 6 month review and annual refresh is now nearing completion. GOWM will be informing Herefordshire Council of the scoring in early 2007.

RECOMMENDATION
