# SMALLHOLDINGS ESTATE POLICY AND WORKING PRACTICES

**Report By: Director of Resources** 

#### **Wards Affected**

County-wide

### **Purpose**

1. The purpose of this report is to provide an update on the Council's policy on management of the smallholdings estate and invite any comments.

# **Financial Implications**

- 2. The target of £10 million capital receipts over a 10-year period from 2005 will be achieved.
- 3. Capital receipts achieved since May 2005 total £3.2 million.
- 4. The target for capital receipts has been amended for years 2008/09 and beyond to £1m per annum, net of expenditure on capital repairs.
- 5. Rental returns will be monitored to optimise the return on capital.

# **Background**

- 6. Following the meeting of Committee on 7th November 2007, the Council's policy on the management of the smallholdings estate has been reviewed and updated.
- 7. The working practices have evolved over a number of years and the Policy was previously agreed by Cabinet and Council as part of the Council's Property Strategy on 19th May 2005.
- 8. In addition, the policy is an integral part of the Council's Corporate Plan 2007-2010 and the Asset Management and Property Services Plan 2007-2010. These documents are currently being revised for the 2008-2011 period.
- 9. The smallholdings estate consists of 61 farms, 11 dairy and 50 stock/arable, amounting to approximately 5,000 acres (2023 hectares), plus 164 acres (66 hectares) of woodland.
- 10. The estate is widely spread throughout the county. A location plan and list of the holdings is given in Appendix 1.

- 11. The estate achieved an annual income of £424,000 in 2006/07, plus approximately £16,000 in respect of milk quota. Last year's expenditure was £277,000, leaving a net income of £163,000. Estimated rental income for 2007/08 is in the region of £440,000. Exceptional one-off maintenance works have increased expenditure to approximately £300,000, leaving a net income of £140,000 for 2007/08. The amendment to the receipts target, as noted above, will reduce the impact on the revenue expenditure budget in future years.
- 12. A commentary on the estate policy, management strategy and expected outcomes are shown in Appendix 2.
- 13. The updated Management Working Practices are shown in Appendix 3.
- 14. The disposals to date, plus proposed future disposals, are shown in Appendix 5.
- 15. The current policy manages the estate on the basis of structured disposals of buildings and parcels of land and re-allocation of land to retained holdings.
- 16. In addition to the current policy, there are three alternative options, which may be considered:
  - a) Disposal of the whole estate as a single investment opportunity.
  - b) Disposal of the estate as individual lots, with sitting tenants.
  - c) Disposal of the estate as holdings become vacant.
- 17. Commentary on these options and the existing policy is given in Appendix 4.
- 18. The current policy of structured disposal provides the Council with value for money by optimising the capital and revenue returns from the estate.

#### RECOMMENDATION

THAT the Committee examines the Smallholdings Estates Policy attached to this report and determines whether it has any comments or suggestions it wishes to make to Cabinet thereon.

#### **BACKGROUND PAPERS**

None.
