

PUBLIC QUESTIONS TO COUNCIL – 5 MARCH 2010

Question from Mr P McKay, Leominster, Hereford

1.1 *At the Council meeting of 5 February I was advised in reply to my question that a comprehensive review of the currently published web pages is underway with a view to expanding and improving the information readily available to the public online, which will consider the informative documents that I listed.*

When may I expect sight of the list of informative documents to be put online and when might they be expected to be online, some already being identified under the Rights of Way Improvement Plan and scheduled as high priority for 2008?
