<b>Review the Rights of Way Service performance and outcomes</b>	
<b>Recommendations</b>	<b>Response/Action</b>
<b>the list of suggested issues for scrutiny submitted by Mr McKay be forwarded to officers. Following consideration of the officer's response the Chairman and Vice-Chairman be authorised to decide whether any issue(s) should be brought to Committee for consideration as part of the Committee work programme</b>	The list submitted by Mr. McKay has been prioritised and separated between those items to be taken forward by the forum, those items already progressing and those items which due to their technical nature should remain with officers to deal with. At their meeting on the 20 <sup>th</sup> October the Forum broadly agreed with the list and felt that the LAF working group should look at it in more detail with a view to making some recommendations as to the best way of working through the list.
<b>the Parks, Countryside &amp; Leisure Officer investigate the possibility of obtaining funding from other 'partners' who benefit from the public using the rights of way network e.g. NHS, tourism;</b>	The PROW Team have applied for Leader funding for infrastructure improvement works on some parts of the network. The draft LTP 3 document also contains health and rights of way aspects and it is hoped that funding can be sourced through this route.

<p>should the Herefordshire Local Access Forum extend an invitation to Herefordshire Council to meet with the Minister and MPs to discuss PROW issues, the Executive be requested that the Chairman and Vice-Chairman be invited to represent the views of the Committee.</p>	<p>No date has been set but the Local MP, Jesse Norman is still keen to observe a Forum meeting and if possible bring along the relevant minister. It was by the Local Access Forum (LAF) that June or July next year would be a good time and the LAF Chairman will discuss dates with Jesse Norman MP.</p>
