PORTFOLIO AREA:	RESOURCES

**CLASSIFICATION: Open** 

**Wards Affected** 

County-wide.

### **Purpose**

To report the forecast financial position for both revenue and capital to 31 March 2011 and provide an update on Directorates' recovery plans instigated to address projected overspends.

### **Key Decision**

This is not a Key Decision.

#### Recommendation

#### **THAT Cabinet**

- (a) Note the report and the forecast deficit position of £2.2 million; and
- (b) Note the Chief Executive's requirement that Directors deliver recovery plans to ensure a balanced revenue budget

# **Key Points Summary**

 As of the end of December 2010 the overall revenue budget position for 2010/11 shows a projected £2.2m overspend. This is approximately 1.5% of the Council's £143m revenue budget (excluding Dedicated Schools Grant funding).

# **Alternative Options**

1 There are no alternative options.

### **Reasons for Recommendations**

- To ensure Cabinet is informed of the forecast outturn and receive assurance that officers take appropriate action is being taken to ensure a balanced outturn position is delivered.
- To demonstrate there is the appropriate use of virements to fund the revenue deficits and the reprofiling of capital funding where schemes have slipped into 2011/12.
- To ensure that Cabinet is kept informed of treasury management activities in accordance with CIPFAs recommended best practice.

### **Introduction and Background**

- 5 The Council's revenue and capital position is reported to Cabinet quarterly throughout the year. The information provides an indication of the Council's performance against budgets.
- 6 CIPFA best practice recommends Members are informed of Treasury Management activities on a regular basis and as a result Cabinet receives an update every quarter. Treasury management is a key activity for the council and given concerns about financial markets in the recent past it is important that Cabinet remains aware of performance.

### **Considerations**

- 7. Appendix A includes the detailed revenue budget monitoring report. Key areas of concern continue to be Integrated Commissioning Directorate, with a projected £3.8m overspend. Children and Young People's Directorate are starting to make inroads and the deficit has reduced by £250k.
- 8. The delivery of these agreed recovery plans is essential to mitigate the effect of the overspends rolling into 2011/12.
- 9. The Council's overall financial performance has a direct bearing on the level of reserve balance at year end, as any overspend on the revenue account would be funded from this source.
- 10. The Integrated Commissioning Directorate has an ongoing recovery plan of £2.0m to meet its overspends and, in addition, is establishing what further measures are required to balance the current year position going into 2011/12. At this stage of the year it is unlikely to make additional savings, thus the Council must now consider how the overall deficit is managed back to a balanced position.
- 11. The availability of additional government funding distributed to NHSH is being investigated and may be a source of further mitigation to close the gap. There is potentially over £800k to support Social Care, to be used in 2010/11. It is clear that the Integrated Commissioning position is a key financial risk.
- 12. The council will also use appropriate Local Public Sector Agreement (LPSA) and Area Based Grant (ABG) residual funding in 2010/11 to contribute towards financial mitigation.
- 13. There may be the opportunity to capitalise redundancy costs, if the expected cost exceeds £695k in the current year. A submission to Department of Community and Local Government is being made. There is a £500k redundancy reserve which would be expected to fund most costs; but the opportunity to capitalise would allow this reserve to contribute towards the forecast deficit or be rolled forward for future use. In 2011/12 the reserve will be £1m and this increase is built into the budget presented to Council on 4<sup>th</sup> February 2011.

14. The 2010/11 budget includes a £1m efficiency target. This will be covered by central savings and savings being delivered by Directorates.
