

Summary of Crime and Disorder in Hereford City Centre Marmaris – licensing application

1.0 Overview

This document is an assessment of crime and disorder within the area outlined in red on the map below.

Particular emphasis is placed on crime and disorder involving alcohol disorder committed after 18:00 hrs and before 04:00.

2.0 Incidents

In the 12 months between 1 January and 31 December 2010 there were a total of 1003 incidents of relevant crime or disorder¹ reported in the area outlined above, of these, 229 incidents went on to be crimed (23%). Of the 1003 incidents 636 (63%) occurred between the hours of 18:00 and 04:00, 157 of these went on to be crimed (25%).

¹ Incident types included are; Anti-social Behaviour, assaults, criminal damage, drug offences, sexual offences, public order offences, collapse/illness/injury, concern for safety, licensing, suspicious circumstances.

In 2011 there were a total of 942 incidents, 201 went on to be crimed (21%). 611 (65%) occurred between 18:00 and 04:00, 147 of these went on to be crimed (24%).

This shows that, over both years, incidents occurring overnight are slightly more likely to be crimed and thus could be deemed to be more harmful.

In 2012 there were a total of 1014 relevant incidents, 222 of which have been crimed (22%). There have been 666 overnight incidents (66%), of which 147 have been crimed (22%).

The annual totals for last year show that two thirds of incidents in this area occur between 18:00 and 04:00 but in 2012 those incidents occurring in that time bracket are as likely not *more* likely to be crimed (as in previous years).

In January 2013 there were 64 incidents, 10 of which have been crimed (16%). 41 incidents occurred overnight, 6 of which were crimed (15%).

The incident types and their relative proportions are shown in the two tables below. The first shows incidents occurring throughout the day, the second shows only those occurring between 18:00 and 04:00.

3.0 Crime

Over the period 1 January 2010 to 31 January 2013 there were 452 incidents (18:00 to 04:00) within the area under review that went on to receive an external crime number.

The table below shows the most common offence types (of which there have been four or more offences within the period). The offences in the table account for 79% to 87% of the crime committed in the area within the period and whilst the relative proportions remain largely similar there have been small increases in assault (ABH), criminal damage (to building – not dwelling), common assault, GBH (without intent), criminal damage (vehicle), possession of cannabis and cocaine and assault police officer.

The totals and percentages for January 2013 are shown for completeness.

3.1 – Additional police powers (dispersal notices)

In 2010 additional powers were introduced to allow the police to exclude persons from a specific area for up to 48hrs as a result of alcohol related disorder. These are commonly known as 'dispersal notices'.

These powers are within S27 of the Violent Crime Reduction Act 2006.

These powers are used 'dynamically' by police officers at a time when the incidents have or are occurring and do not always result in crimes or incidents being recorded.

In 2011 in total 549 notices were issued in the city centre of Hereford between the hours of 2300 and 0400hrs. 39 notices were issued in Union Street

In 2012 in total 443 notices were issued in the city centre of Hereford between the hours of 2300 and 0400hrs. 27 notices were issued in Union Street

It is right to say that the REDUCTION in notices is due to the success of the policing tactics employed at any given time.
