Dear Mr WILCOX

In furtherance of recent conversation, I have spoken at length with PCSO 6325 Leeanne MARWICK of the Hereford City Northside Safer Neighbourhood Team. She has provided me with a comprehensive written update of the parking issues at the junction of Kingsway and College Road, which for the sake of brevity I will not repeat here. However I entirely concur with her observations.

Put briefly, the Hereford Police support your intention to seek an Order to place parking restrictions which restricts Kingsway directly outside the Cooperative Stores. Whilst we defer to your final decision, we believe that parking around the junction of Kingsway onto College Road roundabout, and the Cooperative Stores side of the road from the frontage as far as the delivery access point would be the most beneficial arrangement. This simple measure would alleviate much of the congestion caused to the roundabout, College Road and Kingsway, and also make it a much safer place for pedestrians (especially children, visually impaired and the elderly) to cross the road.

My understanding is that Bob HAYNES, Traffic Management Officer for Hereford & Worcester Policing Areas, has conducted a site visit and fully supports PCSO MARWICK's suggestions. Consequently, I hope that you are able to assist in any way possible.

With kind regards as ever,

Inspector 795 Nick SEMPER.
