Subject: Taste of India Licensing review EB/PR00998
Date: 11 July 2018 15:05:33

Hello Emma,

Following the recent checks carried out at the Taste of India, 53 West Street Leominster I would like to make the following representation as ward member:

I take seriously the need to conduct business in accordance with all relevant legislation. As a result of this investigation there has been a breach resulting in the license review on grounds of crime and disorder which must be addressed, regarding the employment of persons working illegally in the UK in an establishment that sells alcohol and food.

Until now The Taste of India has never been brought to my attention by any authorities or residents regarding illegal activities, anti-social behaviour or trouble from the sale of alcohol and food from this establishment, nor have I ever received any complaints about the quality of the food or the premises itself.

I sincerely hope this is an isolated and not to be repeated incident and will be dealt with in that manner.

Thank you for the opportunity to make this representation.

Regards

Jenny
