# **Better Care Fund 2017-19 Planning Template**

Sheet: Guidance

#### Overview

This template is to be read and used in conjunction with the BCF Policy Framework document and the BCF Planning Requirements document which provides the background and further details on the planning requirements for 2017-2019.

The purpose of this template is to collect the BCF planning information for each HWB which includes confirmation of National Conditions, specific funding requirements, scheme level financial information and planning metrics for the period 2017-2019.

This template should also be aligned to the BCF narrative plan documents for the BCF schemes being planned for 2017-2019 by the HWB.

#### Note on entering information into this template

1. Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a blue background, as below:

Yellow: Data needs inputting in the cell

Blue: Pre-populated cell

- 2. All cells in this template requiring a numerical input are restricted to values between 0 and 1,000,000,000
- 3. This template captures data for two years 2017-19

#### Data needs inputting in the cell

Pre-populated cell

#### Note on viewing the sheets optimally

To more optimally view each of the sheets and in particular the drop down lists clearly on screen, please change the zoom level between 90% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the guidance tab for readability if required.

The details of each sheet within the template are outlined below.

#### Checklist (click to go to tab)

- 1. This sheet helps identify the data fields that have not been completed. All fields that appear as incomplete should be complete before submission for plan-assurance.
- 2. It is sectioned out by sheet name and contains the description of the information required, cell reference (hyperlinked) for the question and the 'checker' column which updates automatically as questions within each sheet are completed.
- 3. The checker column will appear "Red" and contain the word "No" if the information has not been completed. Clicking on the corresponding "Cell Reference" column will link to the incomplete cell for completion. Once completed the checker column will change to "Green" and contain the word "Yes"
- 4. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'.
- 5. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (below the title) will change to 'Complete Template'.
- 6. Please ensure that all boxes on the checklist tab are green before submission.

#### Summary (click to go to tab)

- 1. This sheet summarises the key planning information provided on the template to be used for review and plan-assurance.
- 2. Print guidance: By default this sheet has been set up to print across 4 pages, landscape mode and A4.

### 1. Cover (click to go to tab)

- 1. The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off.
- 2. Please enter the following information on this sheet:
- Several area assurance contact roles have been pre-populated for you to fill in, please enter the name of that contact and their email address for use in resolving any queries regarding the return;
- Please add any further area contacts that you would wish to be included in official correspondence. Please include their job title, and their email address.
- 3. Question completion tracks the number of questions that have been completed; when all the questions in each section of the template have been completed the cell will turn green. Only when all 5 cells are green should the template be sent to england.bettercaresupport@nhs.net

#### 2. HWB Funding Sources (click to go to tab)

- 1. This sheet should be used to specify all funding contributions to the Health and Wellbeing Board's Better Care Fund plan and pooled budget for 2017-19. It will be pre-populated with the minimum CCG contributions to the BCF, the DFG allocations and the iBCF allocations. These cannot be changed. The sheet also requests a number of confirmations in regard to the funding that is made available through the BCF for specific purposes.
- 2. This sheet captures the various funding sources that contribute to the total BCF pool for the Local Area. The DFG, iBCF and CCG minimum funding streams are pre-populated and do not need re-entering.

Please enter the following information on this sheet:

- Additional contributions from Local Authorities or CCGs: as applicable are to be entered on this tab on the appropriate sections highlighted in "vellow"
- Additional Local Authority contributions: Please detail any additional Local Authority funding contributions by selecting the relevant authorities within the HWB and then entering the values of the contributions. Please use the comment boxes alongside to add any specific detail around this additional contribution
- Additional CCG contributions: Please detail any additional CCG funding contributions by selecting the relevant CCGs. Please note, only contributions assigned to a CCG will be included in the 'Total Additional CCG Contribution' figure.
- Funding contributions narrative: Please enter any comments in the "Funding Contributions Narrative" field to offer any information that could be useful to further clarify or elaborate on the funding sources allocations entered including any assumptions that may have been made.
- Specific funding requirements: This section requests confirmation on the specific funding requirements for 2017-19. Please refer to the BCF Policy Framework and BCF Planning Requirements documents for further details. These are mandatory conditions and will need to be confirmed through the planning assurance process. Please select "Yes" where the funding requirement can be confirmed as having been met, or "No" to indicate that the requirement is unconfirmed. Where "No" is selected as the status, please provide further detail in the comments box alongside to indicate the actions being taken or considered towards confirming the requirement.

## 3. HWB Expenditure Plan (click to go to tab)

This sheet should be used to set out the schemes that constitute the BCF plan for the HWB including the planned expenditure and the attributes to describe the scheme. This information is then aggregated and utilised to analyse the BCF plans nationally and sets the basis for future reporting and to demonstrate how the national policy framework is being achieved.

The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing. There may be scenarios when several lines need to be completed in order to fully describe a single scheme. In this case please use a consistent scheme ID for each line to ensure integrity of aggregating and analysing schemes.

On this tab please enter the following information:

- 1. Scheme ID:
- This field only permits numbers. Please enter a number to represent the Scheme ID for the scheme being entered. Please enter the same Scheme ID in this column for any schemes that are described across multiple lines.
- Scheme Name
- This is a free field. Please use the scheme name consistently if the scheme is described across multiple lines in line with the scheme ID described above
- 3. Scheme Type and Sub Type:
- Please select the Scheme Type from the drop down list that best represents the type of scheme being planned. A description of each scheme is available at the end of the table (follow the link to the description section at the top of the main expenditure table).
- Where the Scheme Types has turther options to choose from, the Sub Type column alongside will be editable and turn "yellow". Please select the Sub Type from the drop down list that best describes the scheme being planned.
- Please note that the drop down list has a scroll bar to scroll through the list and all the options may not appear in one view.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- 4. Area of Spend:
- Please select the area of spend from the drop down list by considering the area of the health and social system which is most supported by investing in the scheme.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- 5. Commissioner:
- Identify the commissioning entity for the scheme based on who commissions the scheme to the provider. If there is a single commissioner please select the option from the drop down list.
- If the scheme is commissioned jointly, please select 'Joint'. Please estimate the proportion of the scheme being commissioned by the local authority and CCG/NHS and enter the respective percentages on the two columns alongside.
- 6. Provider:
- Please select the 'Provider' commissioned to provide the scheme from the drop down list.
- If the scheme is being provided by multiple providers, please split the scheme across multiple lines.
- 7. Source of Funding:
- Based on the funding sources for the BCF pool for the HWB, please select the source of funding for the scheme from the drop down list.
- If the scheme is funding across multiple sources of funding, please split the scheme across multiple lines.
- 8. Scheme Duration:
- Please select the timeframe for which the scheme is planned for from the drop down list: whether 2017-18, 2018-19 or Both Years.
- 9. Expenditure (£) 2017-19:
- Please enter the planned spend for the scheme (Based on the duration of the scheme, please enter this information for 2017-18, 2018-19 or both)

This is the only detailed information on BCF schemes being collected centrally for 2017-19 but it is expected that detailed plans and narrative plans will continue to be developed locally and this information will be consistent across them.

#### 4. HWB Metrics (click to go to tab)

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2017-19. The BCF requires plans to be set for 4 nationally defined metrics.

This should build on planned and actual performance on these metrics in 2016-17.

- 1. Non-Elective Admissions (NEA) metric planning:
- The NEA plan totals are pre-populated with activity data from CCG Operating Plan submissions for all contributing CCGs, which has then been mapped to the HWB footprint to provide a default HWB level NEA activity plan for 2017-19. This is to align with the wider CCG Ops planning for this metric
- If the BCF schemes are aiming for additional NEA reductions which are not already built into the CCG Operating Plan numbers for NEAs, please select "Yes" to the question "Are you planning on additional quarterly reductions". This will make the cells in the table below editable. Please enter the additional quarterly planned NEA reductions for 2017-19 in these cells.
- Where an additional reduction in NEA activity is planned for through the BCF schemes, an option is provided to set out an associated NEA performance related contingency reserve arrangement (this is described in the Planning Requirements document). When opting to include this arrangement, please select "Yes" on the NEA cost question. This will enable any adjustments to be made to the NEA cost assumptions (just below) which are used to calculate the contingency reserve fund. Please add a reason for any adjustments made to the cost of NEA
- Further information on planning further reductions in Non-Elective Activity and associated contingency reserve arrangements is set out within the BCF Planning Requirements document.
- 2. Residential Admissions (RES) planning:
- This section requires inputting the information for the numerator of the measure.
- Please enter the planned number of council-supported older people (aged 65 and over) whose long-term support needs will be met by a change of setting to residential and nursing care during the year (excluding transfers between residential and nursing care) for the Residential Admissions numerator measure.
- The prepopulated denominator of the measure is the size of the older people population in the area (aged 65 and over) taken from ONS 2014 based subnational population projections.
- The annual rate is then calculated and populated based on the entered information.
- · Please add a commentary in the column alongside to provide any useful information in relation to how you have agreed this figure.
- 3. Reablement (REA) planning:
- This section requires inputting the information for the numerator and denominator of the measure.
- Please enter the planned denominator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (or from hospital to a residential or nursing care home or extra care housing for rehabilitation, with a clear intention that they will move on/back to their own home).
- Please then enter the planned numerator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (from within the denominator) that will still be at home 91 days after discharge.
- The annual proportion (%) Reablement measure will then be calculated and populated based on this information.
- · Please add a commentary in the column alongside to provide any useful information in relation to how you have agreed this figure.
- 4. Delayed Transfers of Care (DToC) planning:
- Please refer to the BCF Planning Requirements 17/19 when completing this section.
- This section captures the planned Delayed Transfers Of Care (delayed days) metric for 2017/19
- Please input the delayed days figure for each quarter.
- The total delayed days and the quarterly rate is then calculated based on this entered information
- The denominator figure in row 95 is pre-populated (population aged 18+, 2014 based SNPP). This figure is utilised to calculate the quarterly rate
- Please add a commentary in the column alongside to provide any supporting or explanatory information in relation to how this metric has been planned.

#### 5. National Conditions (click to go to tab)

This sheet requires the Health & Wellbeing Board to confirm whether the national conditions detailed in the Better Care Fund Planning Guidance are on track to be met through the delivery of your plan in 2017-19. Please refer to the BCF Policy Framework and BCF Planning Requirements docments for 2017-19 where the BCF national conditions are set out in full. Please answer as at the time of completion.

On this tab please enter the following information:

1. Confirmation status for 2017/18 and 2018/19:

For each national condition please use the 2017/18 column to select 'Yes' or 'No' to indicate whether there is a clear plan set out to meet the condition for 2017/18 and again for 2018/19. Selecting 'Yes' confirms meeting the National Condition for the Health and Well Being board as per the BCF Policy Framework and Planning Requirements for 17/19

2. Where the confirmation selected is 'No', please use the comments box alongside to indicate when it is expected that the condition will be met / agreed if it is not being currently. Please detail in the comments box issues and/or actions that are being taken to meet the condition, when it is expected that the condition will be met and any other supporting information.

#### CCG - HWB Mapping (click to go to tab)

The final tab provides details of the CCG to HWB mapping used to calculate contributions to Health and Wellbeing Board level non-elective activity plans.

# 4.4 Delayed Transfers of Care

(0	Delayed Transfers of Care delayed days) from hospital er 100,000 population	Quarterly rate	Q1 17/18	Q2 17/18	Q3 17/18	Q4 17/18	Q1 18/19	Q2 18/19	Q3 18/19	Q4 18/19
(8	aged 18+)		1,113	821	664	649	792	800	800	783

5. National Conditions		
National Conditions For The BCF 2017-19	Does your BCF plan for 2017/18 set out a clear plan to meet this condition?	Does your BCF plan for 2018/19 set out a clear plan to meet this condition?
1) Plans to be jointly agreed	Yes	Yes
NHS contribution to adult social care is maintained in line with inflation	Yes	Yes
Agreement to invest in NHS commissioned out of hospital services	Yes	Yes
Managing transfers of care	Yes	Yes

#### **Footnotes**

\* Summary of BCF Expenditure is the sum of the self-reported HWB amounts allocated to the 7 different 'areas of spend' that have been provided by HWBs in their plans (from the 4. HWB Expenditure Plan tab), where:

Area of Spend = Acute, Mental Health, Community Health, Continuing Care, Primary Care, Social Care & Other

\*\* Summary of NHS Commissioned out of hospital services spend from MINIMUM BCF Pool is the sum of the amounts allocated to the 6 individual out of hospital 'areas of spend' that have been provided in tab 4. HWB Expenditure Plan, where;

Area of Spend = Mental Health, Community Health, Continuing Care, Primary Care, Social Care & Other (everything other than Acute)

Commissioner = CCG, NHS England or Joint (if joint we use the NHS% of the value)

Source of Funding = CCG Minimum Contribution

\*\*\*Summary of BCF Expenditure from Minimum CCG contribution is the sum of the self-reported HWB amounts allocated to the 7 different 'areas of spend' form the minimum CCG contribution that have been provided by HWBs in their plans (from the 4. HWB Expenditure Plan tab), where:

Area of Spend = Acute, Mental Health, Community Health, Continuing Care, Primary Care, Social Care & Other Source of Funding = CCG Minimum Contribution

Funding Contributions Narrative		

Specific funding requirements for 2017-19	Response	Response	If the selected response for either year is 'No', please detail in the comments box
1. Is there agreement about the use of the Disabled Facilities Grant and are arrangements in place for the transfer of DFG funds to the local housing authority?	Yes	Yes	
2. In areas with two tiers of local government:			
i) Are there plans to pass down the full amount of Disabled Facilities Grant from the county to each of the district authorities?			
ii) If a portion of the DFG funding has been retained by the county, have the relevant district councils agreed to this approach? If applicable, please detail in the comments box how the retained portion of DFG will be spent to support integrated approaches to health, social care and housing.			
3. Is there agreement that at least the local proportion of the £138m for the implementation of the new Care Act duties has been identified?	Yes	Yes	
4. Is there agreement on the amount of funding that will be dedicated to carer-specific support from within the BCF pool?	Yes	Yes	
5. Is there agreement on how funding for reablement included within the CCG contribution to the fund is being used?	Yes	Yes	
6. Is the iBCF grant included in the pooled BCF fund?	Yes	Yes

Scheme Type

1. Assistive Technologies Sub type Description Using technology in care processes to supportive self-management, maintenance of independence and more efficient and effective delivery of care. (eg. Telecare, Wellness services, Digital participation services). Wellness services Digital participation services A service to help people find their way to appropriate services and support and thus also support self-management. Also, the assistance offered to people in navigating through the complex health and social care systems (across primary care, communit and voluntary services and social care) to overcome barriers in accessing the most appropriate care and support. This is often as part of a multi-agency team which can be on line or use face to face care navigators for frail elderly, or dementia navigators etc. . This includes approaches like Single Point of Access (SPoA) and linking people to community assets. 2. Care navigation / coordination . Care coordination 3. Carers services Supporting people to sustain their role as carers and reduce the likelihood of crisis. Advice, advocacy, information, assessment Carer advice and suppor 4. DFG - Adaptations The DFG is a means-tested capital grant to help meet the costs of adapting a property; supporting people to stay independent heir own homes. 5. DFG - Other Housing This covers expenditure on housing and housing-related services other than adaptations; eg: supported housing units. A range of services that aim to help people live in their own homes through the provision of domiciliary care including pen care, domestic tasks, shopping, home maintenance and social activities. Home care can link with other services in the community, such as supported housing, community health services and voluntary sector services. Schemes that build and develop the enabling foundations of health and social care integration encompassing a wide range of potential areas including technology, workforce, market development (Voluntary Sector Business Development: Funding the business development and preparedness of local voluntary sector into provider Alliances/ Collaboratives) and programme management related schemes. Joint commissioning infrastructure includes any personnel or teams that enable joint 7. Enablers for integration Programme management Research and evaluation Workforce development Community asset mapping New governance arrangements
 Voluntary Sector Business Developr
 Employment services
 Joint commissioning infrastructure Improve the availability and quality of primary and community health services delivered to care home residents. Support the Care Home workers to improve the delivery of non-essential healthcare skills. This includes provider led interventions in care Other - Mental health / wellbeing
 Other - Physical health / wellbeing 8. Healthcare services to Care Homes nes and commissioning activities eg. joint commissioning/quality assurance for residential and nursing homes. 9. High Impact Change Model for Managing Transfer of Care The 8 changes or approaches identified as having a high impact on supporting timely and effective discharge through joint working across the social and health system. Early Discharge Planning
Systems to Monitor Patient Flow
Multi-Disciplinary/Multi-Agency Discharge eams
. Home First/Discharge to Access . Seven-Day Services . Trusted Assessors Focus on Choice Enhancing Health in Care Homes
Other A co-ordinated, person centred and proactive case management approach to conduct joint assessments of care needs and develop integrated care plans typically carried out by professionals as part of a multi-disciplinary, multi-agency teams. For Multi-Disciplinary Discharge Teams and the HICM for managing discharges, please select HICM as scheme type and the relevant sub-type. Where the planned unit of care delivery and funding is in the form of Integrated care packages and needs to be appropriate in sub-type and prospile. 10. Integrated care planning Integrated care packages
 Review teams (reviewing) cements/packages) pressed in such a manner, please select the appropriate sub-type alongside. 4. Other Short-term intervention to preserve the independence of people who might otherwise face unnecessarily prolonged hospital 11 Intermediate care services Sten down short-term intervention to preserve the independence of people who might otherwise lake unnecessarily priorities indepint stays or avoidable admission to hospital or residential care. The care is person-centred and delivered by a combination of professional groups. Services could include Step up/down, Reablement (restorative of self-care), Rapid response or crisis response including that for falls. . Step down . Step up . Rapid/Crisis Response . Reablement/Rehabilitation services . Other Schemes specifically designed to ensure that a person can continue to live at home through the provision of health related support at home. This could include promoting self-management/expert patient, establishment of 'home ward' for intensive period or to deliver support over the longer term and end of life care for people. Intermediate care services provide shorter term support and care interventions as opposed to the ongoing support provided in the Personalised Healthcare at Home scheme . Other - Physical health/wellb Other Services or schemes where the population or identified high-risk groups are empowered and activated to live well in the holi sense thereby helping prevent people from entering the care system in the first place. These are essentially upstream preve initiatives to promote independence and well being. Social Prescribing
 Other - Mental health /wellbeing
 Other - Physical health/wellbeing 13. Primary prevention / Early Intervention 14. Residential placements Residential placements provide accommodation for people with learning or physical disabilities, mental health difficulties or sight or hearing loss, who need more intensive or specialised support than can be provided at home. . Supported living . Learning disability . Extra care Care home . Nursing home 15. Wellbeing centres Wellbeing centres provide a space to offer a range of support and activities that promote holistic wellbeing or to help people to access them elsewhere in the community or local area. They can typically be commissioned jointly and provided by the third Where the scheme is not adequately represented by the above scheme types, please outline the objectives and services planned for the scheme in a short description in the comments column.
