Step F	Conclusions	<p>The proposed restrictions would have a positive impact, managing parking in residential areas, and would result in improved safety and accessibility for pedestrians.</p> <p>Following representations from residents it is intended to retain the permit holder only parking restriction in Canonmoor Street, which does not have a Blue Badge exemption. There will be an extended restriction period which will reduce the availability of parking for Blue Badge holders without resident or visitor permits. The impact has however considered minimal with the availability of alternative parking in Shinwell Road and short stay (3 hour parking on no waiting/ no waiting at any time restrictions in the locality.</p>
