Subject: Message to HAND from the Licensing Authority

Hi Debbie
Can you circulate this to all HAND groups?
Thanks
Fred

Hi to all
It has come to the attention of the Licensing Authority that there are some premises that are not complying with the conditions of their licence.
Following a police investigation which required them visiting a number of premises to view the CCTV, it was found that many of the premises did not have the 31 days CCTV required under the licence and also no one was available to operate the CCTV.
In all cases the police investigation was hindered by the CCTV not being available.
Both the police and Licensing Authority view this as an extremely serious breach of the licence. Such breaches may result in your licence being reviewed or more formal action being taken against you by way of prosecution.
To make it clear where you fail to comply with a condition attached to your licence, your licence ceases to have effect and any licensable activity you carry on at the premises is unauthorised. This is an offence under the act and carries a maximum of 6 months imprisonment and/or an unlimited fine.
Can you therefore check the terms of your licence and ensure compliance.
Best wishes
Fred Spriggs
