

MEMORANDUM

To : **LICENSING ASSISTANT**

From : **CLLR Jenny BARTLETT, LEOMINSTER EAST**

Tel : My Ref :

Date : **30th January 2019** Your Ref :

LICENSING ACT 2003
APPLICATION FOR A REVIEW OF A PREMISE LICENCE
THE DUCKER

Having assessed the above application, I would like to make the following representation:

Representation	Industry Guidance
<p>PREVENTION OF CRIME & DISORDER</p> <p>Working CCTV is a mandatory condition and underpins all four licencing objectives. Three breaches of this requirement is very serious. There is reference to a damaged camera which failed to record an incident as well.</p> <p>This has undermined all the good work that Sian Dale Roooke - Jenkins did when she took over the premises. Building good will with the neighbouring residents and stopping the worst of the late night noise and music that had been a regular nuisance under previous ownership. This includes reducing the hours of operation and open door policy after consultation with the local residents.</p> <p>The replacement of the CCTV with a new system is welcomed, but this is negated by not making sure she and her staff had been trained to use it.</p> <p>There is also reference to her having been drinking on the night of 2nd January but does not clarify if this was whilst at The Duckers and whilst acting as the Designated Premise Supervisor for that night.</p> <p>Given the hard work to integrate this pub into the community I would like to see an outcome that does not destroy the good will built up with the present licence holder.</p> <p>These breaches must be redressed and not happen again. If the new CCTV system in place is working properly then the problem is the lack of training for the licence holder and staff has not been addressed. If training is undertaken and checked as other training is, then could the licence holder stay in place and continue to keep the pub on good terms with the neighbouring residents as it is now?</p>
