<p>Unallocated cross-cutting review suggestions</p> <p>Support for voluntary sector</p>		<p>View expressed that this might be worth progressing given reference in corporate peer challenge.</p>	<p>Peer challenge extract</p> <p>The Council has a stated intent to build community resilience but needs to further articulate what this means and how it will be supported in a strategic and coordinated way. The relationships with parish and town councils will have an important role to play. Alongside this, the Council should consider other options for connecting and assisting residents and communities to support each other, including the role of ward councillors, digital technology and the voluntary and community sector. We recognise that different areas of Herefordshire will not suit a 'one size fits all' approach;</p>

			<p>nevertheless, the Council's engagement and resilience activity needs to be part of a coherent framework that is developed and delivered in partnership with others.</p> <p>Proposal</p> <p>Consider in light of response to peer challenge.</p>
TBC	<p>From GSC 18 July</p> <p>A high level members briefing seminar for all members on understanding the process of delivering a new road scheme be provided, from which councillors can disseminate that understanding to members of the public and the information be placed on the council website;</p> <p>(d) detailed proposals on the active travel measures come back to the committee for their own scrutiny once a decision on a preferred route has been taken, with identification of those active travel measures that can go ahead regardless of delivery of the by-pass at the appropriate time;</p>		

	(e) detailed proposals on the biodiversity measures come back to this committee for their own scrutiny once a decision on a preferred route has been taken with a detailed design at an appropriate time; and (f) a range of discretionary powers to compensate households impacted by the proposed route are considered and options are presented back to this committee at the appropriate time.
