Talk Community Hubs – the ambition

To develop and establish a network of Talk Community Hubs across Herefordshire, delivered by the community for the community:

- 20 Hubs by end March 2020
- 50 Hubs in total by end of 2021

Dedicated support from the Talk Community Hubs project team

How does a Talk Community Hub work?

- Each hub will be unique, reflecting its local community
- Run by staff and/or volunteers from within the community:
 - ✓ Providing access to information, advice and signposting relevant to the local community, providing local solutions
 - ✓ Developing activities and events to meet needs of the community, connecting people together and supporting them to be more active
 - ✓ Encouraging co-location of new and existing activities/services

Talk Community Hubs – Approach

- Identification based on intelligence / need and local energy
- Build on success and add value to what's already there and working well in communities
- Flexible in approach, develop the Hub in a way that works best for you and your community

Talk Community Hubs – the ‘Offer’

- Support from the Talk Community Hubs Team
- Training – some mandatory plus additional optional offers
- A digital device to support information, advice and signposting in the community
- Seed funding to support development of each Hub (up to £2k)
- Access to advice on funding and financial sustainability
- Support with promoting Hubs
- Brokering connections / enabling access to other services to support Hub development

Talk Community Hubs – the ‘Ask’ of the community

- Passionate about making a difference
- Understand the needs of your community and local area
- Volunteers with time and a regular presence
- Commitment to operate a Hub to agreed terms e.g. opening times, undertake training, open to all, reporting on progress
- Open to sharing learning, best practice and peer support

Talk Community Hubs - working with parish councils

- Input and information from January 2019 summit helped shape the approach
- Follow up conversations with interested parish councils – a number now identified as early implementers
- Talk Community Hubs team now in place to support further interest from communities

Talk Community Hubs – Next steps

Interested?

- Contact us: talkcommunityhubs@herefordshire.gov.uk
- We will work with you to help scope and develop a Talk Community Hub that works for you and your community.

Core Strategy review and Neighbourhood Planning update – Kevin Singleton and Samantha Banks

Strategic Planning Manager and Neighbourhood
Planning Service Manager, Economy and Place

Core Strategy review

Why review?

- Commitment in the Core Strategy for a review to start in 2019.
- Requirement in NPPF for 5 year cycle of review of Local Plans.
- Requirement in NPPF to review housing requirement at least every 5 years

What can be considered when determining which policies/proposals should be updated?

These can include:

- conformity with national planning policy;
- changes to local circumstances - such as a change in Local

Housing Need;

- Housing Delivery/5 year supply position;
- whether issues have arisen that impact on the deliverability of key sites; and
- whether any new social, environmental or economic priorities may have arisen.

What is required when reviewing the plan?

- The review must follow the plan-making procedure including consultation, publication, and examination by the Planning Inspectorate on behalf of the Secretary of State.
- It may not be necessary to revise the entire plan and there may be policies do not need updating.
- The greater the level of change proposed/required the longer the process is likely to take.

Local Plan process

- Issues & Options
 - Draft Plan and/or Preferred Options
 - Pre-submission plan
 - Examination in Public
 - Modifications
 - Adoption
-
- Existing Core Strategy will remain as the statutory development plan until the new plan is adopted.
 - May be possible to start to give some weight to emerging policies from draft plan stage but this will depend on level of objection.

Local Plan Process

- Development of a comprehensive evidence base to justify the policies/proposals of the new plan.
- Engagement & consultation – undertaken at key stages of the plan making process, at least four stages of consultation prior to adoption.
- Sustainability Appraisal and Habitats Regulations Assessment.

Lessons learnt and key issues

Key issues arising

- 5 year land supply / major Core Strategy review
- 'out of date' NDPs after 2 years
- Appetite to review
- More involved plans
- More scrutiny from developers

Key lessons so far for LPA

- Breakdown traditional views and roles
- Provide early support
- Engage service providers
- Continuous engagement with parishes
- Discuss 'basic conditions' issues early
- Encourage external support where needed

Review of NDPs

Monitoring of Made NDPs

- Ensure Parish Council comments on planning applications
- Review effectiveness of policies
- Changes to spatial strategy
- Changes to government policy

Review options

Minor

- No consultation
- No examination
- No referendum

Substantial

- Reg16
- Examination
- Made within 5 weeks of report

Substantial

(Change in the nature of the plan)

- Reg16
- Examination
- Referendum
- Made

Material weight of made plans

Full weight if:

- Under 2 years
- Contains site allocations
- At least three year land supply

The reviewed Core Strategy will gain material weight following draft plan consultation

Corporate Plan and Herefordshire Council budget – Councillor Liz Harvey

Cabinet Member - Finance and Corporate Services

Corporate plan 2020-24 – be part of our plan

- The council's corporate plan sets out our key ambitions and priorities for the next 4 years
- Provides the overarching policy framework which shapes and guides all our strategies, plans and investments
- A new corporate plan is needed now, and we want to involve parishes as early as possible in the planning process
- **Tonight** we are sharing our first draft high level “1 pager” for your comment
- A further draft will be tested with the public and key stakeholders across Herefordshire to ensure the aims, ambitions and key areas of focus are right before consulting more widely with the public

Budget priorities – what’s important to you?

- 2020-21 Budget will deliver the first year of the Corporate Plan. We consult using a ‘till receipt’ to show where the money goes.
- We are also extending the timeframe of our Medium Term Financial Strategy (MTFS) to match the timeframe of our Corporate Plan, so we can plan properly to invest and to deliver.
- We want to do more to involve parishes in our planning processes
- **Tonight** we want your views about how we can achieve more - together – both in and for your parish communities:
 - How can we work together better?
 - What can we do to help parishes do more in the community?
 - Where can we share the cost of service delivery?
 - When do you want us to involve you more?
 - What does your community need support to achieve?
 - Where should we invest to build resilience and sustainability?
