Use our heritage, culture and natural beauty to increase tourism	52	0

<b>Environment - Protect and enhance our environment and keep Herefordshire a great place to live</b>		
	<b>Strongly Agree</b>	<b>Strongly Disagree</b>
Understand our carbon footprint and act to reduce it	39	1
Lead our transition to a low carbon economy	27	5
Improve and extend travel options throughout the county	56	2
Ensure the best use of the county's natural resources	26	0
Reduce waste and increase reuse and recycling	42	0
Uphold environmental standards for soil, air and water	36	1
Address the climate emergency and encourage behaviour change of residents and businesses	41	7

**Across the three priorities the sub-priorities were more people strongly agreed were:**

- Improve and extend travel options throughout the county (Environment)
- Develop environmentally sound infrastructure that attracts investment to our county (Economy)
- Use our heritage, culture and natural beauty to increase tourism (Economy)
- Encourage younger people to build their lives here (Economy)
- Ensure all children are healthy, safe and inspired to achieve (Communities)
- Invest in education and the skills needed by employers (Economy)

**Noted points:**

- There was strong support overall for environment
- There was concern about the impact Herefordshire Council could and should have on some of these priorities i.e. if its purpose is to provide services. Particular examples of this were being able to create more jobs, addressing the climate emergency and about raising wage levels in Herefordshire
- There should be a role to lobby Central Government, particularly around policy and funding
- There was strong agreement around supporting and encouraging young people to stay and achieve
- There was support for the university opening in Herefordshire
- There were suggestions that services are located in the centre so housing should be located in the centre.
- Parish Council's wanted to be involved more
- Localism of services
