1 Scope of Financial Procedure Rules

The purpose of the finance procedure rules is to ensure that:

- Directors, Assistant Director and Heads of Service remain within their budget and only spend what they have in their budget;
- Directors, Assistant Director and Heads of Service maintain adequate commitment records;
- Directors, Assistant Director and Heads of Service monitor their budgets;
- Where there are any problems with overspend or failure to perform, these problems are reported at the earliest opportunity;
- Directors, Assistant Director and Heads of Service should have effective reporting arrangements from their budget holders;

2 Approval of Chief Finance Officer or Nominated Officer

Where matters are to be considered by the Management Board that in any way affect the finances of the Council or that require the supply of financial information by the Chief Finance Officer or nominated officer, the Chief Finance Officer or nominated officer must be notified by the Director or Head of Service / Assistant Director (or equivalent) concerned, in sufficient time, to enable the Chief Finance Officer or nominated officer to report.

The Legal Framework

3 Current Regulations

The Statutes and Statutory Instruments and Regulations which currently affect these rules are as follows:

1. The Accounts and Audit Regulations 2015 – Regulation 5 requires the accounting system, the form of its accounts and supporting accounting records to be determined by the responsible Financial Officer who shall ensure that the accounting systems determined by them are observed and that the accounts and supporting records of the body are maintained in accordance with proper practices and kept up to date.

4 Review of the Systems of Internal Control – Regulation 4

Regulation 4 of the Accounts and Audit Regulations 2015 requires the Council to carry out a review of the effectiveness of the system of internal control. The results of this review, contained in the Annual Governance Statement, are considered by the Audit and Governance Committee.

5 Accounting Records - Regulation 5

Regulation 5 of the Accounts and Audit Regulations 2015 also requires that the accounting records required by the Financial Officer will be sufficient to show the Council's transactions and to enable the responsible Financial Officer to ensure that any statement of accounts, income and expenditure account, balance sheet or record of receipts and payments and additional information to be provided by way of notes to the accounts comply with the Accounts and Audit Regulations 2015.

In particular this means that accounting records must contain:

- a. Entries from day to day of all sums of money received and expended by the body and the matters to which the income and expenditure or receipts and payments account relate;
- b. a record of the assets and liabilities of the body; and
- c. a record of incoming expenditure of the body in relation to claims made or to be made by them for contribution grant or subsidy from any Minister of the Crown, a body to whom such a Minister may pay sums out of monies provided by Parliament or an European Union Institution.

Regulation 5 requires that the accounting controls systems ensure that the financial transactions of the Council are recorded as soon and as accurately as reasonably possible, that there are measures in place to enable the prevention and detection of inaccuracies and fraud and there is the ability to reconstitute any lost records.

Regulation 5 also requires that the duties of Officers dealing with financial transactions are identified and the division of responsibilities of those Officers are identified in relation to significant transactions and that procedures for uncollectable amounts including bad debts will not be written off except with the approval of a responsible Financial Officer or a member of staff nominated by the responsible Financial Officer.

6 Internal Audit – Regulation 6

Regulation 6 of the Accounts and Audit Regulations 2015 require the Council to carry out an effective internal audit of its accounting records and system of internal control in accordance with "proper practices" in relation to Internal Control. Officers must implement accepted recommendations from internal audit. This is monitored by the Audit and Governance Committee.

7 Local Government Finance Act 1988 – Section 114

The s151 Officer will report to the Council if they have reason to believe that the Council or any part of the Council:

- a. has made or is about to make a decision which involves or would involve the Council incurring expenditure which is unlawful, or
- b. has taken or is about to take a course of action which if pursued to its conclusion would be unlawful and likely to

- cause loss or deficiency on the part of the Authority, or
- c. is about to enter an item of account the entry of which is unlawful.

Under Section 114 of the [Local Government Finance Act 1988](#), the s151 Officer will make a report if it appears to them that the expenditure of the Authority incurred (including expenditure it proposes to incur) in a financial year is likely to exceed the resources (including sums borrowed) available to it to meet that expenditure.

Accounting and System Development

8 Accounting Procedures

All accounting procedures and records of the Council and its Officers shall be determined by the Chief Finance Officer or nominated officer in consultation, where necessary, with the appropriate Director or Head of Service / Assistant Director (or equivalent) concerned. Such procedures shall have regard to Section 151 of the Local Government Act 1972 and shall be in accordance with the relevant legislation and guidance for the time being in force and such other statutory provisions which affect the financial affairs of the whole Council or any specific service.

9 Responsibility of Chief Finance Officer or Nominated Officer

The Chief Finance Officer or nominated officer shall be responsible for the compilation of the main accounting records for the Council.

The Chief Finance Officer or nominated officer may from time to time issue written “financial instructions” dealing with detailed procedures to be followed in certain matters. Such instructions shall be issued after consultation with the Director, assistant director or Heads of Service affected.

The Chief Finance Officer or nominated officer shall be responsible for the maintenance of a management information system, the General Ledger.

10 Allocation of Accounting Duties

The following principles shall be observed in the allocation of accounting duties by all employees or consultants engaged by the Council:

- The duties of providing information regarding sums due to or from the Council and of calculating, checking and recording these sums, shall be separated as completely as possible from the duty of collecting or disbursing them.
- Officers charged with the duty of examining and checking the accounts of cash transactions shall not themselves be engaged in any of these transactions.

Internal Audit and Internal Control

11 Role of Internal Audit

This service is currently provided by the South West Audit Partnership (SWAP). SWAP will assist Directors, Assistant Directors, Heads of Service and Senior Managers in the effective discharge of their responsibilities by giving assurance on financial and management control systems, identifying weaknesses, giving advice on how to resolve financial and management problems and improve control, investigating suspected irregularities and by undertaking Value for Money (VFM) reviews and management studies.

12 Accounts and Audit Regulations required by the Secretary of State

Any Member or Officer will make available documents relating to financial or other records of the Council which relate to their accounting. Other records, as appear to the Section 151 Officer necessary for the purpose of Internal Audit, will be supplied together with any such information and explanation as the Section 151 Officer considers necessary for that purpose.

13 Powers of Internal Audit (SWAP)

The Chief Finance Officer or nominated officer and all authorised Internal Audit staff are empowered to enter at reasonable times any premises or land owned by or in the control of the Council, if appropriate, and require employees to produce Council property and records under their control.

14 Financial Irregularities with Regard to Council Functions

Where matters arise which involve or are thought to involve financial irregularities this will be referred to audit or follow Anti-money Laundering procedures and Treasury Management Policy Statements as necessary.

Treasury Management

15 Chief Finance Officer Decisions Involving Finance

All chief finance officer recommendations on borrowing, investment or financing is required to act in accordance with the Code and the "Treasury Management Policy Statement".

Banking Arrangements

16 Arrangements with Council's Bankers

All arrangements with the Council's bankers must be made by or under arrangements approved by the Chief Finance Officer or nominated officer, who is authorised to operate such banking accounts and other electronic transactions as they may consider necessary.

17 Funds Held on Behalf of Others

All funds held on behalf of others (Trust or Private) shall be subject to an annual audit, which shall be undertaken by a suitably qualified person. A copy of all audit reports and the final accounts shall be made available, on request, to Internal Audit for information. In respect of Schools, the audit report and the findings shall be presented to their School Governors.

18 Value Added Tax

19 Investment

Officers shall be responsible for ensuring that Trust and Private Funds are appropriately invested for the benefit of the fund. Advice as to the most appropriate method of investment will be obtained from the Chief Finance Officer or nominated officer.

Financial Planning ‘Accounting’ and the Budget Process

20 Financial Strategy

The medium term financial strategy will set out the parameters for the budget build process for the coming year in the light of likely grant settlement, service pressures, available balances, and consultation with clients and partners of the Council. The Budget and Policy Framework will be followed and the strategy will be approved by Council.

21 Capital and Revenue Budgets

The detailed form of Capital and Revenue budgets shall be determined by the Chief Finance Officer or nominated officer consistent with the general directions of the Management Board. The Budget and Policy Framework will be approved by Council following recommendation from cabinet.

Where a service area submits a bid for external funding they must have approval from the councils management board made up of directors and the chief executive and the relevant cabinet member prior to submission. Where there is an element of Council revenue or capital match funding identified this must already exist within the revenue budget or capital investment budget (or recommended by Cabinet for approval at the next Council meeting to add to the capital investment budget). When external grants are awarded and funding covers costs already in the current revenue budgets, the one off savings from these grants should be vired corporately so the available budget can be used on other priorities, or to top up reserves.

22 Capital Programme

The Chief Finance Officer will maintain a Capital Strategy to feed into the annual Capital Programme. Directors and their nominated budget holders, in consultation with the Chief Finance Officer or nominated officer, shall jointly prepare for consideration by the Management Board, a draft Capital Investment Budget alongside the revenue income and expenditure budgets. These must be prepared in accordance with the policies and timescales determined by the Cabinet. The Budget and Policy Framework, including the Capital Programme, will be approved by Council.

23 Approval of Estimates

The estimates, once approved by the Council shall become the Council's Revenue Budget and Capital Investment Budget for the next financial year.

Approval of the annual estimates by the Council will confer authority on the Directors, Assistant Directors and Heads of Service of the Council to incur revenue expenditure so provided for the next financial year subject to compliance with the relevant provisions of the Contract Procedure Rules.

Revenue Expenditure - Control

24 Role of Directors

It is the responsibility of each Director (and assistant director in the corporate centre) to ensure that the budgets for which they are responsible are used to deliver the Service Plan and are not overspent. Where budget pressures indicate that overspending may occur, then the Director must apply the rules set out under cash limited budgets below.

Directors are responsible for allocating responsibility for managing each cost centre within their service. They must inform the Chief Finance Officer or nominated officer of the allocation and any changes as soon as they occur.

Directors must ensure that their managers who are budget holders are properly trained in budget management and apply adequate budgetary control through local commitment accounting by requiring regular reports from budget holders.

25 Moving Budgets between Cost Centres

The rules for moving budgets between revenue cost centres (virement) are shown in the table in the financial procedure rules.

The following transfers will not count as virement for these purposes:

- (a) Budget movements which occur as a result of year end procedures
- (b) Transfers of budgets when a whole or part service transfers from one directorate to another as a result of a service restructure or change in line management responsibilities
- (c) Income and expenditure budget changes reflecting additional grants not included in the Council's approved budget
- (d) Transfers arising from changes in legislation
- (e) Any support service recharges (allocation of overheads) for accounting purposes.

Any in year unplanned contributions from reserves will need to be reported in line with the reserves policy; those at year end are considered by Cabinet as part of approving the Council's financial statements. The use of funds in an emergency are set out in the financial procedure rules (Emergency Situations).

26 Unauthorised Overspend

The unauthorised overspend of a cost centre budget may lead to disciplinary action being taken against the budget holder. The unauthorised overspend overall by a service may lead to disciplinary action being taken against the Head of Service / Assistant Director (or Director).

27 Unexpected underspends

Underspends are not to be used to conceal overspends elsewhere. Budget virements must follow the financial procedure rules. Unexpected underspends must be clearly identified and made available to be held centrally.

28 Monthly Forecasting

The Chief Finance Officer works with the Head of Management Accounts to provide monthly forecasting in accordance with the Directorate / corporate Management Team Meetings.

29 Cash Limited Budgets

Budgets are limited to the net annual budget for the relevant service. The Council maintains a general reserve which is to be used in exceptional circumstances where there is an uncontrollable overspend position at the end of the financial year. Therefore, Directors must ensure that they and their budget holders do not overspend their service budgets.

Revenue Expenditure may not be incurred which cannot be met from the amount provided in the revenue budget under the Service for that Head of Service / Assistant Director (or equivalent) to which the expenditure would be charged unless alternative funding sources have been secured or agreed.

The Head of Service / Assistant Director (or equivalent) can present overspend to the relevant Director who can consider whether the overspend can be contained within the overall service grouping. The Director and Head of Service / Assistant Director (or equivalent) will then report to Management Board for consideration and approval.

The chief finance officer must be consulted on overspends. Management Board need to take a view on what is a significant overspend in terms of the overall budget for the Council and anything which they consider significant should be reported to Cabinet. Approval from the chief finance officer will only be given in exceptional circumstances. In all cases Financial Procedure Rules must be complied with. The approval of the additional expenditure budget may include provision for the repayment of the overspend.

30 Exceeding Cost Centre Estimate

Directors, excluding interims and those working their notice period, may authorise expenditure which would otherwise exceed the estimate for a cost centre, provided that the expenditure:

- can be met from savings or under spending on other cost centres within the same service with the exception of windfall increases in income or decreases in expenditure;
- will not constitute Capital Expenditure or result in:

- (a) a change in the level of service provision; or
 - (b) a commitment to incur expenditure in future years; or
 - (c) a change in policy; or
 - (d) a breach of the Council's Workforce Strategy.
- is not a virement from a support service recharge code.
 - is notified in the prescribed form to the Chief Finance Officer or nominated officer who may if they consider that the expenditure is significant, require a report to be submitted to Cabinet.

31 Carry Forward of Under and Overspends

Genuine provisions for liability as recognised by the Code in force must be accounted for in accordance with this guidance. Where budget holders wish to carry forward any unspent monies into the next financial year, then they must provide a business case (<https://apps.herefordshire.gov.uk/financetoolkit/SitePages/Business%20Case%20templates.aspx>) to the Chief Finance Officer.

These cases will be assessed against the relevant accounting guidance and the explanations provided in the case. The final decision for the carry forward of under spends is for the Chief Finance Officer.

Overspends are not permitted to be carried forward; all known overspends where no action can take place to rebalance budgets should be corrected via service repayments and approved by the Council when setting the next financial year's budget.

32 Coding of Expenditure and Income

All expenditure and income must be charged / credited to the cost centre and appropriate account code to which it relates. Miscoding expenditure / income distorts the Council's financial information and, therefore, may result in disciplinary action being taken against the Officer responsible.

The detailed form of Capital and Revenue budgets shall be determined by the Chief Finance Officer or nominated officer consistent with the general directions of the Management Board and after consultation with Cabinet.

Journal transfers may only be actioned by the finance support team.

Budget holders may only charge expenditure against budgets for which they are responsible.

33 Earmarked reserves

When establishing reserves the council needs to ensure that it is complying with the Code of Practice on Local Authority Accounting and in particular the need to distinguish between reserves and provisions.

A reserve is a budget amount kept to fund a future event.

A provision is recorded as a cost against a cost centre when the

council has a present obligation as a result of a past event, it is probable that the cost will be paid to settle the obligation, and a reliable estimate of the value of the cost can be made.

New reserves may be created at any time, but must be approved by The Cabinet member when a reserve is established. The setting, reporting and reviewing of reserves must be in accordance with the councils reserves policy.

The Chief Finance Officer has a fiduciary duty to local tax payers and must be satisfied that the decisions taken on balances and reserves represent proper stewardship of public funds.

The overall level of reserves balances will be reported to Cabinet at least annually or when new reserves are proposed.

The annual budget report to Council will include:

- A statement of movements in reserves for the year ahead and the following two years;
- A statement of the adequacy of general reserves and provisions in the forthcoming year and in the Medium Term Financial Strategy; and
- A statement on the annual review of reserves.

The level of reserves for the next three years will be reviewed at least annually as part of the Annual budget setting cycle. The Chief Finance Officer will review the Councils earmarked reserves for relevance of propose and adequacy.

Any amendments to earmarked reserves will be reported to the Cabinet.

Once a reserve has fulfilled the purpose for which it was established, any remaining balance should be reallocated to another similar purpose earmarked reserve or surrendered to General Reserves.

Capital Expenditure - Control

34 Council Approval of Capital Investment Budget

Council's approval of the Capital Investment Budget, known as the capital programme, – The Budget and Policy Framework - constitutes allocation of:

- Capital expenditure to be incurred in the budget year and for commitments to be made on capital schemes included for the budget year and for the previous years to the extent that provision has already been made. This is not an authority to spend, this requires executive approval to proceed;
- Expenditure to be incurred or commitments to be made for advance site acquisition, design fees and other associated preliminary expenditure but only if an appropriate budget allocation has been approved in the relevant year within the

Capital Strategy and Programme.

- All authority is to be in line with the capitalisation policy that describes the process to be followed in relation to feasibility works, new capital schemes and monitoring of those schemes.

35 Variations to the Approved Capital Strategy and Programme

The Council's Capital Strategy and Programme, which forms an integral part of the Council's Budget and Policy Framework, is agreed by Council. External grant funded schemes can be approved by the chief finance officer, the rules for capital budgets are shown in the table in the financial procedure rules.

36 Other Additional Expenditure Requests

Any other additions to capital budgets outside the agreed Budget and Policy Framework must be approved by Council.

37 Official Orders

Official orders shall be issued for all work, goods or services to be supplied to the Council except for supplies of public utility services, for periodical payments (rent + rates), petty cash purchases, or such exceptions as the Chief Finance Officer or nominated Officer may approve. Orders must clearly state the quantity of the goods and nature of the work or services and whether covered by contract or an agreed price and discounts specified therein or an estimated value. In line with the Council's no PO no pay, no payment will be made to suppliers without a purchase order having been raised. Unless payment falls within the procurement card policy.

38 Raising a Purchase Requisition

The Head of Service / Assistant Director (or equivalent) shall nominate those Officers eligible to raise Purchase Requisitions on the Council's financial system. The Finance system converts the Purchase Requisition into a Purchase Order upon the approval of the Budget Holder or nominated Authorising Officer.

39 Placing an Order

Unless the service has a budget an order should not be placed. Placing an order commits the Council to spending the money.

All official orders for goods and services must be raised using the Council's Financial System. Exceptions to this requirement require written approval from the Chief Finance Officer or nominated Officer. Purchases made using a Corporate Procurement Card do not require a purchase order. Requirements for use of the Corporate Procurement Card are contained within the Corporate Procurement Card Policy and should also be adhered to at all times.

The Council's Finance system will generate the appropriate commitment accounting record of outstanding orders. Verbal orders must not be made except as a matter of genuine urgency and must be confirmed immediately with a written order produced through the Council's Finance System.

Other than in cases of genuine emergency, no supplier shall be asked to provide goods or services before a purchase order has been issued to them.

40 Regular Periodic Payments

Any circumstances causing the cessation or variation of a regular periodical payment must be notified immediately to the Payments Manager.

41 Approval of Order

The ability to raise a requisition for goods or services and the subsequent approval and creation of the Order must only be undertaken by Officers nominated by the Director. Nominations shall be set up by submitting an authorised signatory form in the financial system which will workflow for the relevant approval before the roles are allocated.

Orders can be approved in line with the approval limits detailed in the financial procedure rules.

Goods properly supplied or work done without an official order due to a genuine emergency must be covered as soon as possible by a confirmation order.

Whenever practicable the duties of requisitioning goods or services and the subsequent confirmation of their receipt (goods received note process) shall not be performed by the Officer authorising the Order.

Each Head of Service / Assistant Director (or equivalent) shall be responsible for all orders issued from their Service.

42 Goods Received Process

The Head of Service / Assistant Director (or equivalent) or Delegated Officer shall ensure that the Corporate Finance System is promptly updated when goods or services are received. - the payment is in accordance with Council Policy and legally payable;
