04/03/2021 to 26/03/2021

### Response Summary

Consultee	Comments
Resident 1	Hello XX, Thank you for your reply. I have no objection to the scheme. Best wishes
Resident 2	I live at XX, within the proposed area for the 30 mph speed limit. I fully support the proposals as they will help protect children crossing the road to the school and they will reduce the risk to residents of St Andrews Close when turning onto the C1062 from the Close in their cars. I really hope the proposal is approved.
Bredenbury and District Group Parish Council	Good afternoon XX, The response sent on 31st January remains unchanged and we have no objections to the proposal. Regards
Traffic Management Advisor	Dear XX, Thanks for the information regarding the proposed reduction to the speed limit reduction at Bredenbury. My response dated 2nd February 2021 (copy attached) remains unchanged and I have no objection to this proposal.
