About this document

In conjunction with this template, please refer to the Multiply investment prospectus and technical guidance for England available here

<https://www.gov.uk/government/publications/multiply-funding-available-to-improve-numeracy-skills>

Investment plans are invited from the Greater London Authority, all Mayoral Combined Authorities, and upper tier/unitary authorities outside of these areas in England. Scotland, Wales and Northern Ireland should refer to the [wider UKSPF investment framework](#)

Please ensure you complete this template in full and submit by 30th June 2022 by emailing Multiply.investmentplans@education.gov.uk

Once investment plans are approved, provisional allocations will be signed off, grant agreements will be put in place incorporating information included in this investment plan and first payments made in autumn 2022.

At the end of the 2022-23 and 2023-24 financial years, areas will submit an annual progress report, and a revised investment plan for subsequent years of Multiply provision. This should take on board learning achieved through local delivery, peer to peer support networks and engagement events. It should align with the updated menu of interventions and any new guidance issued each year by the Department for Education.

For further information or to discuss a proposal ahead of submission please contact DfE at Multiply.investmentplans@education.gov.uk

Please note that information provided on this form, including personal information, may be subject to publication or disclosure in accordance with the access to information regimes, primarily the Freedom of Information Act 2000 and the Data Protection Act 1998.

We have suggested word counts for questions as an approximation but will allow some flexibility and will not apply the word count rigidly. We don't anticipate investment plans to be longer than 25 pages. We won't accept additional attachments beyond the return of this document and the accompanying Excel spreadsheet.

1. Who are the local authority representatives for Multiply (name, email, telephone)?

Multiply lead:

Financial / Accounting Officer:

Section A: Multiply intervention summary

2. **In the accompanying spreadsheet**, please provide a high-level summary of the interventions to deliver Multiply in your local area, along with related output indicators and required budget?

3. If you have described any Multiply provision in Section A that does not fit the menu of interventions, what is your rationale for proposing this additional intervention? We will consider this proposal against the aims of the Multiply programme. You can answer “None” for this question. (Approx. 250 words)

4. Please confirm and explain how your Multiply provision is in addition to and does not duplicate or offset fully funded maths courses delivered through the Adult Education Budget statutory entitlement, or other government funded maths provision. (Approx. 250 words)

5. Please briefly set out how you have considered the FE workforce needs (e.g. classroom, tutoring) for Multiply. How will you ensure Multiply workforce needs will not be at the detriment of other programmes you are delivering (eg under the AEB statutory entitlements)? Please note, FE workforce investment should support delivery of Multiply provision and should not be a standalone intervention. (Approx. 250 words)

Section B: Strategic fit

6. How does the proposed Multiply provision strategically fit with your local priorities, coordinating where possible with wider skills and employment interventions in local areas (for example through Local Skills Improvement Plans), and interventions funded through the broader UKSPF (e.g. in district council investment plans) or other programmes? (Approx. 500 words)

Section C: High level delivery timeline

7. Please provide an outline of your high-level delivery timeline including major milestones and planned partnerships with local education providers, employers, and other local touchpoints

	Multiply provision	Delivery partners	Major milestones	Date	Comments
1	<i>Please enter each provision described in Section A</i>	<i>Please provide the details of the delivery partner (e.g. providers, employers) for each provision</i>	<i>Please provide major milestones to deliver your anticipated outputs with dates</i>

Section D: Evidence of need and demand

8. Please describe why improving adult functional numeracy (aiming to teach the numeracy skills that are needed in daily life and the workplace) matters to your local area. You should refer to specific characteristics of your local area in your answer and include supporting evidence - especially quantitative forms of evidence where available. (Approx. 250 words)

9. Please describe any qualitative or quantitative data you have on local adult numeracy levels (e.g., historic and current participation and achievement, etc) to evidence need and demand. (Approx. 250 words)

10. How does the Multiply provision outlined in section A meet this demand, on top of how existing entitlement is already meeting it, and what does success look like for your local area? (Approx. 250 words)

11. Please describe what you have done to ensure good value for money (e.g., has your plan been reviewed by an economist, have you reviewed local data?). Please also describe what controls you will put in place to ensure that good value for money continues to be achieved throughout the lifetime of the Multiply provision. (Approx. 250 words)

Section E: Engaging learners

12. Which cohorts of learners will be hardest to reach? How do you intend to maximise the reach of the programme and make sure Multiply provision engages those learners that are hardest to reach (e.g., communications; reaching out to people via employers, 'touch points' such as housing and other community groups)? (Approx. 300 words)
13. How will you ensure Multiply provision will be available and accessible to a diverse cohort as per [Public Sector Equalities Duty \(PSED\)](#) including those with dyscalculia or other protected characteristics? (Approx. 100 words)

Section G: Stakeholder management

17. Which organisations have you engaged with to develop your investment plan, including public sector, private sector, and civil society organisations? How have you engaged these organisations? (Approx. 100 words)

18. Detail how have you engaged lower tier local authorities, if any, within your local area in the development of your investment plan? You can answer “not applicable” to this question. (Approx. 100 words)

Section H: Risks

19. Please set out any key risks including financial and fraud that could affect Multiply delivery. Describe these risks or issues, including the contingency measures you have put in place to mitigate them.

	Description of risk	Actions you will take to mitigate	After mitigation what is the likelihood of the risk occurring (High >70%, Possible 70-30%, Unlikely <30%)	After mitigation what would be the impact of the risk materialising? (High: significant impact of unable to deliver, Medium: delivery compromised, Low: Minor / no impact)

Section I: Capacity and Capability

20. Do you have dedicated capacity and capability to deliver adult skills interventions and adult education? How many FTE will be working on delivery of Multiply and what functions are being undertaken by those FTE including who will be responsible for data collection, contract management and how you will coordinate delivery? (Approx. 250 words)
21. If you have capacity, would you be prepared to take a leading role in a regional peer-to-peer network to share learnings with other local authorities (eg host quarterly Multiply sessions, share best practice, etc)? This does not commit you at this stage and we will use this information to develop our learning plans across the Multiply programme. (Approx. 100 words)
22. Please describe the key capacity and capability challenges (if you have any) for delivering skills interventions. This could include challenges within your local authority (e.g., gaps in areas such as procurement, contract management, communications) and/or in your local delivery system? This information will be used to inform what support could be made available nationally. (Approx. 100 words)
23. Please describe what further support would help address these challenges? We will use this information to inform what central government support is made available nationally but cannot commit to fund every individual request. (Approx. 100 words)
24. Are there interventions or capability areas where you can partner with other local authorities, providers, or employers in your region? (Approx. 100 words)

Section J: Declaration of the Chief Executive of the lead local authority

As the lead local authority (Greater London Authority, Mayoral Combined Authorities, Upper Tier/Unitary Local Authorities) you will act as the accountable body and submit this application on behalf of your local area. By submitting this investment plan, you confirm:

- All the information included is true and accurate to the best of your knowledge.
- You have read, and confirm this plan is in accordance with, the expectations set out in the Multiply investment prospectus and technical guidance.
- Lower tier local authorities within your local area support this application and are committed to work with you.
- You will comply with the Assurance and Grant management process as outlined in the technical guidance and submit a statement of expenditure at mid-point and end of financial year.
- You understand that the grant will become repayable and further payments put on hold or reduced, if Multiply outputs are not on track for delivery and/or grant funding is not spent on eligible activities by the mid-point and end of each financial year.
- You understand that you will be responsible for ensuring data on Multiply learners is submitted through the Individualised Learner Record (ILR) and will submit regular monitoring reports as set out in the technical guidance.
- You will submit an annual progress report including an assurance statement to confirm spend was used wholly for the purposes for which it was given, and a revised investment plan for subsequent years of Multiply provision as set out in the technical guidance.
- You will support the sharing of learning as requested by the Department for Education – this may involve providing case studies, contributing to webinars and other activity as identified.
- You will comply with the Public Sector Equalities Duty and put in place equality policies and implementation plans as well as processes for learners to raise complaints about unfair practices or treatment.
- You will ensure value for money, seeking competitive costs for all activities and complying with the procurement governance as set out by your governing body.
