Highlight any associated risks/finance/legal/equality considerations:	n/a

Details of any alternative options considered and rejected (together with reasons):	None recommended. The tenants at Henffordd Gardens have eligible, assessed needs for care and /or support services. The absence of these services would make tenants current accommodation unviable and appropriate, alternative accommodation and care and support services would have to be found. Such accommodation is not readily available and any alternative is likely to be more restrictive for the tenant and more expensive for the Council.
Details of any declarations of interest made:	None.
