**Subject:** Appeal of Radford extension

Good evening,

I would like to appeal the application for the extension of licensable area of Radford's bar. I live in close proximity to the intended area of extension and feel this would undoubtedly be a disturbance for the following reasons.

Firstly, as fan zones are well known to be a noise disturbance, I am concerned that this would negatively impact on the quality of sleep of myself and my neighbours.

Additionally, I have lived with severe and enduring ill mental health throughout my life. The increased levels of noise that these fans will bring will increase distress and agitation that I already live with. Furthermore, after living next to the football ground for some years I am aware that some fans can consume too much alcohol and throw drinks and glasses. I am worried that these issues would result in further deterioration to my mental health.

Thank you for receiving my concerns and I look forward to hearing from you.

Kind regards,
