

HACKNEY CARRIAGE PROPRIETOR (VEHICLE) LICENCES**Town Police Clauses Act 1847****Local Government (Miscellaneous Provisions) Act 1976**

1. This document contains the policy, byelaws, conditions and legislation relating to a hackney carriage proprietor (vehicle) licence. The legislation refers to hackney carriage proprietor licences, but as these are often referred to as hackney carriage vehicle licences, for the avoidance of doubt the term "hackney carriage proprietor (vehicle)" will be used throughout this policy.
2. As hackney carriage proprietor (vehicle) licences can be held by limited companies, limited liability partnerships (LLP) and conventional partnerships as well as individuals, this policy must be read to give effect to that. Any reference to a "person", "you", "licensee" or "proprietor" is taken to mean the proprietor of the hackney carriage.
3. The Council has the power to make byelaws relating to hackney carriages under the legislation, and it has done so.
4. There is also a power to attach conditions to hackney carriage proprietor (vehicle) licences, and the Council has standard conditions which attach to these licences. These are contained within this document.
5. There is also a list of the main laws and byelaws that apply to hackney carriage proprietors.

Introduction

6. The purpose of licensing hackney carriage vehicles is to protect the public, including passengers and others who may otherwise be placed at risk from unlicensed and potentially dangerous vehicles.
7. It is a privilege to hold a hackney carriage proprietor (vehicle) licence and licensees have responsibilities to their drivers, passengers and customers, other road users and the public generally. The Council has to have been satisfied that when you applied for your licence the vehicle was suitable and safe for use as a hackney carriage and that you were a safe and suitable person to have that licence granted. In assessing that, the Council took into account the type of the vehicle, the condition of the vehicle and your entire character and behaviour.

Appendix 3 of Taxi and Private Hire Policy

8. As a vehicle proprietor this assessment of your character not only includes times when you are working within the hackney carriage trade, but at all other times as well. This can include your use of social media as well as other forms of communication. The requirement to satisfy the Council that you are a safe and suitable person continues throughout the duration of the licence. If at any time the standard of the vehicle or your behaviour falls below the standards expected for new applications, the Council will consider taking action against that licence. This could be suspension, revocation or refusal to renew that licence. In relation to your personal actions, it is no defence to argue that your actions took place when you were not working within the hackney carriage trade. You should appreciate that under the DFT Guidance, if the unacceptable or criminal behaviour took place whilst you were working within the hackney carriage trade that will be viewed as an aggravating feature by the Council.
9. In many cases a hackney carriage is the first vehicle that a visitor to the county will encounter following arrival at a railway or bus station. As a consequence, the appearance of hackney carriages can affect a person for their entire visit. Hackney carriage proprietors should be aware of this and ensure that their vehicle is therefore maintained to the highest standard at all times.
10. Please note, this section reminds you of some of the important legal requirements with which you must comply. This is not a comprehensive list. You should familiarise yourself with the Town Police Clauses Act 1847, Local Government (Miscellaneous Provisions) Act 1976 and all other relevant legislation.
11. The Council has decided to attach conditions to hackney carriage licences that it considers reasonably necessary under the powers contained in section 47(1) of the 1976 Act. The conditions are in addition to the statutory requirements of the legislation. Section 47(3) of the 1976 Act gives the right of appeal to the Magistrates' Court to any person aggrieved by any of the conditions attached to their licence within 21 days of receipt of the licence.
12. You must understand and comply with the legal requirements relating to the hackney carriage licensed in your name, including a limited company in which you are a director or secretary, a limited liability partnership in which you are a partner, or in joint names when you are one of the named individuals. Failure to comply with the requirements may result in your hackney carriage proprietor (vehicle) licence being suspended or revoked.
13. The Council office for hackney carriage and private hire licensing purposes is The Licensing Section, Herefordshire Council, Plough Lane Offices, Hereford

HR4 OLE, telephone: 01432 261761, email: taxi-licensing@herefordshire.gov.uk.

14. This is the address to which all applications, notices, reports of incidents and any other communications with the Council must be sent.

Sanctions against the Hackney Carriage Proprietor (Vehicle) Licence

15. Where a proprietor breaches any legislation, byelaw or condition of the licence, they may be referred to Committee.
16. The Council also runs its own Penalty Points Scheme as a method of enforcing the requirements for hackney carriage and private hire licensees.
17. Whenever, and in what circumstances a proprietor is brought before Committee, the Committee will decide each case on its merits, after hearing the facts.
18. The Committee may also suspend or revoke the hackney carriage proprietor (vehicle) licence or remove penalty points.

Power to take action against a Hackney Carriage Proprietors (Vehicle) Licence

19. Under section 60 of the 1976 Act, the Council may suspend, revoke or refuse to renew a hackney carriage proprietor (vehicle) licence on the following grounds:
 - a) that the hackney carriage vehicle is unfit for use as a hackney carriage;
 - b) any offence under, or non-compliance with, the provisions of the Act of 1847 or of this Part of this Act by the operator or driver; or
 - c) any other reasonable cause.
20. An authorised officer of the Council, an authorised officer of another council where there is a reciprocal arrangement, or a police constable can immediately suspend a hackney carriage proprietor (vehicle) licence under section 68 of the 1976 Act on the grounds of:
 - a) the vehicle is unfit;
 - b) the taximeter is inaccurate.
21. Failure to comply with any hackney carriage legislation (including byelaws), or other road traffic legislation is an offence and you may be liable to prosecution. In addition (irrespective of whether you were prosecuted or convicted of the offence(s)), the Council may take action against your

Appendix 3 of Taxi and Private Hire Policy

- licence which could lead to your hackney carriage proprietor (vehicle) licence being suspended, revoked or the renewal refused.
22. Failure to comply with the Council's conditions may result in your hackney carriage licence being suspended, revoked or the renewal refused.
 23. If any information given by you on the application form for this licence proves to be false, or you fail to disclose any relevant information on your application form, the licence may be revoked and you may also be prosecuted under section 57(3) of the 1976 Act.
 24. The hackney carriage proprietor (vehicle) licence remains the property of the Council.
 25. In the event that you lose your proprietor licence, hackney carriage proprietor (vehicle) licence plates or additional signage, or if they are damaged or defaced, you must get a replacement licence or plates on payment of a fee determined by the Council, and you cannot use the hackney carriage until such replacements are obtained and fitted.
 26. It must be understood that a decision to grant a Hackney Carriage proprietor (vehicle) licence is made on the basis of the condition and suitability of the vehicle and the suitability of the proprietor(s) on the particular facts of the case on the day of the decision. That suitability can be lost at any time in the future and you must ensure that the condition of your vehicle and your behaviour remains of the highest standard to protect your vehicle licence and therefore your livelihood.

POLICY

Applicants

27. Hackney carriage proprietor (vehicle) licences can be held by individuals, limited liability partnerships (LLP), conventional partnerships (two or more people in business together) or limited companies. Usually the vehicle must be registered to one of those, but there will be occasions where the vehicle is leased or hired. In all cases the applicant(s) must demonstrate that they have ownership of the vehicle, a financial interest in the vehicle or permission to use the vehicle on an extended basis (in the case of a lease or hire). A V5 registration document is not proof of ownership and other documentation will be required. This can include, but is not limited to:
 - a) Receipt for the purchase of the vehicle;
 - b) Lease/hire contract;

- c) Partnership agreement between 2 or more individuals.

Character of the applicant

- 28. The licensee of a hackney carriage can exert control over those who drive that vehicle, and as a consequence it is essential that they satisfy the Council that they are a suitable person to hold a hackney carriage proprietor (vehicle) licence.
- 29. All applicants (new and on renewal) will be required to provide a Basic Disclosure and Barring Service (DBS) check at their own expense every 3 years, as part of the application process. The same will be required of all partners (if they are involved in the operation of the business) in a limited liability or conventional partnership and all directors and secretary of a limited company when the application is made, or the licence is held, by a limited liability or conventional partnership or limited company. If the applicant has already provided a DBS for a dual driver licence this can be used, provided it is up to date.
- 30. The application will then be considered in the light of the DFT Guidance.
- 31. In addition, the Council will take into account the compliance and maintenance history of previous and existing vehicles licensed by the applicant. All vehicles must be maintained to a satisfactory standard.

Convictions

- 32. If you or anybody else with an interest in the vehicle or who is named on the licence is arrested in connection with, charged with or convicted of any criminal offence, this must be reported to the Council within 48 hours (including weekends and bank holidays). The same requirement applies in relation to any DVLA penalty notices above 3 points, Community Protection Notices, civil injunctions or Criminal Behaviour Orders that you receive.

Vehicles

- 33. It is the applicant's responsibility to ensure that any vehicle presented for licensing as a hackney carriage meets the Council's criteria which are detailed below. As the Council will not be liable for any loss as a result of a vehicle not being licensed, it is vital that applicants ensure that any vehicle that they are considering purchasing meets these criteria.

Limits on the numbers of Hackney Carriages

- 34. At present there is no limit on the number of hackney carriages that are licensed by the Council. The Council has no plans to alter that approach.

Licensed Vehicle Type, Age and Emissions Policy

35. Any vehicle submitted to be licensed as a hackney carriage must be of Category M1 (as shown on the registration document) unless either of the following apply:

Category M2 or N1 vehicles (as shown on the registration document) will be acceptable provided the vehicle has passed an IVA test.

36. Licences will not be granted in respect of vehicles that were first registered (or, in the case of imported vehicles, manufactured) more than 5 years for WAV vehicles, prior to the date that the application was made.
37. In order to reduce emissions it is important to set standards that are common to all within the hackney carriage fleet, to ensure consistency and a level playing field for proprietors. The age of vehicles and the exhaust emissions are critical to the level of pollutants emitted. Consequently, to improve air quality and reduce emissions from the hackney carriage fleet, the following standards will apply.
38. There is no upper age limit upon renewal, however, the additional test criteria will apply. The licensed vehicle's appearance must also remain in good order and will be examined at the time of the compliance test.
39. All vehicles on the grant of a licence or change of vehicle on plate after March 2025 must meet or exceed Euro 5 emission standards. All new hackney carriage vehicles on plate must be wheelchair accessible.

Low Emission Vehicles

40. The Council aims to encourage the uptake of low emission vehicles in the County, and will examine the feasibility of introducing incentives for electric, hybrid and ultra-low emission vehicles.
41. It is anticipated that more Electric Vehicle rapid re-charging points for use by the public will be available in the future at locations in Herefordshire.

Acquired rights

42. If a non-wheelchair access vehicle has been continually licensed as a hackney carriage by the Council since 2002 that licence can continue to be attached to any category of vehicle provided a renewal application and fee is made before the expiry of that hackney carriage proprietor licence. If at any time an application form and fee is not received before the expiry of

Appendix 3 of Taxi and Private Hire Policy

the current hackney carriage proprietors (vehicle) licence, then the rights acquired will be lost and any application will be treated as a new application requiring a wheelchair accessible vehicle as detailed below.

Vehicle specification

43. There are 2 different types of vehicle that can be licensed as hackney carriages: those which are Wheelchair Accessible Vehicles (WAV) and those which are not.
44. Non-WAV vehicles can only be licensed in respect of a hackney carriage proprietor licence that has been in continual existence since 2002.
45. All applications for new hackney carriage proprietor licences, or in respect of renewals of licences granted since 2002, must relate to a wheelchair accessible vehicle.
46. The Council maintains a list of all WAV (both hackney carriages and private hire vehicles). Drivers of those vehicles must then provide mobility assistance to wheelchair-bound passengers.
47. The following specifications detail the minimum requirements for each type of vehicle, together with the requirements for all hackney carriages.

Non-Wheelchair accessible vehicles

48. If the vehicle is to be licensed as a Non-WAV (saloons, estate cars, people carriers (MPV), sports utility vehicles (SUV) and any other vehicle that cannot carry a passenger whilst they remain in their wheelchair) it must be approved by the Council and comply with the following specification:
 - a) Be a right-hand drive vehicle;
 - b) Have at least four doors that can be opened from both inside and outside the vehicle. Each door (except the driver's door) must be capable of being opened by passengers;
 - c) Must be so constructed as to provide adequate space within its structure for the safe carriage of each passenger's luggage or any equipment. If that is not possible or practical then the below will apply;
 - d) Roof racks and tow bars will be permitted. Any vehicle using a roof rack must be fitted with a second roof sign, with one sign in front of the roof rack, and one behind, allowing the signs to be seen in the same way as a vehicle without a roof rack. Any luggage carried on the roof rack must be protected from the elements by a waterproof cover and properly secured. A properly fitted roof box is an

Appendix 3 of Taxi and Private Hire Policy

acceptable alternative, subject to the additional signage as detailed above;

- e) Tow bars (if fitted) must be fitted in accordance with the manufacturer's instructions;
- f) Trailers can be used, but only when fulfilling a pre-booked hiring. Any trailer that is used must meet the following requirements and be tested by the Council (the charge to be paid by the licensee) and will be issued with a "trailer plate" which must be displayed on the rear of the trailer and clearly visible whenever the trailer is being used by the hackney carriage. The trailer can only be used on the specified hackney carriage. Trailers must comply with the following standards if being used when booked for a licensed journey:
 - i. Unbraked trailers must be less than 750kgs gross weight.
 - ii. Trailers over 750kgs gross weight must be braked, acting on at least two road wheels.
 - iii. The towing vehicle must have a kerb weight of at least twice the gross weight of the trailer.
 - iv. A suitable lid or other approved means of enclosure must be fitted to secure the contents within the trailer whenever in use.
 - v. The maximum permissible length of the trailer cannot exceed 7 metres, including the drawbar and coupling.
 - vi. The width of the trailer must not be greater than the width of the towing vehicle, subject to no trailer being wider than 2.3m.
 - vii. The maximum length for braked twin axle trailers is 5.54m.
 - viii. The trailer must at all times comply with all Road Traffic legislation requirements
 - ix. The vehicle insurance must cover towing a trailer.
 - x. Trailers must not be left unattended anywhere on the highway.
 - xi. The speed restrictions applicable to trailers must be observed at all times.
 - xii. The registration number plate of the hackney carriage and the Council issued "trailer plate" must be attached to the rear of the trailer.
 - xiii. The trailer must be inspected annually and must be considered to be satisfactory by the Licensing Authority.

Appendix 3 of Taxi and Private Hire Policy

- xiv. Only drivers with the appropriate DVLA driving licence category may drive a vehicle with a trailer. The vehicle proprietor must check any driver's DVLA licence for the required category, prior to allowing the use of a trailer.
- g) Passengers must be able to communicate with the driver via an intercom system, sliding screen, mesh or hole in any division between the driver's and passenger compartments;
- h) Any vehicle which is a convertible will not be licensed as a hackney carriage.

Additional requirements five or more passenger seat vehicles

- 49. In order to be licensed as a hackney carriage, any Minibus/MPV-type vehicles must be fitted, in addition to the front driver and passenger doors, with at least:
 - a) one other side loading door plus a rear door/doors or tailgate that can be opened from inside the vehicle, or
 - b) two side loading doors that can be opened from the inside.

Wheelchair Accessible Vehicles (WAV)

- 50. The vehicle must be a purpose built hackney carriage capable of carrying a wheelchair bound passenger which complies with the current Transport for London "Conditions of Fitness" or it meets the following specification.
- 51. Any vehicle, before it can be considered to be licensed as a Wheelchair Accessible Vehicle, must have European Community Whole Vehicle Type Approval (ECWVTA), or Individual Vehicle Type Approval, including an inspection certificate issued by the Driver and Vehicle Standards Agency (DVSA) as a minimum standard.
- 52. In addition:
 - a) The interior of the vehicle must be able to accommodate a wheelchair and its user, riding seated within the wheelchair itself;
 - b) The passenger compartment must have a minimum unobstructed available width of 0.74 metres (including at the point of entry);
 - c) The passenger compartment must have a minimum unobstructed available length of 1.2 metres for a wheelchair and user;

- e) The passenger compartment must be fitted with suitable wheelchair anchorages, either chassis or floor linked;
- f) The passenger compartment must be fitted with a suitable 3-point belt or harness, either chassis or floor linked, for a wheelchair and its user. The belt/harness must be independent of the wheelchair anchorages;
- g) The vehicle must have suitable ramps for a wheelchair user. The vehicle must have a secure and safe place for the ramps to be stored when they are not being used. Alternatively, the vehicle may be fitted with a tail lift or some other mechanical means of access, approved by the Council;
- h) Where the vehicle is a rear loading wheelchair accessible vehicle a suitable ramp will be carried in the vehicle to be used at the commencement and end of a journey to ensure that the passenger is delivered safely onto the pavement;
- i) At least one door entrance must be designed and constructed to help elderly and disabled passengers get in and out of the vehicle. The door entrance and any steps must be conspicuously marked, where appropriate, to help visually impaired passengers;
- j) All passenger door entrances must have grab handles or rails suitably located to help elderly and disabled passengers. All handles/rails must be conspicuously marked to help visually impaired passengers;

All vehicles

53. The following are the minimum requirements for all hackney carriages, irrespective of their type:
- a) The vehicle must be wind and water-tight;
 - b) The vehicle must have a floor properly covered with carpet or other suitable covering;
 - c) The vehicle must have an adequate internal light to enable passengers to enter and leave the vehicle safely;
 - d) The vehicle's bodywork and paintwork must be in good condition, free from dents or other damage or rust;

 - f) The vehicle must carry a spare wheel and tyre of the correct size to fit the vehicle, together with equipment to change the wheel including a spare wheel and tyre, jack and wheel brace, all of which must be securely stored. If the manufacturer's specification when the

Appendix 3 of Taxi and Private Hire Policy

vehicle was new did not include a spare wheel, the manufacturer's alternative (e.g. spray can) will be acceptable;

- g) The vehicle must be fitted with tyres which meet the specifications detailed by the manufacturer in terms of size and speed rating. They must comply with the legal requirement of tyre depth.

- i) The vehicle must have at least one window on each side of the passenger compartment which is capable of being opened and closed;
- j) All seats must be securely fixed/bolted to the vehicle and must be factory fitted with a 3-point seat belt or, where that was not a manufacturer's option when the vehicle was manufactured, a factory fitted lap belt. Any retrospectively fitted seat belts must be approved by the Council;
- k) The vehicle must be fitted with glass which complies with current Construction and Use Regulations (the Road Vehicles (Construction and Use) Regulations 1986 as amended). These regulations require that the front windscreen allows 75% of light to be transmitted and the front door windows allow 70% of light to be transmitted. In addition, the remaining glass within the vehicle must have a minimum light transmittance of not less than 70%. The rear of the vehicle must be fitted with at least one window (or one window per rear door fitted), the light transmission capacity of which must be a minimum of 70%. No self-adhesive material (tinted or clear) can be affixed to any part of the glass without the approval of the Council;

- o) The minimum unobstructed distance between the uncompressed seat cushion and the roof must be 0.9 metres (measured 0.25 metres from and parallel with the seat back) in relation to the front passenger and driver seats, and 0.84 metres in relation to any other passenger seats;

Appendix 3 of Taxi and Private Hire Policy

- p) The minimum unobstructed distance between the seat back and the foot well bulkhead/facing seat back must be 0.95 metres in relation to the front passenger and driver seats, and 0.6 metres in relation to any other passenger seats;
- q) The minimum unobstructed interior width of the vehicle must be 1.3 metres (excluding any arm rests);
- r) Any vehicle that has been converted to run on liquid petroleum gas (LPG) must be accompanied by a certificate stating that the conversion was undertaken in accordance with the LPG gas Association's code of practice, and if the conversion was undertaken more than one month before the application for the licence, an annual installation check which is not more than one month old.

54. In addition, in all types of hackney carriage the following requirements must be met.

Seating

55. Access to all doors must be free from obstruction. Any seats that require passengers to move any part of another seat to gain access or egress must have at least 300mm at the narrowest point. The available boot space must allow room for a standard folded wheelchair. The seating configuration and number of passengers that can be carried is subject to assessment by the Council, but each seat must have a minimum width of 41cm. If the above cannot be complied with seats can only be removed to achieve compliance if the vehicle is designed at manufacture to remove seats as part of its design.

Documents

56. A vehicle licence will only be issued where the vehicle has evidence of:

- a) A valid vehicle insurance certificate specifically stating that the vehicle is to be used for public hire/hackney carriage use.
- b) A compliance certificate issued by the Council approved tester which is less than 1 calendar month old.
- c) A V5 vehicle registration document. In the case of a new vehicle, the sales invoice which must show engine and chassis numbers, shall be produced at the time of application and the registration document when it is received from DVLA. The registration document must in all cases be produced within 6 weeks of the licence being issued.

Appendix 3 of Taxi and Private Hire Policy

57. Before or on the date of expiry the relevant renewal certificate must be produced to the Council. This can be done electronically or direct from the originator.
58. All documentation must be originals when copied. If the document has already been produced we will not normally request a copy. Online copies will be accepted directly from the original issuer.

Engine/Chassis Numbers

59. The Chassis/Vehicle Identification Number Plates and engine numbers must match the numbers recorded with the DVLA as detailed on the V5 Document. Vehicle applications cannot be accepted without a copy of the vehicle registration document, or in the case of new vehicle purchase, the sales documentation indicating the engine and chassis numbers. In the event of a vehicle being presented with numbers that do not correspond to the paperwork the Council will inform the Police Vehicle Identification Section who may undertake checks to ensure the vehicle is not stolen. If the engine is changed at any time whilst the vehicle is a licensed hackney carriage, the Council must be notified within 72 hours of that change and the updated V5 must be produced as soon as it is received from DVLA.

Maintenance and servicing

60. Vehicles must be maintained correctly and serviced in accordance with the manufacturer's recommendations. If the service history is not available, then an acceptable explanation for this must be provided to the authorised officer of the Council.

Vehicle tests

61. A licence will be granted or renewed only if the vehicle is considered by the Council to be roadworthy, fit for purpose and meets the criteria specified.
62. Vehicles will be compliance tested before the licence is initially granted, then every 12 months for vehicles up to 6 years old and every 6 months for vehicles older than that. Vehicles older than 12 years will require 3 tests per year. The anniversary date for interim MOT's will remain the same, this will avoid loss of time between tests.
63. Compliance tests in relation to new applications and renewals are to be carried out at the Council's testing centre at Rotherwas in Hereford.
64. If required by age the vehicle must have an interim MOT certificate which is less than 4 weeks old.

Appendix 3 of Taxi and Private Hire Policy

65. The applicant or licensee must make an appointment for the vehicle to be tested as part of the application process. It is the responsibility of the applicant/licensee to do this and then to ensure that the vehicle is presented at the specified location and time. If the vehicle is presented late, there is no guarantee that the test will be able to be conducted on that day and a further test must be arranged. In that case the initial test fee will be forfeited and a second fee must be paid for the rearranged test.
66. A test appointment can be cancelled only if at least two clear working days' notice (excluding Saturday, Sunday and Bank Holidays, the day on which notice is given and the day of the test) is given to the Council.

Dual Plating

67. Once a vehicle is licensed as a hackney carriage by the Council, it cannot be licensed as a hackney carriage (or private hire vehicle) by any other local authority during the duration of the Herefordshire licence.

The Council will not licence a vehicle that is licensed as a hackney carriage or private hire vehicle by another local authority.

Insurance "write-offs"

68. The Council will not licence any vehicle as a hackney carriage that has been written off by an insurance company.

Vehicle Use

69. You must maintain a policy of insurance for your licensed vehicle in accordance with section 143 of the Road Traffic Act 1988.
70. If your hackney carriage vehicle has an accident which results in damage which may affect its safety, performance, or the comfort or convenience of your passengers, you must report this to the Council within 48 working hours (section 50(3) of the 1976 Act). The vehicle must not be driven, apart from to a garage for assessment, repair or testing until the Council confirm that it is satisfactory
71. You must not obstruct any Authorised Officer or police Officer. You must provide assistance or information they may reasonably require (section 73 of the 1976 Act).
72. Any person driving a hackney carriage vehicle at any time, for any purpose and anywhere in the United Kingdom, must be licensed to drive a hackney carriage under section 46 of the 1847 Act, even if the vehicle is not being

Appendix 3 of Taxi and Private Hire Policy

used for hackney carriage or pre-booked purposes. Any person driving a hackney carriage without the required hackney carriage driver licence will be committing an offence under section 47 of the 1847 Act. The only exceptions to this are when the vehicle is being tested by the Council or a mechanic in connection with vehicle maintenance.

73. If any hackney carriage proprietor permits a person who does not hold a hackney carriage driver licence to drive the vehicle at any time (other than in accordance with the exceptions detailed above) the proprietor commits an offence the Council will consider this a serious matter and action may be taken against the hackney carriage proprietor (vehicle) licence (whether or not a criminal prosecution or conviction ensued).
74. Once a vehicle has been licensed as a hackney carriage by the Council, it retains that status at all times for the duration of the licence (24 hours a day, 7 days a week). In addition to the requirement that it is only driven by a hackney carriage driver licensed by the Council (see above) the proprietor must ensure that at all times and wherever it may be located, it complies with all requirements contained within the legislation and conditions. This includes the cleanliness of the vehicle, display of licence plates and additional signage.
75. If the hackney carriage proprietor (vehicle) licence is suspended, revoked or not renewed, the proprietor must return the licence plates and additional signage to the Council. This must be done immediately after the end of the appeal period (21 days from the written notification of the decision, or after any such appeal is determined or abandoned). If the suspension is immediate (under section 68 of the 1976 Act) this requirement must be complied with immediately.
76. If the proprietor refuses to surrender the vehicle plates and additional signage, tamperproof "Vehicle Licence Suspended" stickers will be affixed to the vehicle plates. These will destroy the plates, and replacements must be purchased from the Council if and when the suspension is lifted.

Warning Notice

77. If there is anything in the design, construction, form or working appearance of a vehicle which, in the opinion of the Council or its Authorised Officers or testers renders the vehicle unfit for hackney carriage use (which includes pre-booked work), then the Council will not licence that vehicle.
78. The Council is not liable for any expense incurred in preparing or testing a vehicle which cannot be licensed for whatever reason.

79. Any unauthorised modifications made since a previous licence was issued may lead to the suspension, revocation or refusal to renew a licence.

Taximeters

80. All hackney carriage vehicles must be fitted with a Council approved taximeter.
81. The meter must be accurate, be capable of showing that the vehicle is for hire, it must be fitted with a key or other device that, when turned, will operate the meter and must be capable of locking the tariff until the end of the journey.

Duration and renewal of the licence

82. The licence expires 12 months from the date of issue. Any application for renewal should be made at least one month before the licence expires. If you do not apply to renew the vehicle licence in time there may be a period when you will be unable to use the vehicle as a hackney carriage. If the renewal application is not received before the expiry of the current hackney carriage proprietor (vehicle) licence, it will be treated as a new application rather than a renewal and you will have to provide all the information and vehicle that is required for a new application. In that case any acquired rights will be lost.
83. Renewals are generally dealt with by officers under delegated powers, and can be processed quite quickly. However, if there have been any changes since the last grant of the licence (e.g. if the vehicle's age or emissions exceed the policy or you or any of your joint proprietors (or directors or secretary in the case of a limited company) have been convicted of any offence, or there have been complaints or causes for concern about your behaviour) the renewal application may need to be considered by Committee/Panel. If this is the case, then a 2 month temporary licence may be considered, without prejudice to any decision the Committee might make. This will only be considered if there are no safeguarding or public safety implications to issuing a temporary licence.
84. The licence is issued to you but it can be transferred to another individual, partnership or limited company. Notification of any transfer must be made in writing and indicate the consent of all interested parties. The Council will then issue a revised licence identifying the new licensee(s).
85. Following any transfer of licence to another person, on expiry of that licence, renewal will be at the Council's discretion.

Plates and Additional Signage

86. The licence plates and other additional signage required by the Council must be displayed on the vehicle at all times. In addition, wheelchair accessible vehicles will be required to display "Wheelchair" stickers at all times.
87. If you lose or damage the plates, replacements must be purchased from the Council.

Accidents and temporary vehicle transfer conditions
