CASE OFFICER UPDATE

Officers would like to draw Members of the Planning Committee attention to the fact that no plans have been submitted for the proposed garage (elevations or floor plans) associated with the proposed 5 dwellings. As such garages have not been considered within this application and a separate application would need to be submitted and permission sought separately. The proposed garages are not included within the description of development.

Paragraph 1.4 incorrectly refers to listed buildings within the application site. There are no listed buildings within the site.

Paragraph 6.77 refers to outline development which is incorrect as it is a full application.
