Purpose

To present to the Audit and Governance Committee the External Auditor's Annual Report 2022/23 for information and discussion.

Recommendation(s)

That:

- a) **The committee reviews the external auditor's report, notes its findings and recommendations and considers the management responses.**

Alternative options

1. There are no alternative recommendations. The auditor's Annual Report forms part of the statutory external audit of the Council.

Key considerations

2. The external auditor's draft Annual Report for 2022/23 is attached at Appendix 1. Under the National Audit Office Code of Audit Practice, the external auditor is required to consider whether the Council has put in place proper arrangements to secure economy, efficiency and effectiveness in the use of its resources. The Annual Audit Report looks back over the 2022/23 year and summarises all of the reports and work that the external auditors have undertaken. The report closes the 2022/23 audit.

3. As well as reporting on overall arrangements, the external auditor has considered whether there were any significant risks or weaknesses in the arrangements in place. The report includes the external auditor's findings together with their recommendations as to how any weaknesses identified can be addressed.
4. Across the public and private sectors, the Financial Reporting Council (FRC) has set out its expectation of improved financial reporting and the requirement for auditors to demonstrate increased scepticism and challenge; to undertake additional and more robust testing referred to as 'raising the quality bar' of audit.
5. The auditor judgement for 2022/23 reflects this additional challenge and scrutiny against the Value for Money criteria areas. As a consequence of increased audit review and tougher evaluation criteria, improvement recommendations have been made in respect of arrangements previously assessed and confirmed as robust and appropriate, despite there being no changes to these arrangements over the period of audit review.
6. The report focuses on the arrangements in place during the financial year ended 31 March 2023 under three key themes: financial sustainability, governance and improving economy, efficiency and effectiveness in the use of resources. Improvements noted across these themes during 2022/23 are summarised on pages 3 and 4 of the report.

Financial Sustainability

7. The auditor's work considers the council's arrangements to identify risks to financial resilience, financial pressures and funding gaps as well as the robustness of financial planning and monitoring activity to support strategic priorities.
8. In this area, the report notes that there are no significant weaknesses in arrangements; with robust and realistic financial planning arrangements and appropriate financial monitoring and reporting. The report notes the council's comparatively stable financial position, despite challenges in the sector.

Governance

9. The auditor's work considers how the council monitors and assesses risk, gains assurance over the effectiveness of internal controls and how the council makes properly informed decisions, supported by appropriate evidence to allow for challenge and transparency.
10. In this area, the report notes that there are no significant weaknesses in the council's governance arrangements for ensuring that it makes informed decisions and properly manages risks. There are sound arrangements in place, including internal audit and counter fraud and to ensure appropriate behaviours and standards.

Improving economy, efficiency and effectiveness in the use of resources

11. The auditor's work considers how the council uses financial and performance information to identify areas for improvement and evaluate service delivery, stakeholder engagement and expected benefits from commissioning and procurement activity.
12. In this area, the report notes that two significant weaknesses identified in 2021/22 have been addressed by the council but one significant weakness remains in respect of improvement in children's services. A key recommendation has been included at page 7 of the report.
13. The improvement of children's services remains a key priority for the council and work continues with the Department for Education, the appointed Commissioner and with Leeds City Council as part of the children's services improvement programme.

Community impact

14. One of the principles in the council's code of corporate governance is to implement good practices in transparency, reporting, and audit to deliver effective accountability. To support effective accountability the council is committed to reporting on actions completed and outcomes achieved, and ensuring stakeholders are able to understand and respond as the council plans and carries out its activities in a transparent manner. External audit contributes to effective accountability.

Environmental Impact

15. Herefordshire Council provides and purchases a wide range of services for the people of Herefordshire. Together with partner organisations in the private, public and voluntary sectors we share a strong commitment to improving our environmental sustainability, achieving carbon neutrality and to protect and enhance Herefordshire's outstanding natural environment.
16. Whilst this is a report for information and will have minimal environmental impacts, consideration has been made to minimise waste and resource use in line with the council's Environmental Policy.

Equality duty

17. Under section 149 of the Equality Act 2010, the 'general duty' on public authorities is set out as follows:
A public authority must, in the exercise of its functions, have due regard to the need to –
 - a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
 - c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
18. The public sector equality duty (specific duty) requires us to consider how we can positively contribute to the advancement of equality and good relations, and demonstrate that we are paying 'due regard' in our decision making in the design of policies and in the delivery of services. As this is a decision on back office functions, we do not believe that it will have an impact on our equality duty.

Resource implications

19. There are no specific resource implications from the report itself. However, there may be resource implications from implementing specific recommendations. If these cannot be contained within approved budgets, then a specific decision will be presented for approval.

Legal implications

20. There are no specific legal implications arising from this report itself.

Risk management

21. Specific risks are included within the external auditor's report.

Consultees

22. None.
