**Subject:** RE: URGENT RE: SUPPLEMENTARY INFORMATION: Application for a grant of a premises licence in respect of Wye Lounge, 39 High Street, Ross-on-Wye, HR9 5HD - Licensing Sub Committee - 26 March, 10:00 a.m.

Dear Emma,

Many thanks for your prompt response.

We understand the situation and, in any eventuality, as per my previous email, fully agree with the useful condition raised by Mrs Josie Warren-McCauley at EH (by way of extended hours on Sunday).

Thank you again, for your assistance,

Yours sincerely

Chris

Good afternoon

I'll address the issue with the supplementary information served this afternoon

This was indeed in fact received by licensing on 20.02.2024 (within the consultation period) and for some unknown reason it was received into the junk email box and was found this afternoon, hence the reason it has been circulated today.

The email received (copy attached) states that you had agreed to these conditions prior to this afternoon and I will address this issue during tomorrow's report

Many thanks

Emma

Dear Matthew,

Thank you for the attached supplementary information.

We note that, whilst this is out of time, the additional conditions in *italics* are agreeable to the applicant as a useful safeguard and consequently agree them.

You will be aware of my submission by email this morning, regarding the matter of three minutes being insufficient to articulate the case and matters contained therein, with a request that the Sub Committee kindly respond with an amended timeframe.

Having heard nothing back, may I ask that two matters be put before The Committee.

Firstly, that I will be making a representation in the face of the SLC, at the start of the hearing.

Secondly, I place before The Committee, the full written submission of our presentation, prior to The Hearing.

The presentation may be further shared with other parties, at your discretion.

Thank you for your assistance in this matter.

Yours sincerely,

Chris Lucan | The Licensing Guys
