

## **Appendix 2 – Road Safety Education (September 2024 – March 2025)**

- 24 schools reached, educating 1,803 children (4–11 years)
- 237 children (7–8 years) given practical training around kerbside pedestrian safety at 4 schools.
- Increasing tailored road safety education for SEND pupils, delivered at specialized hubs and schools.
- Sessions delivered for children's residential settings (e.g. Ross on Wye).
- Free loan of 'Street Feet' role-play resources to nursery and early years setting, introducing road safety to young children. Downloadable lesson plans provided for teachers where in-person delivery isn't possible.
- 38 parking pals signs provided across 13 schools encouraging considerate parking and driving.
- Guidance for parents and carers relating to child car safety shared via Children's Centres and health visitors.
- Your Impact: VR-led road safety awareness for 14–16-year-olds, focusing on pre-driver/passenger safety, reaching 1,566 students across nine schools/colleges.
- Green Light Programme: Delivered by West Mercia Police to 16+ students in Herefordshire colleges
- Older Driver Refresher: Self-referred two-hour £20 driving session benefiting 36 residents (70+ years). We aim to increase this number year on year.
- School Crossing Patrols: Active at nine sites, supporting safe routes to schools.
