#### Foreword from the Chief Executive

In my fourth year as Chief Executive, Councillors and staff have continued to work together to deliver improvements against our corporate priorities: protecting and enhancing our environment, enabling residents to realise their potential in safe and supportive communities, delivering sustainable economic growth across the county and providing services efficiently to demonstrate value for money.

In February 2024, Council approved its budget for 2024/25 and performance against the budget is set out in this Statement of Accounts and the revenue outturn report presented to Cabinet. Our sustainable financial strategy for 2025/26 and onwards, builds on the prudent approach and robust financial management exercised in 2024/25 and previous years. This strategy aims to preserve and protect the council's future financial resilience and sustainability at a time of increasing cost pressures and uncertainty over future funding arrangements, to ensure the council can achieve an ambitious programme of innovation and improvement to deliver the best for Herefordshire.

As a result of the robust management of the revenue budget and responsible stewardship of the council's financial resources, the council is in a strong and resilient position to respond to and withstand future financial pressures and deliver improvements for residents. Some notable successes in 2024/25 included:

- We have continued to make progress to improve the quality of services and improve outcomes for our children and young people; reviews by Ofsted and the Children's Commissioner have recognised evidence of progress and the council's commitment to ensure the voices of children, young people and families are heard and actively involved in service development and delivery.
- The council received additional funding from Arts Council England in 2024 to support the major refurbishment and extension of Hereford Museum and Art Gallery. This exciting project, alongside renovation of the Shirehall as the city's new library and learning centre, will put Herefordshire on the map as a destination for art, history and culture.

- We continued to support residents and businesses across the county: providing financial support to around 11,500 households through the Council Tax Reduction scheme, supporting a range of people through flexible use of the Household Support Fund and delivering a programme of free activities during school holiday periods through the Holiday Activities and Food Programme.
- The Herefordshire Youth Employment Hub officially opened in February, offering advice and support to help young people aged 16-24 into work, education and apprenticeships. The hub, which is a partnership between the council and the Department for Work and Pensions, will provide a positive start to the future working lives of many young people in the county.
- Council staff and partner agencies worked tirelessly to respond to severe weather events in the winter months; minimising the impact of flooding to keep households, businesses and road users safe and supporting vulnerable residents, including providing shelter for those sleeping rough.
- Work has commenced on the development of detailed plans for the first phase of the Hereford Western Bypass. The planned route will ease traffic flow in south Hereford and make it easier to access employment land and support economic growth south of the river.
- Innovation and excellence across the council has received national recognition in 2024/25; the Luston Wetland project was awarded the Local Government Chronicle (LGC) Award for Environmental Services and the Royal Town Planning Institute West Midlands Awards for Planning Excellence, and the council's Finance Team won the Public Finance Award for Excellence in Governance, Reporting and Assurance.

Looking forward to 2025/26 and beyond, the council has set a balanced and realistic budget which is supported by robust financial controls and monitoring arrangements. We will continue to strengthen the council's financial resilience to deliver service improvements and enable the council to take advantage of opportunities to 'get ahead' of risks, financial pressures, planned local government reform and be fit for the future.

#### Paul Walker, Chief Executive

#### **About Herefordshire Council**

Herefordshire is a county with a rich history and proud heritage, covering a geographic area of 840 square miles. It is home to nearly 200,000 residents across rural villages and vibrant market towns with a thriving economy combining long-standing agriculture and food production industries alongside innovative businesses in cyber and technology, construction, manufacturing and engineering.

The continuing impact of increasing demand for adult and children's social care, temporary accommodation and home to school and SEND transport services has placed the council's resources under significant pressure during 2024/25.

Robust, timely monitoring of the revenue budget and responsible stewardship of financial resources throughout 2024/25 has enabled the council to respond to and mitigate these financial pressures. The Corporate Leadership Team has continued to exercise robust financial management of the forecast position throughout the year; monitoring the impact of planned mitigations and recovery actions on the in-year forecast and the progress of delivery of approved savings targets.

The council has continued to make arrangements to secure value for money in its use of resources throughout the year; strengthening governance and risk management arrangements and managing key financial pressures to deliver corporate objectives, service improvements and transformation.

## **Our Vision and Corporate Priorities**

The Herefordshire Council Plan 2024-2028, approved in May 2024, sets out how the council will make its contribution to achieving success across the county; delivering the best for Herefordshire in all areas of service delivery and developing a council that engages with the communities it serves. The Plan sets out the vision for the future, with a focus on key priorities of People, Place, Growth and Transformation, with partnership working at the core of all activity.

The Plan is supported by an annual delivery plan which outlines the activities to be undertaken to the identified outcomes. Achievement against the delivery plan is monitored through a robust performance monitoring framework incorporating a suite of management and performance information reports used across teams and services.

#### **PEOPLE**

We will enable residents to realise their potential, to be healthy and to be part of great communities that support each other. We want all children to have the best start in life.

#### **PLACE**

We will protect and enhance our environment and ensure that Herefordshire is a great place to live. We will support the right housing in the right place and do everything we can to improve the health of our rivers.

#### **GROWTH**

We will create the conditions to deliver sustainable growth across the county; attracting inward investment, building business confidence, creating jobs, enabling housing development and provide the right infrastructure.

#### TRANSFORMATION

We will be an efficient council that embraces best practice, delivers innovation through technology and demonstrates value for money.

#### **UNDERPINNING THEME - PARTNERSHIP WORKING**

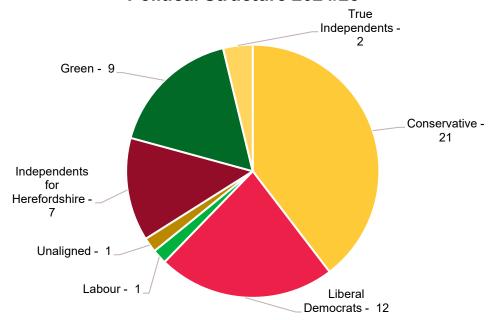

Partnership working is central to Herefordshire Council's success and to delivering the best results for our residents. We are stronger together and the council will always work to build strong, effective partnerships to ensure our county is much more than the sum of its parts.

#### **Our Governance and Political Structure**

Herefordshire Council operates a leader and cabinet model of governance. The council's 53 elected members meet together as full Council to set the policy framework, agree the budget and spending plans, set the Council Tax, elect the leader of the council and chairs of committees and make constitutional decisions.

The chart below shows the political structure of the council as at 31 March 2025:

#### Political Structure 2024/25

Decision making takes place at a wide range of levels across the council.

The constitution defines the various roles of officers and members:

- Council (all 53 elected members) approves the constitution, the budget and the main policies and priorities for the council; it delegates much of its day to day decision-making (such as planning and licensing) to a number of committees, or to officers;
- Cabinet (the executive) is responsible for all decisions which the law, or Council, does not require to be taken by others; and agrees policies and actions to implement the budget and policies set by Council;
- Officers: take operational decisions in order to put agreed policies and strategies into effect and to deliver services efficiently; and
- Overview and scrutiny: scrutinises decisions and advises the cabinet and Council on policy issues.

The council also works in partnership with a range of organisations from the public, business, and voluntary and community sectors in order to deliver the best services, as efficiently as possible for the county. Further details of the council's governance arrangements are provided in the Annual Governance Statement.

## **Council Leadership Team**

The Chief Executive is responsible for the operational management, leadership and strategic direction of the council, supported by the senior Leadership team comprising Corporate Directors from the three directorates: Community Wellbeing, Children and Young People, Economy and Environment, together with the corporate services directors. The council has responsibilities for a wide range of services including: economic development, education, environmental health and animal welfare, highways, housing, leisure and culture, local tax collection, passenger transport, planning, public health, social care (adults and children), strategic planning, trading standards, transport planning, waste collection and disposal. The council is also the 'corporate parent' to children and young people in its care.

#### **Our Performance**

## **Community Wellbeing**

The council's priority is to protect and improve the lives of vulnerable people and to enable residents to live healthy lives within supportive communities. We aim to support individuals to live as independently and healthily as possible through investment in prevention, early intervention and the use of technology and to encourage communities to help each other through a network of community hubs. We have strengthened our commissioning practice in 2024/25, supported by a restructure of the All Ages Commissioning Service and have recommissioned supported living and community activity services to modernise the offer of support for working age adults.

Our adult social care services continued to work closely with the hospital to manage effective discharge from hospital throughout the year, reviewing homecare and care home capacity to manage the increasing demand. We have continued to support residents during 2024/25 with financial support provided for vulnerable households, school holiday food vouchers and free activities provided for children in receipt of free school meals plus additional support for eligible households, care leavers and pensioners towards food and energy costs.

Development of the county's cultural offer has continued throughout 2024/25. The redevelopment of Hereford Museum and Art Gallery reached a major milestone in July 2024, when planning permission and listing building consent was granted. Work to develop gallery plans and community engagement activities continues to explore how the museum and gallery can celebrate Herefordshire's unique heritage and identity. Renovation of the Shirehall, to transform one of Hereford's most historic buildings, into a new library and learning centre has also progressed this year and plans are in development to provide improved facilities for learning, digital literacy and cultural activities.

## **Economy and Environment**

Investment in the county's highway network has continued in 2024/25 with £8m invested in resurfacing works and additional investment in a programme of surface dressing to prolong the life of the roads, strengthen the resilience of the network and deliver quicker, safer and smoother journeys.

We have also supported parish and town councils for local public realm improvements and invested in replacement public rights of way structures to enable the reopening of routes across the county so that residents and visitors can access and enjoy the countryside.

We commenced procurement activity for a new provider of public realm services this year, with a view to securing a new contractor from June 2026. This process will evaluate tenders to ensure the council appoints a provider to deliver the best for our communities, keeping roads and public spaces well maintained and safe.

The new waste collection services contract started in September. The services is delivered by a new fleet of vehicles, including two electric refuse collection vehicles, and will see greater reuse of bulky items, weekly collections of recycling for areas with no external storage space and the expansion of commercial recycling bin options.

The council's pioneering Luston Wetland project, which captures and removes phosphate to improve the wellbeing of rivers and enable the trading of credits for new homes, was acknowledged with a Local Government Chronicle (LGC) Award for Environmental Services in June 2024. The Wetlands demonstrates the council's commitment to improving environmental sustainability, tackling river pollution and addressing the gap in housing identified in our Local Plan.

## **Children and Young People**

The transformation and improvement of Children's social care services, to improve outcomes for children and young people across the county, remains the council's number one priority. The Herefordshire's Children's Services and Partnership Improvement Plan Phase 2, endorsed by Cabinet in 2024, will support the service to increase the pace of improvement focusing on four fundamental foundations of good practice: Building relationships, Quality of assessments, Quality of plans and planning and Supervision and management oversight.

Ofsted Monitoring visits have taken place throughout 2024/25 and the DfE appointed Children's Service Commissioner has continued to monitor progress in the delivery of improvements. Following each visit, findings and the evaluation of progress made have informed changes to working practices and the Improvement Plan has been updated to ensure that planned activity addresses the priority improvement areas identified by Ofsted. Strengthened financial management in the Directorate has had a positive impact on the budget outturn position and delivery of in-year savings targets.

## **Our Financial Performance**

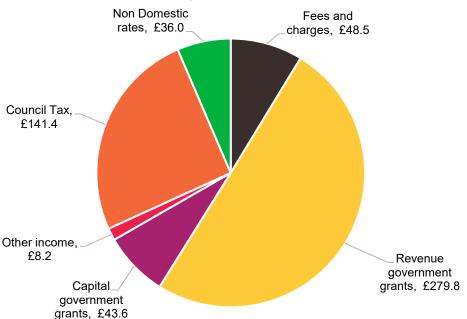

## **Revenue Summary**

The council receives funding from three main sources:

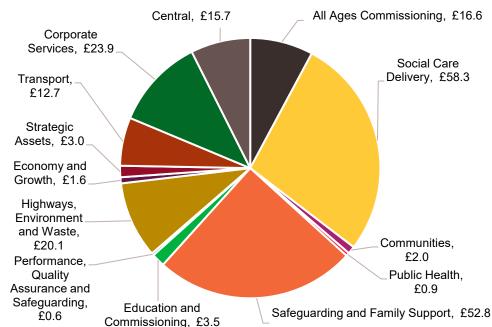

- Government grants
- Council tax
- Business rates

The council also generates income from fees and charges from the services it provides. The charts below show the funding received in 2024/25 and how these funds were spent on services in the year:

## Gross funding 2024/25 £557.5m

## Net expenditure 2024/25 £212.3m

#### 2024/25 Revenue Outturn

In February 2024, the council approved a net revenue budget of £212.8 million. The revenue budget shows the annual cost of delivery against the council's duties and responsibilities to the community, many of which are statutory functions.

The council delivered an underspend of £0.5 million (0.2% of budget) in 2024/25 after the use of reserves and recovery plan actions implemented by management during the year. The following table shows the council's actual spend for the year against its planned spend for the year by Directorate with the difference between the two shown as the variance. The negative figures are those where spend was less than planned and the positive figures are where spend was greater than planned.

Service area	Budget £m	Outturn £m	Variance £m
Community Wellbeing	76.2	77.8	1.6
Children and Young People	59.7	56.9	(2.8)
Economy and Environment	26.7	25.3	(1.4)
Corporate Services	22.2	23.9	1.7
SEN&Home to School Transport	9.3	12.7	3.4
Directorate Total	194.1	196.6	2.5
Central, Treasury Management	16.4	15.7	(0.7)
Supplementary Budget	2.3	-	(2.3)
Total	212.8	212.3	(0.5)

The Community Wellbeing Directorate budget delivered an overspend of £1.6 million (2.0%) against its £76.2 million net budget after application of £4.0 million from the Budget Resilience Reserve. The Directorate has managed significant cost pressures throughout 2024/25 due to increased demand and complexity of need for the county's ageing population, increased demand for temporary accommodation, the impact of hospital high occupancy rates and an increase in the number of individuals unable to fund their own care linked to the impact of increases in the cost of living and inflation.

The Directorate will continue to respond to these challenges in 2025/26 through robust management of high-cost adult social care packages, increased collaboration with health and community partners to maximise funding arrangements and improved utilisation of existing care contracts.

The 2024/25 revenue budget included additional investment of £17.6 million for Children & Young People services to provide sufficient funding to meet growing demand, greater complexity, national challenges in workforce recruitment and retention and increased financial constraints.

The Children & Young People Directorate delivered an underspend of £2.8 million on its £59.7 million budget in 2024/25 and delivered planned savings of £2.3 million in full through reductions in high-cost placements and conversion of agency social workers to permanent posts, creating a more stable and resilient workforce.

The budget amendment, approved in February 2024, allocated additional budget of £2.3 million to the Children & Young People Directorate to mitigate against non-delivery of savings in 2024/25. As savings have been delivered in full, the additional budget has not been used and is presented as an underspend which contributes to the overall underspend position for the year.

The Economy and Environment Directorate achieved an underspend of £1.4 million on its £26.7 million net budget. The outturn position comprises overspends in Planning and Development Control offset by reduced energy costs, reduced waste disposal contract expenditure as a result of reduced in-year tonnage rates and additional income from fees and charges for services delivered by the Directorate.

The Corporate Services Directorate delivered an overspend of £1.7 million which represents savings targets not delivered in 2024/25, staffing cost

pressures and an increase in the external audit scale fee as set by the Public Sector Audit Appointments.

Expenditure against the Home to School and Special Educational Needs and Disability (SEND) transport services budget delivered an overspend of £3.4 million in 2024/25. The provision of transport services represents a significant pressure in Herefordshire and nationally and, ahead of any substantive reform, the council continues to identify strategies to manage increasing demand and cost pressures.

Central and Treasury Management budgets achieved a total underspend of £0.7 million which represents positive variances as a result of prudent treasury management activities, in line with the approved Treasury Management Strategy and dividend income.

This outturn position is reconciled to the figures shown in the comprehensive income and expenditure statement in note 8: Expenditure and funding analysis.

#### **Capital Investment Programme**

In February 2024, the council approved a revised capital budget of £160.0 million for 2024/25. The final capital programme for the year following reprofiling of expenditure to future years, addition of new grants and projects like the acquisition fund for housing provision totalled £97.0 million and included the following significant capital projects:

- **Fastershire**: a partnership between Herefordshire Council and Gloucestershire County Council to bring faster broadband to homes and businesses across the two counties. Phase 2, to extend coverage across the counties, was completed in 2024/25.
- **Hereford City Centre Transport Package**: design work for the delivery of the transport hub is complete, planning has been awarded and construction will begin in 2025/26; this project is supported by increased funding of £6.3 million from the Levelling Up Fund.
- Resurfacing Herefordshire Highways & Local Transport Plan (LTP) Grant: £4.9 million of resurfacing work has been undertaken for highways across the county plus additional spend of £15.5 million in highways improvements from the annual Local Transport Plan Grant.
- **Home Energy Efficiencies**: £3.6 million in Home Upgrade Grants have been distributed in 2024/25 to enable residents to benefit from more energy efficient heating systems and energy efficient home improvement. This project has now completed and will be replaced by the Warm Homes Fund.
- Schools Maintenance Grant: over £3.3 million was spent on improvements to schools including new roofs, internal works and replacement boilers.
- Brookfield School: Construction work has commenced to deliver planned improvements, due to complete in October 2025.
- **Waste**: Purchase of a fleet of vehicles, including two fully electric vehicles, for the new waste collection contract and improvements to the depot, along with new EV charging points took place in 2024/25.
- **UK Shared Prosperity and Rural Prosperity Grants:** A total of £2.4 million in capital grants were allocated across local businesses to support growth across the county.

#### 2024/25 Capital Outturn

The total expenditure on capital projects in 2024/25 was £74.1 million which represents 76% of the revised budgeted programme. This expenditure was financed by capital grants of £45.8 million, prudential borrowing of £23.2 million, revenue reserves of £0.2 million and capital receipts of £4.9 million.

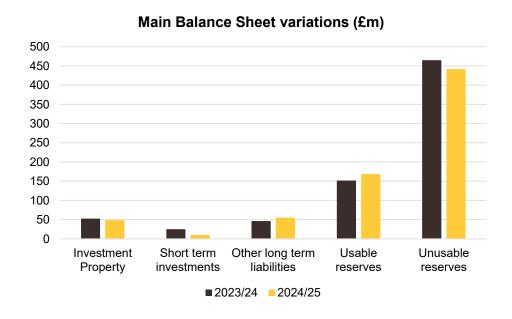

The £22.9 million underspend comprises £5.2 million of projects that have delivered below project budgets and a further £17.7 million of budgets to be carried forward to 2025/26.

Summary Financial Position	Approved budget £m	Revised budget £m	Expenditure £m	Variance £m
Community Wellbeing Delivery Board	20.4	10.9	6.5	(4.4)
IT Services Partnership Board	1.8	2.1	1.0	(1.1)
Growth Delivery Board	55.3	24.4	18.1	(6.3)
Infrastructure Delivery Board	62.7	50.5	39.8	(10.7)
Commissioning Delivery Board	19.8	9.1	8.7	(0.4)
Total	160.0	97.0	74.1	(22.9)

#### **Assets and Liabilities**

The Balance Sheet summarises the council's financial position at 31 March 2025 and reports the assets, liabilities and reserves which show what the council owns and how much it owes. The council's net assets have decreased by £6.8 million from £616.7 million at 31 March 2024 to £609.9 million at 31 March 2025. The key balance sheet variations are noted in the following table and chart:

Summary Financial Position	31 March 2024	31 March 2025	Movement
	£m	£m	£m
Assets (what we own)	872.2	890.7	18.5
Liabilities (what we owe)	(255.5)	(280.8)	(25.3)
Net financial position (assets less liabilities)	616.7	609.9	(6.8)
The net financial position is held in reserves as follows:			
General reserves (usable)	(151.8)	(168.4)	(16.6)
Other reserves (unusable)	(464.9)	(441.5)	23.4
Total reserves	(616.7)	(609.9)	6.8

#### **Borrowing and Investments**

The Treasury Management Strategy, approved annually by Council, outlines the proposed borrowing and investment strategy, the council's expected minimum revenue provision and the associated prudential indicators which demonstrate that the council's proposed capital investment budget is affordable, prudent and sustainable. External borrowing is obtained, where necessary, to support the council's capital programme and borrowing limits are set in accordance with the Prudential Code for Capital Finance in Local Authorities. New long-term borrowing of £25.0 million, over a 20-year term, was secured in March 2025 to support delivery of the council's capital programme and liquidity.

Total borrowing at 31 March 2025, including short term loans, was £138.8 million (£121.0 million at 31 March 2024). Principal debt repayments of £7.4 million were made and interest of £4.7 million was paid on all council borrowing during 2024/25. Net borrowing (borrowing less short-term investments) was £128.4 million as at 31 March 2025 compared with £95.6 million as at 31 March 2024.

#### **Other Long Term Liabilities**

The movement in long term liabilities results from an increase in the Private Finance Initiative (PFI) liability, as a result of remeasurement on the implementation of IFRS16 Leases in 2024/25, and a reduction in the pension fund liability.

#### **Pension Fund Liability**

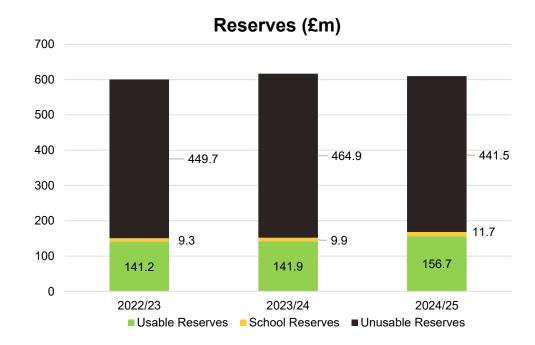

Herefordshire Council's non-teaching staff are members of the Worcestershire County Council Pension Fund. Herefordshire's proportion of the net liability of the Worcestershire County Council Pension Fund as at 31 March 2025 is £7.1 million (£8.2 million at 31 March 2024) on an International Accounting Standard (IAS) 19 basis.

The pension fund position is reviewed every three years and was last revalued as at 31 March 2022, where the in-service contribution rate increased to 18.8% (previously 17.6%) and the deficit contribution decreased to 1.2% (previously 10.4%). These changes have been reflected in the medium term financial strategy.

Further details of the pension liability and assets are set out in the technical annex section of these financial statements.

#### Reserves

The reserves on the balance sheet represent the council's net worth and are split into usable reserves and unusable reserves. The following chart shows the balance of reserves over the last three years. Usable reserves are shown in green, unusable reserves shown in black and reserves belonging to schools are shown in yellow.

#### **Usable Reserves**

Usable reserves are those reserves that can be spent on future services and include general reserves as well as those earmarked for specific purposes. Earmarked reserves are established to hold revenue balances to fund future year commitments over and above the annual budget requirement and to provide cover for risks such as insurance. They generally arise where funding exceeds expenditure, usually due to the timing of receipts being ahead of incurring expenditure. As a matter of good practice, a review is undertaken each year to establish the continued need for reserves held for earmarked purposes to ensure resources can be used to best effect whilst maintaining a prudent level of reserves to meet future anticipated commitments.

#### **Unusable Reserves**

The council also holds a number of unusable reserves, which arise as a result of statutory or accounting adjustments and cannot be used for expenditure on services. These include unrealised gains and losses, particularly in relation to the revaluation of property, and adjustment accounts, which absorb the timing difference between the outcome of applying accounting practice and the amounts required to be charged to the financial statements under statute.

The following accounts normally represent the most significant movements in unusable reserves and are explained further in note 30:

- Revaluation reserve;
- Pensions reserve: and
- Capital adjustment account.

The decrease in unusable reserves is largely due to the in-year Dedicated Schools Grant (DSG) deficit which is accounted for as a negative reserve as permitted by statutory override.

#### **Financial Resilience and Sustainability**

The council's future financial resilience and sustainability is underpinned by robust financial planning to identify key pressures and funding gaps to inform savings and transformation plans which are aligned to strategic and statutory priorities and consistent with workforce, capital, investment and other operational plans.

The approved budget for 2025/26 builds on the prudent approach and robust financial management exercised in 2024/25 and prior years: to preserve and protect the council's future financial resilience and sustainability at a time of increasing cost pressures, reduced Central Government grants, uncertainty over future funding arrangements and planned reorganisation of the local government framework.

A sustainable financial strategy has been developed for 2025/26 and onwards, to ensure the council can achieve an ambitious programme of innovation and improvement to deliver the best for Herefordshire.

The council has developed a 4-year Medium Term Financial Strategy (MTFS) for the period from 2025/26 to 2028/29 to manage risks to its financial resilience including future demand for services and assumptions in funding.

The most significant medium term financial risks identified are:

- Improvement in Children's Services: The council continues to work with the Department for Education and the appointed Commissioner for Children's Services to address required transformation and improvement. The Phase 2 Children's Services and Partnership Improvement Plan was endorsed by Cabinet in July 2024 introducing a Quality Assurance Framework of measures (key performance indicators, service user feedback and audit activity) to enable future progress to be monitored. Performance against the Improvement Plan is monitored and reported on a quarterly basis. The supporting Financial Plan has been revised for 2025/26 to ensure the Children & Young People Directorate is able to continue to deliver savings whilst sustaining improvement in service delivery.
- Safeguarding the financial position of the council: High risk budget areas have been identified and financial support is targeted in these areas. Robust and regular financial monitoring which is reported to Directorate and Corporate Leadership Teams and Cabinet enables the timely identification of actions to mitigate the risk of overspends.
- Increasing demand for Adults and Children's Social Care: Demand led pressures are reflected within our spending plans; additional funding to support increased demand has been applied to Community Wellbeing and Children & Young People Directorate base budgets for 2025/26. In year monitoring of performance and relevant activity data enables Directorates to forecast trends and identify changes in demand. The Budget Resilience Reserve, established in 2024/25,

represents a contingency budget for 2025/26 and future years to mitigate the risks of excessive cost pressures and volatility in demand.

- Volatility in government funding streams: The government settlement for 2025/26 is a one-year settlement; the MTFS reflects prudent estimates and assumptions in the financial planning over the medium term period where it is acknowledged that uncertainty over future funding exists. Government has confirmed that there will be significant reform of funding arrangements in future years, including a Fair Funding Review and reset of Business Rates. The MTFS will be updated to reflect the impact for the council as further information is received.
- Uncertainty in rates of interest and inflation: The council's approved
  Treasury Management Strategy is informed by latest forecasts,
  provided by our external Treasury Management Advisors. Increases in
  borrowing rates will be offset by increases in investment returns.
- High Needs Budgets: These budgets are funded by the Dedicated Schools Grant (DSG), however any overspend remains a council liability. The forecast cumulative deficit position over the medium term period represents a significant financial pressure for the council, in line with the national trend. The cumulative deficit sits as a negative unusable reserve on the balance sheet as permitted via a statutory instrument. This enables all local authorities to ringfence DSG deficits from the council wider financial position in the statutory accounts. This instrument expires at the end of 2025/26, with an implied risk to the General Fund and overall financial position if the council is required to fund the deficit. Measures to contain the deficit and mitigate future cost and demand pressures will be managed through the DSG Deficit Management Plan and the financial impact of agreed mitigations will be monitored and reported throughout the year as part of the council's routine budget monitoring processes and risk management framework.

#### Financial Interests in other organisations

The group accounts show the full extent of the council's economic activities by reflecting the council's interests in other organisations. Inclusion in the Herefordshire Council group is dependent upon the extent of the council's interest and control over the entity. Where an entity is considered to be below materiality levels or the council does not exercise significant influence, it is not included in the group accounts.

In 2024/25, the group accounts include the council's interest in its subsidiary: Hoople Ltd. The financial position of the council, including its interest in Hoople Ltd is presented in the Group accounts at pages 92 to 99.

Rachael Sanders, Director of Finance and Section 151 Officer 25/09/2025

## Statement of responsibilities

#### The Council's Responsibilities

The council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this council, that officer is the Section 151 Officer;
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and
- Approve the statement of accounts

#### The Section 151 Officer - Responsibilities

The Section 151 Officer is responsible for the preparation of the council's statement of accounts in accordance with proper practices as set out in the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this statement of accounts, the Section 151 Officer has:

- Selected suitable accounting policies and then applied them consistently
- Made judgements and estimates that were reasonable and prudent; and
- Complied with the local authority Code of Practice

The Section 151 Officer has also:

- Kept proper accounting records which were up to date; and
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

#### **Certificate of the Chief Finance Officer (Section 151 Officer)**

In accordance with Regulation 9(1) of the Accounts and Audit Regulations 2015, I certify that the audited Statement of Accounts gives a true and fair view of the financial position of Herefordshire Council and its group as at 31 March 2025 and its income and expenditure for the year ended 31 March 2025.

Rachael Sanders, Director of Finance and Section 151 Officer 25/09/2025

#### **Audit and Governance Committee Approval**

In accordance with Regulation 9(2) of the Accounts and Audit Regulations 2015, I certify that Audit and Governance Committee approved the Statement of Accounts for 2024/25.

David Hitchiner, Chair of the Audit and Governance Committee 25/09/2025

## **Comprehensive income and expenditure statement**

The comprehensive income and expenditure statement shows the accounting costs in year of services provided by the council. This is prepared in accordance with International Financial Reporting Standards (IFRS) rather than the amount to be funded from taxation. The taxation position is shown in the movement in reserves statement.

## **Balance sheet**

The balance sheet shows the value of the assets and liabilities of the council, with the net assets matched by the reserves held. Reserves are categorised as usable (those the council can use to provide services), and unusable (those which cannot be used to provide services).

31 March 2024 £m	Balance sheet	Note	31 March 2025 £m
685.8	Property, plant and equipment	19.1	697.5
52.6	Investment property	20	48.5

Note		31				29	30	

## **Cash flow statement**

The cash flow statement shows the change in cash and cash equivalents of the council, and classifies the cash as operating, investing and financing activities. The amount of net cash arising from operating activities is a key indicator of the extent to which the operations of the council are funded by way of taxation, grant income and fees and charges.

2023/24 £m	Cash flow statement	Note	2024/25 £m
7.0	Net (surplus)/deficit on the provision of services		16.1
(35.0)	Adjust net (surplus)/deficit on the provision of services for non-cash movements	32.1	(61.4)
36.1	Adjust for items included in the net (surplus)/deficit on the provision of services that are investing and financing activities	32.2	45.7
8.1	Net cash flows from operating activities		0.4
(13.2)	Net cash flows from investing activities	33	1.8
5.3	Net cash flows from financing activities	34.1	(14.4)
0.2	Net (increase)/decrease in cash and cash equivalents		(12.2)
23.3	Cash and cash equivalents at 1 April		23.1
23.1	Cash and cash equivalents at 31 March	23	35.3
(0.2)	Net increase/(decrease) in cash and cash equivalents		12.2

## 1. General accounting policies

The council is required to produce an annual statement of accounts by the Accounts and Audit Regulations 2015 (as amended), which require the accounts to be prepared in accordance with proper accounting practices. These practices under section 21 of the 2003 Act primarily comprise the code of practice on local authority accounting in the United Kingdom 2024/25, supported by International Financial Reporting Standards. The single entity statements and the statement of group accounts have consistently applied the accounting policies detailed within each note. Where applicable, the statement of group accounts include additional accounting policies specific to the council's subsidiary undertaking, Hoople Ltd.

The Accounts and Group Accounts have been prepared on a going concern basis, under the assumption that the council and its subsidiary will continue in existence for the foreseeable future.

## 2. Accounting standards that have been issued but have not yet been adopted

At the balance sheet date, the following new standards and amendments to existing standards have been published but not yet adopted by the code of practice of local authority accounting in the United Kingdom, these are:

- The Effects of Changes in Foreign Exchange Rate (Amendments to IAS 21) issued in August 2023
- Insurance Contracts (IFRS 17) issued in May 2017
- Property, Plant and Equipment (adaptation and interpretation of IAS 16)
- Intangible Assets (adaptation and interpretation of IAS 38)

None of these amendments are expected to have a significant impact on the council's accounts in future years.

## 3. Critical judgements in applying accounting policies

In applying accounting policies the council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in these statement of accounts are:

#### Interest in companies and other entities

An assessment of all the council's interests has been carried out to determine whether a group relationship between the council and other entities exists on the basis of control and significant influence. Hoople Ltd has been assessed to be a subsidiary because the council owns 80% of the share capital and has been consolidated in the group accounts. Cyber Quarter Ltd has been assessed to be a subsidiary because the council owns 100% of the share capital and has not been included in the group accounts due to materiality. West Mercia Energy has been assessed to be a joint venture because the owning authorities have rights to the net assets of the arrangement and has not been included in the group accounts due to materiality.

#### Schools' assets

The council makes a judgement as to whether to account for schools' assets as if they are owned (on balance sheet) or not owned (off balance sheet). This is an assessment based on the level of control and decision-making. The council has assessed that all community, voluntary-aided and voluntary-controlled schools are included on the balance sheet, this is because the council benefits from the service provision within the building and the flow of economic benefits. There are assets included in land and buildings within property, plant and equipment with a net book value of £216.2 million as at 31 March 2025 (£240.6 million as at 31 March 2024). Free schools and academy schools are not included on the balance sheet.

#### **Energy from Waste plant**

The council has made a judgement to categorise the Energy from Waste plant under "Vehicles, plant, furniture and equipment" instead of "Land and buildings". This categorisation reflects the purpose and value of the asset.

## 4. Assumptions made about the future and major sources of estimation uncertainty

The statement of accounts contains estimated figures that are based on assumptions made by the council about the future or events that are otherwise uncertain. Estimates are made based on historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the balance sheet at 31 March 2025 for which there is significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if actual results differ from assumptions
Property, plant and equipment valuations	The council's external valuers provide valuations at 31 March based on a rolling programme of valuations. The valuations are undertaken by qualified valuers in accordance with the Royal Institute of Chartered Surveyors (RICS) professional standards using recognised measurement techniques.  The value of the property, plant and equipment is dependent upon professional judgement based on information available at the time of valuation.	A variation of 5% in the value of Property, plant and equipment would be approximately £34.9 million from the closing net book value of £697.5 million.  A reduction in the estimated valuations would result in a reduction to the revaluation reserve and/or a loss charged to the comprehensive income and expenditure statement.  An increase in estimated valuations would result in the reversal of any negative revaluations previously charged to the comprehensive income and expenditure statement and/or increases to the revaluation reserve and/or gains charged to the comprehensive income and expenditure statement.
Property, plant and equipment depreciation	Deprecation is charged to the comprehensive income and expenditure statement in line with the expected benefit of each asset over its estimated useful economic life (UEL).  Assets are depreciated over useful lives that are dependent upon assumptions about usage, obsolescence and the level of repairs and maintenance that will be incurred in relation to individual assets.  Assets valued as part of the rolling programme are assigned a UEL by the professional valuer; the UEL of assets not subject to external valuation is estimated by officers with appropriate subject knowledge.	The effect on the depreciation charge of changes in the estimated useful live of assets can be measured:  A reduction of one year in the assessed useful life would increase the depreciation charge by approximately £6.0 million with a corresponding decrease in the property, plant and equipment net book value on the balance sheet from the closing net book value of £697.5 million.

Item	Uncertainties	Effect if actual results differ from assumptions
Pensions net asset/liability valuation	The net liability to pay pensions is calculated every three years with annual updates in the intervening years. A firm of consulting actuaries (Hymans Robertson) is engaged to provide the council with expert advice about the assumptions to be applied. Changes to these underlying assumptions can result in significant variances in the calculated liability. The assumptions and complex judgements applied include the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets.  When a net pension asset is calculated, there is a restriction on the recognition of that asset to the estimated future benefit from that asset in reduced pension contributions. The calculation of this net pension asset ceiling is also subject to actuarial assumptions.	The effects on the scheme liabilities (£495.6 million at 31 March 2025) of changes in individual assumptions can be measured. For instance:  A 0.1% decrease in the discount rate used would increase the liability by £8.0 million.  A 0.1% increase in the inflation rate used would increase the liability by £8.0 million.  A 0.1% increase in the rate of pay growth used would increase the liability by £0.2 million.  An increase of one year in assumed life expectancy used would increase the liability by £19.9 million.

## 5. Prior period adjustments, changes in accounting policies and estimates and errors

Prior period adjustments may arise from a change in accounting policies or to correct a material error. Changes in estimates are accounted for prospectively, whereas changes in accounting policies are applied retrospectively. Material errors in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

#### 5.1. Directorate restructure

The 2023/24 comprehensive income and expenditure statement has been restated to adjust for restructuring of services between directorates that occurred during 2024/25, the impact on the net expenditure is shown in the table below.

Comprehensive income and expenditure line affected	Per 2023/24 Financial Statements £m	Prior Period Adjustment £m	Per 2024/25 Financial Statements comparative £m
Children and Young People	71.1	(4.9)	66.2
Community Wellbeing	76.2	(0.5)	75.7
Economy and Environment	67.6	5.8	73.4
Corporate Services	38.4	(0.4)	38.0

This restatement has also impacted Note 8 Expenditure and funding analysis and Note 9.2 Segmental reporting.

#### 5.2. Grants reclassification

The 2023/24 comprehensive income and expenditure statement has been restated to adjust for grant income between Taxation and non-specific grant income and directorates, the impact on the net expenditure is shown in the table below.

Comprehensive income and expenditure line affected	Per 2023/24 Financial Statements * £m	Prior Period Adjustment £m	Per 2024/25 Financial Statements comparative £m
Children and Young People	66.2	(7.9)	58.3
Community Wellbeing	75.7	(8.6)	67.1
Taxation and non-specific grant income	(242.4)	16.5	(225.9)

<sup>\*</sup>after prior period adjustment in Note 5.1

This restatement has also impacted Note 8 Expenditure and funding analysis, Note 12 Taxation and non-specific grant income and Note 13 Grant income.

## 6. Events after the reporting period

Events after the reporting period are those that occur between the end of the reporting period and the date when the statement of accounts is authorised for issue.

There are two types of event;

- Those that provide evidence of conditions at the end of the reporting period, which are adjusted in the accounts; and
- Those that relate to conditions after the reporting period, which are not adjusted in the accounts, and disclosed in the notes to the statements

#### **Adjusting events**

There are no material adjusting events that have occurred after the reporting period.

#### Non-adjusting events

There are no material non-adjusting events that have occurred after the reporting period.

## 7. Related party transactions

#### **Central government**

Central government has effective control over the general operations of the council. It is responsible for providing the statutory framework within which the council operates and provides the majority of its funding in the form of grants.

#### **Elected Members**

Elected Members of the council have direct control over the council's financial and operating policies. A total of £0.9 million allowances and expenses were paid to members in 2024/25 (2023/24 £0.9 million). Elected members of the council may be involved with other local organisations that provide services for or receive services from the council. For 2024/25, there are no material transactions for services to organisations in which Members have declared interests.

#### **Officers**

Officers of the council may be involved with other local organisations that provide services for or receive services from the council. For 2024/25, there are no material transactions for services to organisations in which officers have declared interests.

#### **Hoople Ltd**

Hoople Ltd is a private limited company which provides business support services to clients in the public and private sectors. Hoople Ltd is owned jointly by Herefordshire Council, Wye Valley NHS Trust and Lincolnshire County Council. The company has been identified as a subsidiary, with the council its majority shareholder. Group accounts have been prepared as the subsidiary is assessed to be material.

In 2024/25, the council spent £19.4 million (2023/24 £17.6 million) on services from the company and received £1.0 million (2023/24 £0.7 million) in income from the company. This is reflected in the single entity comprehensive income and expenditure statement. There is a debtor of £0.6 million (2023/24 £0.6 million) and a creditor of £1.2 million (2023/24 £1.0 million) outstanding at 31 March 2025 and these balances are included in the single entity balance sheet.

The company's Board includes 2 Directors who are employed by the council, these individuals did not receive any remuneration from the company during the year.

#### **Section 75 Framework Partnership Agreements**

The council has 3 pooled budgets covered by a single section 75 agreement between Herefordshire Council and Herefordshire and Worcestershire NHS Integrated Commissioning Board. The transactions during the year are disclosed in note 15.

#### **West Mercia Energy Joint Committee**

The council is represented by its elected members on the West Mercia Energy Joint Committee (WME). WME offers energy procurement and management on behalf of its four owning authorities and a number of outside bodies. WME is constituted as a Joint Committee and the council is one of four constituent authorities, alongside Shropshire Council, Worcestershire County Council and Telford and Wrekin Council. The parties have rights to the net assets of the arrangement and, as such, this is judged to be a joint venture. This joint venture is not consolidated into the Group Accounts because it is not considered to be material. The council paid £2.5 million to WME in 2024/25 (2023/24 £2.4 million) and received £0.1 million (2023/24 £0.4 million); these transactions are reflected in the comprehensive income and expenditure statement. There is a creditor of £0.1 million (2023/24 £0.3 million) and a debtor of £0.5 million (2023/24 £0.4 million) outstanding at the year-end and these balances are included in the single entity balance sheet.

#### **Cyber Quarter Limited**

In March 2019, the council entered into a partnership with the University of Wolverhampton to establish the Midlands Centre for Cyber Security in Skylon Park, Herefordshire Enterprise Zone through the company: Cyber Quarter Limited. Since 8 July 2024, the council owns 100% of the share capital and this interest is accounted for as a long term investment in the single entity balance sheet. The company is a wholly owned subsidiary, which is not consolidated into the Group Accounts because it is not considered to be material.

In 2019 a commercial loan of £3.5 million was granted by the council to Cyber Quarter Limited. This is shown as a long term debtor in the council accounts. The interest rate is fixed at 5.99% and repayment over 30 years with no repayments due in the first five years, equal repayments falling due thereafter.

## 8. Expenditure and funding analysis

The objective of the expenditure and funding analysis (EFA) is to demonstrate to council tax payers how the funding available to the council for the year (i.e. government grants, rents, council tax and business rates) has been applied in providing services in comparison with those resources consumed or earned by the council in accordance with generally accepted accounting practices. The expenditure and funding analysis also shows how this expenditure is allocated for decision-making purposes between the council's services. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the comprehensive income and expenditure statement.

Adjustments for capital purposes include depreciation, revaluation losses, statutory provision for the repayment of debt, capital grants, disposals and other capital adjustments. Adjustments for pension purposes represent the removal of the employer pension contributions made by the council as allowed by statute and the replacement with current and past service costs. Adjustments for other purposes include collection fund, DSG reserve movements and short term absences reserve movements.

<sup>\*</sup>See Note 5 for Prior Period Adjustment

Capital adjustments include a statutory provision for the repayment of debt, revaluation losses, capital grants and other capital adjustments. Other adjustments include PFI and lease adjustments and adjustments above and below Net Cost of Services.

#### 9.1. Nature of income and expenditure

2023/24 £m	Nature of income and expenditure	2024/25 £m
	Income	
(41.3)	Fees, charges and other service income	(48.5)
(13.4)	Trading and investment income	(2.9)
(6.3)	Interest and investment income	(5.3)
(167.3)	Income from council tax and non-domestic rates	(177.4)
(288.6)	Government grants and contributions	(323.4)
(516.9)	Total Income	(557.5)
	Expenditure	
150.5	Employee benefits expenses	146.4
288.3	Other service expenses	317.5
9.2	Support services recharges (net)	10.0
0.8	Loss on disposal of non-current assets	29.4
60.1	REFCUS, depreciation, amortisation and impairment	53.0
0.3	Trading and investment expenditure	3.0
9.1	Interest expense	8.4
5.6	Precepts and levies	5.9
523.9	Total expenditure	573.6
7.0	(Surplus)/deficit on the provision of services	16.1

#### Revenue recognition

Income and expenditure is accounted for in the financial year in which the activity it relates to takes place, which may not be the same year in which cash payments are made or received. Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the balance sheet, subject to a de-minimis threshold of £5,000 for revenue and £10,000 for capital.

Revenue from the sale of goods is recognised when the council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the authority. Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised at the point that the service is provided or is charged for. Value Added Tax (VAT) payable is included as an expense only to the extent that it is not recoverable from His Majesty's Revenue and Customs (HMRC). VAT receivable is excluded from income.

9.2. Segmental reporting

2024/25	Children and Young People £m	Community Wellbeing £m	Economy and Environment £m	Corporate Services £m	Total £m
Fees, charges and other service income	(6.6)	(17.6)	(22.2)	(2.1)	(48.5)

Transfer payments	7.5	3.0	-	34.0	44.5
REFCUS, depreciation, amortisation and impairment	3.7	5.1	46.4	4.9	60.1

<sup>\*</sup>See Note 5 for Prior Period Adjustment

## 10. Other operating expenditure

2023/24 £m	Other operating expenditure	2024/25 £m
5.4	Parish council precepts	5.7
0.2	Levies	0.2
0.8	(Gains)/losses on the disposal of non-current assets	29.4
6.4	Total other operating income and expenditure	35.3

# 11. Financing and investment income and expenditure

2023/24 £m	Financing and investment income and expenditure	2024/25 £m
8.3	Interest payable and similar charges	7.7
0.8	Net interest of the defined net pension liability	0.7
(6.3)	Interest receivable	(5.3)
(13.1)	Income and expenditure of trading accounts and investment properties	0.1
(10.3)	Total financing and investment income and expenditure	3.2

#### 12. Taxation and non-specific grant income

Restated* 2023/24 £m	Taxation and non-specific grant income	2024/25 £m
(133.2)	Council tax income	(141.4)
(34.1)	Non-domestic rates income	(36.0)
(23.1)	Non-ring fenced government grants	(25.5)
(35.5)	Capital grants and contributions	(43.6)
(225.9)	Total taxation and non-specific grant income	(246.5)

<sup>\*</sup>See Note 5 for Prior Period Adjustment

The council tax and non-domestic rates income is accounted for on an accruals basis and included in the comprehensive income and expenditure statement within taxation and non-specific grant income. As a billing authority, the difference between the non-domestic rates and council tax included in the comprehensive income and expenditure statement and the amount required by regulation credited to the general fund is taken to the collection fund adjustment account and reported in the movement in reserves statement.

Revenue relating to council tax and non-domestic rates is measured at the full amount receivable (net of any impairment losses) as they are non-contractual, non-exchange transactions and there can be no difference between the delivery and payment dates.

#### 13. Grant income

Restated* 2023/24 £m	Grant income	2024/25 £m
(1.0)	Revenue support grant	(1.0)
(22.1)	Other non-ring fenced grants	(24.5)
(35.5)	Capital grants	(43.6)
(58.6)	Total grants credited to taxation and non-specific grant income	(69.1)
(107.9)	Department for Education	(120.5)
(43.5)	Department for Levelling up, Housing and Communities	(47.5)
(31.2)	Department for Work and Pensions	(30.8)
(0.8)	Department for Transport	(1.4)
(1.5)	Department for Energy, Security and Net Zero	(3.6)
(1.7)	Department for Environment, Food and Rural affairs	(1.2)
(13.0)	Department for Health	(11.8)
(30.4)	Other grants and contributions	(37.5)
(230.0)	Total grants credited to services	(254.3)
(288.6)	Total grant income	(323.4)

<sup>\*</sup>See Note 5 for Prior Period Adjustment

Grants and contributions are recognised in the accounts when there is reasonable assurance that the council will comply with any conditions attached to them and the grants or contributions will be received.

Revenue grants are recognised in the comprehensive income and expenditure statement when any relevant conditions have been satisfied. Grant monies unspent at the end of the year are transferred to an earmarked reserve. When the grant is applied, an amount equal to the expenditure is transferred back from the earmarked reserve to the general fund. Where conditions attached to the grants or contributions have not been met, monies received to date are carried in the balance sheet as receipts in advance and credited to the comprehensive income and expenditure statement when the conditions are satisfied.

Capital grants are credited to the comprehensive income and expenditure statement when any relevant conditions have been satisfied. Where the grant has yet to be used to finance capital expenditure, it is transferred to the capital grants unapplied reserve; where grant conditions have not been satisfied then the monies received are carried in the balance sheet as receipts in advance.

#### 14. Dedicated schools grant

The council's expenditure on schools is funded by the dedicated schools grant (DSG) provided by the Department for Education. DSG is a ring-fenced grant and can only be applied to meet expenditure properly included in the schools budget, as defined in the School Finance and Early Years (England) Regulations 2022. The schools budget includes elements for a restricted range of services provided on a council-wide basis and for the individual schools budget, which is divided into a budget share for each school. Over and under spends on the two elements are required to be accounted for separately.

2023/24 Total £m	Dedicated schools grant	2024/25 Central expenditure £m	2024/25 Individual schools budget £m	2024/25 Total £m
(159.7)	Final DSG allocation before academy and high needs recoupment	-	-	(174.8)
59.9	Less academy and high needs figure recouped	-	-	67.2
(99.8)	Total DSG after academy and high needs recoupment for the year	-	-	(107.6)
-	Brought forward from previous year	-	-	-
-	Less carry forward to following year agreed in advance	-	-	-

5.0	Carried forward to following year	-	-	13.9
1.1	DSG unusable deficit reserve at the end of the prior year	-	-	6.1
5.0	In year addition to the DSG unusable deficit reserve	-	-	13.9
6.1	Total DSG unusable deficit reserve at the end of the year	-	-	20.0

#### 15. Pooled budgets

Pooled budgets exist where neither partner has sole control of the pooled fund. These arrangements meet the definition of a joint operation, where the partners have joint control over the arrangement, the rights to the arrangement's assets and obligations for the arrangement's liabilities.

2023 Poo inco	led	2023/24 Pooled expenditure £m	2023/24 Net pooled expenditure £m	2023/24 HC managed £m	2023/24 ICB managed £m	Pooled budgets	2024/25 Pooled income £m	2024/25 Pooled expenditure £m	2024/25 Net pooled expenditure £m	2024/25 HC managed £m	2024/25 ICB managed £m
(27	'.0)	26.8	(0.2)	16.7	10.1	Consolidated better care fund	(30.0)	29.9	(0.1)	17.6	12.3
(5	5.9)	7.4	1.5	6.3	1.1	Consolidated Children's Services	(5.9)	5.9	-	5.0	0.9
(1	.7)	1.9	0.2	0.8	1.1	Integrated community equipment store	(1.9)	1.7	(0.2)	0.7	1.0
(34	.6)	36.1	1.5	23.8	12.3	Total	(37.8)	37.5	(0.3)	23.3	14.2

The council has 3 pooled budgets covered by a single section 75 agreement between Herefordshire Council and Herefordshire and Worcestershire NHS Integrated Commissioning Board (ICB). Within the section 75 agreement there are budgets primarily managed by the ICB, budgets primarily managed by the council, pooled budgets (jointly controlled) and aligned budgets. Where services are primarily managed by the council, the income and expenditure are reflected within the net cost of services in the comprehensive income and expenditure statement. This also includes the council's proportion of jointly controlled pooled budgets. Where services are primarily managed by the ICB, the income and expenditure is not reflected in the council's accounts.

The consolidated better care fund comprises the minimum revenue pool, the capital pool, the additional revenue pool and the improved better care fund, and aims to further the integration between health and social care. The consolidated children's services fund aims to improve provision of services to young people with complex educational, social and medical needs. The integrated community equipment store fund aims to provide specialist equipment to people within the community.

#### 16. Officers' remuneration

#### 16.1. Officers' remuneration over £50,000 per annum

Officers' remuneration is defined as 'all amounts paid to or receivable by a person, and includes sums due by way of expenses allowances (so far as those sums are chargeable to UK income tax), and the estimated money value of any other benefits received by an employee other than in cash (e.g. benefits in kind)'. Benefits in kind are salary sacrificed amounts for the provision of car parking and bicycles.

All amounts receivable by council employees, including salary, expenses allowances and compensation for loss of employment, where this total is more than

£50.000 per annum are shown in the table below. These numbers include the employees shown in the senior employees' disclosure note.

2023/24	2023/24	2023/24	Salary banding	2024/25	2024/25	2024/25
Number of	Number of	Total number		Number of	Number of	Total number

Total		1,086	99	149	1,334

#### Notes:

<sup>6.</sup> The Corporate Director, Children and Young People left on 31 March 2024.

<sup>7.</sup> The Director of Strategy and Performance commenced in post from 5 June 2023.

#### 17. Termination benefits

Termination benefits are recognised in the surplus or deficit on the provision of services at the earlier of when the council can no longer withdraw an offer of benefits, or when the council recognises the costs of restructuring. Termination benefits are payable as a result of either:

- An employer's decision to terminate an employee's employment; or
- An employee's decision to accept voluntary redundancy

The number and total cost per band of exit packages analysed between compulsory and other redundancies are set out in the table below. This includes exit packages agreed in the year although not yet actioned at the year end.

2023/24	2023/24	2023/24	2023/24	Exit package cost	2024/25	2024/25	2024/25	2024/25
Number of	Number of	Total	Total cost of	banding	Number of	Number of	Total	Total cost of
compulsory	other agreed	number of	exit		compulsory	other	number of	exit
redundancies	departures	exit	packages		redundancies	agreed	exit	packages
		packages	£000			departures	packages	£000
1	28	29	230	£0 to £20,000	6	25	31	252
-	5	5	152	£20,001 to £40,000	3	6	9	263
-	1	1	60	£60,001 to £80,000	-	1	1	73
-	1	1	93	£80,001 to £100,000	-	-	-	-
1	35	36	535	Total	9	32	41	588

#### 18. External audit costs

The fees payable to the appointed auditor, Grant Thornton UK LLP, are as follows.

2023/24 £000	External audit costs	2024/25 £000
344	Scale fee incurred for external audit services	391
48	Expected additional fees for external audit services (to be approved by PSAA)	-
392	Total audit fees	391
57	Non audit fees confirmed relating to 20/21	-
29	Non audit fees confirmed relating to 21/22	-
29	Non audit fees confirmed relating to 22/23	10
-	Non audit fees confirmed relating to 23/24	58
115	Total non audit fees	68
507	Total external audit fees	459

#### 19. Property, plant and equipment

Physical assets that support the delivery of our services and have a life of more than one financial year are classified as Property, Plant and Equipment (PPE).

Expenditure on PPE is capitalised on an accrual basis in the accounts, unless it is maintenance only in which case it is charged to the Comprehensive Income and Expenditure Statement when it is incurred. Purchased assets are initially measured at cost. Non-purchased assets are measured at fair value, or at the carrying amount where there is no commercial substance (e.g. via exchange). The detailed bases for measuring assets are given below:

- Community assets and assets under construction historical cost
- Land and buildings current value based on existing use for operational assets where there is an active market or depreciated replacement cost for assets of a more specialist nature
- Vehicles, plant and equipment current value based on existing use for operational assets where there is an active market or depreciated replacement cost for assets of a more specialist nature
- Infrastructure assets depreciated historical cost. However, this is a modified form of historical cost opening balances for highways infrastructure assets were originally recorded in balance sheets at amounts of capital undischarged for sums borrowed as at 1 April [1994 England], which was deemed at that time to be historical cost

Capital expenditure that does not result in the creation of a long-term asset (Revenue Expenditure Funded from Capital under Statute, known as REFCUS) is charged as expenditure to the relevant service in the comprehensive income and expenditure statement. Where the cost of this expenditure is met from existing capital resources or by borrowing, a transfer in the movement in reserves statement from the general fund balance to the capital adjustment account so that there is no impact on the level of council tax.

Depreciation is provided for on PPE assets over their useful lives, with major components depreciated separately. Assets without a determinable finite useful life (e.g. freehold land and certain Community Assets) or that are not yet available for use (e.g. assets under construction) are not depreciated. The calculation is on a straight-line basis over the remaining useful life of the assets as estimated by the valuer (for buildings this is between 22 and 56 years). For those assets classed as vehicles, plant, furniture and equipment, useful economic lives are estimated to be 5 years, unless the individual asset life is known (e.g. the waste asset is 30 years). New assets are not subject to a depreciation charge in the year of acquisition.

#### Revaluations

Asset categories are revalued at least every five years on a rolling basis in accordance with the Royal Institution of Chartered Surveyors (RICS) Valuation - Global Standards 2021 and UK National Supplement. Further revaluations are carried out where there have been material changes.

The council's valuations as at 31 March 2025 have been completed by:

Mark Aldis (Hons) MRICS RICS Registered Valuer IRRV Wilks Head & Eve LLP 3rd Floor 55 New Oxford Street London WC1A 1BS

Where increases in value are identified, the carrying amount of the asset is increased with a corresponding entry for the gain in the revaluation reserve.

Where decreases in value are identified, they are accounted for by:

- the carrying amount of the asset writing down the balance of revaluation gains for the asset in the revaluation reserve; or
- the carrying amount of the asset is written down against the relevant service line(s) in the comprehensive income and expenditure statement where there is no, or insufficient, balance in the revaluation reserve

Upon revaluation (upwards or downwards) previously accumulated depreciation is eliminated and the asset shown at the newly revalued figure.

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the comprehensive income and expenditure statement

Where an impairment loss is subsequently reversed, the reversal is credited to the relevant service line(s) in the comprehensive income and expenditure statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

## 19.1 Property, plant and equipment movements

#### Infrastructure assets

In accordance with the temporary relief offered by the update to the CIPFA code on infrastructure assets, the PPE note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resultant information deficits mean that this would not faithfully represent the asset position to the users of the financial statements. The council has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

The council has determined in accordance with Regulation 30M of the Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2022 that the carrying amounts to be derecognised for infrastructure assets when there is replacement expenditure is nil.

Infrastructure assets include carriageways, footways and cycle tracks, structures (e.g. bridges), street lighting, street furniture (e.g. illuminated traffic signals, bollards), traffic management systems and land which together form a single integrated network. The useful lives of the individual elements of the highways network are included in the table below.

Element of infrastructure assets	Useful life
Carriageways	20 years
Footways and cycleways	20 years
Street Furniture	30 years (Bus shelters 25 years)
Street Lighting	40 years
Structures	80 years
Traffic Management	15 years
Flood alleviation scheme	50 years

### **19.2 Revaluations**

The carrying amount of assets on the rolling programme held at 31 March 2025 total £472.1 million. The effective date of the revaluations are as follows:

Valued as at	Carrying amount of revalued assets £m
31 March 2025	299.6
31 March 2024	132.3
31 March 2023	40.0
31 March 2022	0.2
Total	472.1

#### 19.3 Revaluation reserve

31 March 2024 £m	Revaluation reserve	31 March 2025 £m
(168.6)	Balance at 1 April	(177.9)
(12.0)	Revaluations upwards	(12.3)
1.1	Revaluations downwards	4.1
0.3	Depreciation of revaluations	0.3
1.3	Disposal of revaluations	10.8
(177.9)	Balance at 31 March	(175.0)

#### 19.4 Capital commitments

At 31 March 2025 the council had significant capital commitments totalling £5.4 million (31 March 2024: £2.9 million).

- Design and construction of Wetland at Tarrington £1.0 million
- Design and Professional fees for Western Bypass Phase 1 £1.1 million; and
- Construction works at Brookfield school £3.3m

#### 19.5 School assets

Where a school is under the council's control (i.e. under the responsibility of the council's Section 151 Officer) its income, expenditure, current assets, liabilities and reserves are consolidated into the council's accounts and included within the figures disclosed in the statement of accounts. Any reserves attributable to the school are earmarked and disclosed separately. If a school transfers to academy status it is no longer under the control of the council and therefore its income, expenditure, assets, liabilities and reserves are no longer consolidated into the council's accounts.

In respect of any property, plant and equipment associated with schools, the council has determined that community schools, voluntary aided and voluntary controlled schools are included in the balance sheet. Voluntary aided schools' long term assets are owned by the school trustees however under these assets have been recognised due to the probability that the future economic benefits associated with the asset will flow to the council and the cost of the asset can be measured reliably in accordance with IAS16. The fair value of schools is included using a depreciated replacement cost valuation method which comprises the market value of the land in its existing use plus the current replacement cost of the buildings less an allowance for physical deterioration.

# 19.6 Capital adjustment account

31 March 2024 £m	Capital adjustment account	31 March 2025 £m
(303.3)	Balance at 1 April	(300.9)
	Capital financing:	
(4.0)	Capital receipts	(6.9)
(23.7)	Capital grants and contributions	(31.6)
(3.2)	Revenue contributions to capital expenditure	(0.6)
(10.9)	Minimum revenue provision	(12.8)
(41.8)	Total capital financing	(51.9)
(7.3)	Downward revaluations charged to comprehensive income and expenditure statement	6.4
44.6	Depreciation charged to comprehensive income and expenditure statement	33.7
3.6	Revenue expenditure funded from capital under statute	1.6
0.4	Disposal of non-current assets	20.7
2.9	Other adjustments	1.6
(300.9)	Balance at 31 March	(288.8)

#### 20. Investment property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. Rentals earned are recognised as income in the comprehensive income and expenditure statement on an accruals basis. The definition is not met if the property is used in any way to facilitate the delivery of services or is held for sale. Management aim for a minimum return of 4% on investment assets.

31 March 2024 £m	Investment property	31 March 2025 £m
	Cost or valuation	
41.9	Opening balance at 1 April	52.6
0.5	Additions	0.2
(0.2)	Disposals	(1.4)
10.4	10.4 Net gains/losses from fair value adjustments	
52.6	Closing balance at 31 March	48.5

Investment property value is measured at fair value in compliance with IFRS 13. A definition of fair value is the price that would be received to sell an asset, or paid to transfer a liability, between market participants in an orderly transaction at the measurement date under current market conditions. Gains and losses on fair value adjustments are included in the financing and investment income and expenditure line in the comprehensive income and expenditure statement. Gains or losses on disposal of an investment property are treated in the same way. Gains or losses recognised in the comprehensive income and expenditure statement are not proper charges to the general fund and are reversed out through the movement in reserves statement. For all investment properties where a fair value review is conducted, fair values are based on multiplying an estimated net income by an appropriate investment yield or having regard to the capital value of similar assets. The net income figure is based on market rent.

Fair value measurement using other significant observable inputs Level 2	£m
Investment properties at 31 March 25	48.5
Investment properties at 31 March 24	52.6

### 21. Capital expenditure and capital financing

The total amount of capital expenditure incurred in the year is shown in the table below (including those acquired under finance and PFI contracts) together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the council, the expenditure results in an increase in the capital financing requirement (CFR), a measure of the capital expenditure incurred historically by the council that has yet to be financed.

2023/24 £m	Capital expenditure and capital financing	2024/25 £m
304.4	Opening capital financing requirement	303.1
	Capital investment	
33.5	Property, plant and equipment	57.3

(1.7)	, ,	(1.4)
(10.9)		(12.8)
(1.3)	Adjusted to services	17.5

#### **Minimum Revenue Provision (MRP)**

Minimum Revenue Provision (MRP) is a charge to the general fund with a matching entry in the capital adjustment account. It represents an annual contribution from revenue towards the provision for the reduction in our overall borrowing requirement. MRP is charged over a period that is broadly commensurate with the period over which the council receives benefit from the asset.

The minimum revenue provision (MRP) is calculated as follows:-

- MRP on supported borrowing is written down on an annuity basis with an annuity rate of 4%
- MRP on unsupported borrowing is written down on an annuity basis with an annuity rate of 4%
- MRP on assets acquired through Right of Use asset leases and Private Finance Initiative (PFI) will be equal to the cash payments that reduce the
  outstanding liability each year

#### 22. Short term debtors

31 March 2024 £m restated*	Short term debtors	31 March 2025 £m
14.3	Trade receivables	18.6
2.3	Prepayments	2.0
0.8	Non-domestic rates	0.9
6.5	Council Tax	6.4
4.7	VAT	8.0
6.8	Central government	7.5
7.4	Other receivables	11.3
42.8	Total	54.7

<sup>\*</sup>prior year comparatives restated to reflect current year classifications.

Other receivables includes capital debtors, sundry debtors and housing benefit debtors.

#### 23. Cash and cash equivalents

Cash is represented by cash in hand and demand deposits. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash equivalents are deemed to be 'on-call' investments, where investments can be recalled immediately.

31 March 2024 £m	Cash and cash equivalents	31 March 2025 £m
6.2	Cash held by the council	6.9
18.7	Short term deposits	31.7

(1.6)	Central government bodies	(1.4)
(14.4)	Other grants and contributions	(13.5)
(16.0)	Total	(14.9)

#### 26. Private finance initiatives (PFI)

Private Finance Initiative (PFI) contracts are agreements to receive services where the responsibility for making available the property, plant and equipment needed to provide the services passes to the PFI contractor. As the council is deemed to control the services that are provided under its PFI schemes and as ownership of the property, plant and equipment will pass to the council at the end of the contracts for no additional charge, the council carries the property, plant and equipment used under the contracts on its balance sheet. The original recognition of these property, plant and equipment at their fair value is balanced by the recognition of a liability for amounts due to the PFI provider. Property, plant and equipment recognised on the balance sheet are revalued and depreciated in the same way as property, plant and equipment owned by the council.

The amounts payable to the PFI contractors each year are analysed into four elements:

- Fair value of the services received during the year debited to the relevant service in the comprehensive income and expenditure statement
- Finance cost a percentage interest charge on the outstanding balance sheet liability, debited to interest payable and similar charges in the comprehensive income and expenditure statement under financing, investment income and expenditure
- Payment towards liability applied to write down the balance sheet liability, current and long term, towards the PFI operator
- Lifecycle replacement costs the annual payment implicit in the contract is funded and treated as a prepayment on the balance sheet and recognised as property, plant and equipment when the contractor incurs the expenditure

Under IFRS 16, the opening finance lease liability is remeasured at the net present value of the future rental payments where an inflationary increase has been applied to the unitary payments.

The council has two formal PFIs: Whitecross School and Waste disposal (in partnership with Worcestershire County Council) and one other contract identified as falling under IFRIC 12, the Shaw Healthcare contract.

#### Mercia Waste Management Limited – Waste management PFI contract

In 1998 Herefordshire Council, in partnership with Worcestershire County Council, entered into a 25 year contract with Mercia Waste Management Limited for the provision of an integrated waste management system using the Private Finance Initiative. Under the contract the authorities are required to ensure that all waste for disposal is delivered to the contractor, who will take responsibility for recycling or recovering energy from the waste stream. In total the estimated cost over the life of the contract is approximately £500 million of which approximately 25% relates to Herefordshire Council. The original life of the contract was 25 years with the option to extend this by 5 years, this extension was opted in January 2024.

A variation to the contract was signed in May 2014 to design, build, finance and operate an Energy from Waste Plant. Construction was completed in 2017 with a funding requirement of £195 million and an uplift to the annual unitary charge for both councils of £2.7 million. Both councils will be providing circa 82% of the project finance requirement from their own planned borrowing from the Public Works Loan Board with the remaining 18% being provided by the equity shareholders of Mercia Waste Management Limited. The loan is shown under long term debtors on the balance sheet and the effective interest rate is shown under financial investments on the comprehensive income and expenditure statement.

#### **Stepnell Limited – School PFI contract**

The Whitecross School PFI project has delivered a fully equipped 900 place secondary school with full facilities management services. The contract with Stepnell Limited has an overall value of £74 million and lasts for 25 years. During the 2012/13 financial year the school transferred to academy status but the obligations under the PFI contract remain with the council.

#### **Shaw Homes**

The council has a contract with Shaw Healthcare for the development and provision of residential homes and day care centres previously operated directly by the council. The contract expires in 2033/34 for all homes. The level of payments are dependent on the volume and nature of service elements and Shaw Healthcare's performance in providing services. The payments in respect of this contract during the financial year were £5.4 million (£5.0 million in 2023/24).

#### 26.1. PFI liabilities

The payments to the contractors compensate them for the fair value of the services they provide, capital expenditure incurred and interest payable. The liability outstanding to pay the liability to the contractor for capital expenditure incurred is as follows:

31 March 2024 Total £m	PFI liabilities	31 March 2025 Shaw Healthcare £m	31 March 2025 Whitecross school £m	31 March 2025 Waste disposal £m	31 March 2025 Total £m
(40.0)	Balance outstanding at 1 April	(5.4)	(8.4)	(24.0)	(37.8)

(37.8)	Balance outstanding at 31 March	(14.1)	(7.4)	(23.4)	(44.9)

**26.2. PFI payments**The table below shows an estimate of the payments to be made under the PFI and similar contracts.

PFI payments	Service charges £m	Lifecycle costs £m	Finance liability £m	Interest £m	Total £m
Within 1 year	13.0	0.5	3.4	2.6	19.5
Within 2 to 5 years	43.0	1.9	29.5	7.2	81.6
Within 6 to 10 years	17.4	1.1	9.1	1.3	28.9
Balance outstanding at 31 March	73.4	3.5	42.0	11.1	130.0

#### 27. Leases

#### 27.1 The council as a lessee

At the inception of a contract, the arrangement is assessed as to whether it contains a lease. It contains a lease if it conveys the right to control the use of an identified asset for a period of time. If the contract is assessed to contain a lease, then the right of use asset is capitalised on the balance sheet, with a corresponding lease liability. The payment of the lease is split between an interest expense in the comprehensive income and expenditure statement and a write down of the lease liability in the balance sheet.

The council has applied IFRS 16 Leases from 1 April 2024 and this accounting policy does not materially impact the financial statements.

#### 27.2 The council as a lessor

Leases are classified as either finance leases or operating leases based on the extent to which risks and rewards of ownership of the asset lie with the lessor or the lessee.

#### **Operating leases**

For operating leases, the asset is capitalised on the balance sheet and measured according to the accounting policy for its category of property, plant and equipment. Lease income is recognised in the comprehensive income and expenditure statement on a straight-line basis over the lease term.

There are no individually material leases.

31 March 2024	Operating lease receipts	31 March 2025
£m		£m
(4.2)	Not later than 1 year	(3.8)
(11.8)	Between 1 and 5 years	(10.8)

### **T1. Pension schemes**

Employees of the council are members of three separate pension schemes:

- The Teachers' Pension Scheme, administered by Capita Teachers' Pensions on behalf of the Department for Education
- The NHS pension scheme (for Public Health transferred staff)
- The Local Government Pension Scheme administered by Worcestershire County Council (LGPS)

Pension schemes are classed as either defined contribution or defined benefit plans. The above schemes provide defined benefits to members, built up during the time that employees work for the council. The arrangements for the Teachers' and NHS schemes mean that the liabilities for these benefits cannot be identified to the council. These schemes are therefore accounted for as if they were a defined contributions scheme – no liability for future payments of benefits is recognised in the balance sheet and the revenue account is charged with the employer's contributions payable to the schemes in the year.

The Local Government Pension Scheme is accounted for as a defined benefit scheme. The liabilities are included in the balance sheet on an actuarial basis using the projected unit method, that is, an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees. Liabilities are discounted to their value at current prices using a discount rate (based on market yields and other factors). Assets are included in the balance sheet at their fair value determined through market or bid prices or using professional valuations. The change in the net pension's asset/liability is analysed into six components:

- Current service cost: The increase in liabilities as a result of service earned in the year is allocated to the revenue account of the services for which the employee worked, within the comprehensive income and expenditure statement
- Past service cost: The increase in liabilities arising from a scheme amendment or curtailment whose effect relates to service earned in earlier years is debited to the net cost of services in the comprehensive income and expenditure statement
- Net Interest on the defined benefit asset/liability: The change during the period that arises from the passage of time is charged to the financing and investment income and expenditure line of the comprehensive income and expenditure statement
- Return on plan assets: Charged to the pensions reserve as other comprehensive income and expenditure but excludes amounts included in net interest on defined benefit asset/liability
- Remeasurement of the net defined benefit asset/liability: Changes in the net pensions asset/liability that arise because events have not coincided
  with assumptions previously made by the actuaries is included in other comprehensive income and expenditure
- · Contributions paid to the pension fund: Cash paid as employer's contributions to the pension fund

### T1.1. Pension schemes accounted for as defined contribution schemes

Teachers employed by the council are members of the Teachers' Pension Scheme, which is a defined benefit scheme administered by the Teachers Pensions Agency. Although the scheme is unfunded, a notional fund is used as a basis for calculating the employers' contribution rate. It is not possible for the council to identify its share of the underlying liabilities in the scheme attributable to its own employees, and therefore for the purposes of the statement of accounts it is accounted for on the same basis as a defined contribution scheme, that is, actual costs are included in the revenue accounts, with no assets and liabilities in the balance sheet.

In 2024/25 the council paid employer contributions of £7.8 million (2023/24 £7.4 million) in respect of teachers' pension costs. The liability to former Hereford and Worcester teachers' unfunded added years' benefits of £0.4 million is included in the pension fund liability in the balance sheet in 2024/25 (£0.5 million in 2023/24).

## T1.2. Defined benefit pension schemes

Employees are eligible to join the Local Government Pension Scheme (LGPS) administered by Worcestershire County Council. This is a funded scheme, which means that the council and employees pay contributions into a fund, calculated at a level intended to balance the pension's liabilities with investment assets. Although the benefits will not actually be payable until employees retire, the council has a commitment to make the payments and this needs to be disclosed at the time the employees earn their future entitlement. The pension scheme is operated under the regulatory framework for Local Government Pension Schemes.

Under IAS 19 the cost of retirement benefits is included in the cost of services when it is earned by employees, rather than when it is paid as pensions. However, the charge required to be made against council tax is based on the cash payable in the year, so the real cost of the retirement benefits is reversed out to the pensions reserve via the movement in reserves statement.

## **T1.3.** Transactions relating to pension schemes

2023/24 £m	Transactions relating to pension schemes	2024/25 £m
	Comprehensive income and expenditure statement	
	Cost of services	
11.2	Current service cost	11.4
-	(Gain)/loss from settlements and curtailments	0.2
1.6	Past service cost	1.5
	Financing and investment income and expenditure	
0.5	Net interest expense	0.5
0.3	Administration expenses	0.3
(0.7)	Other pension transactions	-
12.9	Total post-employment benefit charged to the surplus/deficit on the provision of services	13.9
	Other comprehensive income and expenditure	
3.7	Remeasurement arising on changes in experience	(5.9)
0.2	Remeasurement arising on changes in financial assumptions	(87.3)
(9.1)	Remeasurement arising on changes in demographic assumptions	(1.0)
(31.0)	Return on plan assets	17.6
25.3	Impact of pension net asset ceiling	75.5
(2.0)	Other pension transactions	-
(12.9)	Total post-employment benefit charged to other comprehensive income and expenditure	(1.1)
	Movement in reserves statement	
(12.9)	Reversal of net charges made to the surplus/deficit on the provision of services	(13.9)
16.6	Amount charged to the general fund balance for employer's contribution payable in the year	13.8

The council made an up-front payment of employer's contributions payable to the scheme of £1.5 million in June 2023 for the three years 2023/24 to 2025/26. This has resulted in a difference between the value of the pensions reserve and the net pension liability on the balance sheet as noted in the table below.

Reconciliation between balance on pension reserve and net pension liability	Note	31 March 2025 £m
Balance on the pension reserve for LGPS	T1.10	7.6
2025/26 upfront payment		(0.5)
Balance on the net pension liability for LGPS	T1.4	7.1

## T1.4. Pension assets and liabilities recognised in the balance sheet

31 March 2024 £m	Pension assets and liabilities	Note	31 March 2025 £m
573.1	Present value of the defined benefit obligation	T1.5	495.6
(590.2)	Fair value of plan assets	T1.6	(590.5)
25.3	Effect of net asset ceiling	T1.6	102.0
8.2	Net liability arising from defined benefit obligation – LGPS		7.1
0.5	Unfunded teachers pension liability		0.4
8.7	Total net pension liability		7.5

As at 31 March 2025, the fair value of plan assets were measured at greater than the present value of the defined benefit obligation, resulting in a net pension asset. The accounting standard interpretation IFRIC 14 restricts the amount of the net pension asset that can be recognised on the balance sheet to the estimated economic benefit of the net asset arising from a reduction in future contributions, amending for any additional liabilities arising from past service contributions. This asset ceiling calculation has resulted in a credit to the balance sheet value of £102.0 million (2023/24 £25.3 million).

# T1.5. Reconciliation of the present value of scheme liabilities (LGPS)

31 March 2024 £m	Scheme liabilities	31 March 2025 £m
555.9	Opening balance at 1 April	573.1
11.2	Current service cost	11.4
-	Settlements and curtailments	(4.3)
1.6	Past service cost	1.5
26.0	Interest cost	27.3
0.3	Administration expenses	0.3
4.3	Contribution by scheme participants	4.4
(5.2)	Remeasurement arising from changes in assumptions	(94.2)
(19.5)	Benefits/transfers paid	(23.9)
(1.5)	Early payment of pension deficit	-
573.1	Closing balance at 31 March	495.6

# T1.6. Reconciliation of the fair value of scheme assets and the asset ceiling (LGPS)

31 March 2024 £m	Scheme assets	31 March 2025 £m
532.2	Opening balance at 1 April	590.2
25.6	Interest income	28.1
31.0	Return on plan assets	(17.6)
-	Settlements and curtailments	(4.5)
16.6	Contribution from employer	13.8
4.3	Contributions from employees	4.4
(19.5)	Benefits/transfers paid	(23.9)
590.2	Closing balance at 31 March	590.5

31 March 2024 £m	Asset ceiling	31 March 2025 £m
-	Opening balance at 1 April	(25.3)
-	Interest on the impact of the net asset ceiling	(1.2)
(25.3)	Impact of pension net asset ceiling	(75.5)
(25.3)	Closing balance at 31 March	(102.0)

The actual return on scheme assets in the year was £10.6 million, 1.8% of the period end assets (2023/24 £59.9 million, 10.6%).

# T1.7. Local government pension scheme assets

	Scheme assets	Quoted Y/N	31 March 2025 £m
	Cash		
9.7	Cash instruments	N	9.2
	Equity instruments		
63.4	Other	Y	60.8
0.3	Private equity	N	1.6
	Debt securities		
16.2	UK government	Y	12.8
	Property		
32.5	UK property debt	N	33.1
13.7	Overseas property debt	N	14.4
	Investment funds and unit trusts		
325.9	Equities	Y	321.5
18.6	Bonds	Y	18.8
99.2	Infrastructure	N	106.3
10.7	Other	N	12.0
590.2	Closing fair value of scheme assets		590.5

## T1.8. Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels etc. The liabilities have been estimated by Hymans Robertson LLP, an independent firm of actuaries based on the latest full valuation of the scheme as at 31st March 2022. The principal assumptions used by the actuary have been:

31 March 2024	Assumptions	31 March 2025
	Mortality assumptions	
	Longevity at 65 for current pensioners (in years)	
21.3	Men	21.2
23.6	Women	23.6
	Longevity at 65 for future pensioners (in years)	
22.6	Men	22.5
25.5	Women	25.4
	Financial assumptions	
2.8%	Rate of CPI inflation	2.8%
4.3%	Rate of increase in salaries	4.3%
2.8%	Rate of increase in pensions	2.8%
4.8%	Rate for discounting scheme liabilities	5.8%

## T1.9. Impact on the council's cash flows

Total employer contributions expected to be made to the Local Government Pension Scheme by the council in the year ended 31 March 2026 is £12.9 million.

### T1.10. Pensions reserve

The pensions reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The council accounts for post-employment benefits in the comprehensive income and expenditure statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the council makes employer's contributions to pension funds or eventually pay any pensions for which it is directly responsible.

31 March 2024 £m	Pensions reserve	31 March 2025 £m
24.1	Balance at 1 April	9.7
(36.2)	Return on plan assets	(103.1)
13.6	Reversal of items relating to retirement benefits debited or credited to the surplus/deficit on the provision of services in the comprehensive income and expenditure statement	13.8
(16.6)	Employer's pension contributions and direct payments to pensioners payable in the year	(13.8)
(0.5)	Employer's pension contributions – early payment adjustment	(0.6)
25.3	Impact of pension net asset ceiling	102.0
9.7	Balance at 31 March	8.0
9.2	Local government pension scheme	7.6
0.5	Teachers pension scheme	0.4
9.7	Balance at 31 March	8.0

### T2. Financial instruments

Financial instruments are contracts that give rise to a financial asset of one entity and a financial liability (or equity instrument, such as share capital) of another entity. They are valued in line with the requirements of IFRS 13 (fair value), the recognition and measurement of financial instruments is reported in accordance with IFRS 9.

## T2.1. Income, expense, gains and losses

The following amounts relating to financial instruments are included in the comprehensive income and expenditure statement.

2023/24 Financial Iiabilities £m	2023/24 Financial assets £m	2023/24 Total £m	Income, expense, gains and losses	2024/25 Financial liabilities £m	2024/25 Financial assets £m	2024/25 Total £m
			Interest payable and similar charges			
4.8	-	4.8	On loans	4.7	-	4.7
3.5	-	3.5	On PFI liabilities	3.0	-	3.0
8.3	-	8.3	Total expenditure in surplus/deficit on the provision of services	7.7	-	7.7
			Interest receivable			
-	(1.7)	(1.7)	On loans	-	(1.9)	(1.9)
-	(3.7)	(3.7)	On investments	-	(2.9)	(2.9)
-	(5.4)	(5.4)	Total income in surplus/deficit on the provision of services	-	(4.8)	(4.8)
8.3	(5.4)	2.9	Net (gain)/loss for the year	7.7	(4.8)	2.9

### T2.2. Financial assets

The council's business model is to hold investments to collect contractual cash flows i.e. payments of interest and principal. All of the council's financial assets are therefore classified as amortised cost. Financial assets measured at amortised cost are recognised on the balance sheet when the council becomes party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the financing and investment income and expenditure line in the comprehensive income and expenditure statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the financial assets held by the council, this means that the amount presented in the balance sheet is the outstanding principal receivable (plus accrued interest) and interest credited is the amount receivable for the year in the loan agreement.

The council recognises expected credit losses on all of its financial assets held at amortised cost either on a 12-month or lifetime basis. Only lifetime losses are recognised for trade receivables (debtors) held by the council. Impairment losses are calculated to reflect the expectation that the future cash flows might not take place because the borrower could default on their obligations.

31 March 2024 Per balance sheet £m	31 March 2024 Financial instruments	Financial assets	31 March 2025 Per balance sheet	31 March 2025 Financial instruments
	£m		£m	£m
33.2	33.2	Long term debtors – loans	32.8	32.8
2.6	-	Long term debtors – PFI lifecycle costs	2.8	-
35.8	33.2	Total long term debtors	35.6	32.8
25.4	25.4	Short term investments	10.4	10.4
25.4	25.4	Total short term investments	10.4	10.4
24.9	24.9	Cash and cash equivalents	38.6	38.6
24.9	24.9	Total cash and cash equivalents	38.6	38.6
34.6	34.6	Short term debtors – Sales invoices and contractual rights	42.8	42.8
16.9	-	Short term debtors – Statutory debts (council tax, vat)	20.9	-
2.3	-	Short term debtors – prepayments	2.0	-
(11.0)	(11.0)	Short term debtors – bad debt provisions	(11.0)	(11.0)
42.8	23.6	Total short term debtors	54.7	31.8
128.9	107.1	Total assets	139.3	113.6

### T2.3. Financial liabilities

A financial liability is an obligation to deliver cash (or another financial asset) to another entity. Financial liabilities are recognised on the balance sheet when the council becomes party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Annual charges for interest payable are based on the carrying amount of the liability multiplied by the effective interest rate for the instrument and are charged to the financing and investment income and expenditure line in the comprehensive income and expenditure statement. The effective interest rate is the rate that discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised. For most of the borrowings that the council has, the amount presented in the balance sheet is the outstanding principal repayable (plus accrued interest) and interest charged is the amount payable for the year in the loan agreement.

31 March 2024 Per balance sheet £m	31 March 2024 Financial instruments £m	Financial liabilities	31 March 2025 Per balance sheet £m	31 March 2025 Financial instruments £m
(1.8)	(1.8)	Cash and cash equivalents	(3.3)	(3.3)
(1.8)	(1.8)	Total cash and cash equivalents	(3.3)	(3.3)
(0.1)	(0.1)	Short term borrowing – bank loans	(0.1)	(0.1)
(7.9)	(7.9)	Short term borrowing – public works loan board	(8.2)	(8.2)
(8.0)	(8.0)		(8.3)	(8.3)
(30.6)	(30.6)	Short term creditors – invoiced amounts and other contractual liabilities	(36.7)	(36.7)
(10.0)	-	Short term creditors – statutory liabilities (PAYE)	(9.7)	-
(15.0)	-	Short term creditors – accruals and receipts in advance	(9.3)	-
(1.0)	-	Short term creditors – funds and deposits held	(1.1)	-
(56.6)	(30.6)	Total short term creditors	(56.8)	(36.7)
(12.4)	(12.4)	Long term borrowing – bank loans	(12.4)	(12.4)
(100.6)	(100.6)	Long term borrowing – public works loan board	(118.1)	(118.1)
(113.0)	(113.0)	Total long term borrowing	(130.5)	(130.5)
(37.8)	(37.8)	Other long term liabilities – PFI and leases	(47.8)	(47.8)
(8.7)	-	Other long term liabilities – pensions liability	(7.5)	-
(46.5)	(37.8)	Total other long term liabilities	(55.3)	(47.8)
(225.9)	(191.2)	Total liabilities	(254.2)	(226.6)

### T2.4. Fair value of assets and liabilities

Financial liabilities and financial assets are carried in the balance sheet at amortised cost, but fair value disclosures are required by the Code. Fair value is the price that would be received/paid in an orderly transaction between market participants at the measurement date. The fair value has been assessed by calculating the present value of the anticipated cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- Where an instrument will mature in the next 12 months, the carrying amount is assumed to approximate to fair value
- The fair value of long term debtor loans have been calculated based on discounted contractual cash flows at the market rate for a similar instrument of the same remaining term with a counterparty of similar credit standing
- For PWLB and other loans, PWLB premature repayment rates and prevailing market rates have been applied to provide the fair value under PWLB debt redemption procedures
- The fair value of liabilities under PFI schemes have been calculated based on discounted contractual cash flows of the same remaining term

The fair value is lower than the carrying amount using premature repayment rates and new loan rates because the council's portfolio of longer-term loans are all fixed rate and the interest rates payable on these loans are generally higher than the rates prevailing at the balance sheet date. Therefore the fair value includes a discount that the council would receive if the lender agreed to early repayment of the loans.

There are three tier levels in measuring fair value, these are: -

- Level 1 inputs quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date
- Level 2 inputs inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 inputs unobservable inputs for the asset or liability.

Fair values are shown in the table below and have been provided by the council's treasury management advisors, using the income approach (converting future cash flows to a single current discounted amount).

31 March 2024 Carrying amount £m	31 March 2024 Fair value (premature repayment rate) £m	31 March 2024 Fair value (new Ioan rate) £m	Fair value	Fair value hierarchy input level	31 March 2025 Carrying amount £m	31 March 2025 Fair value (premature repayment rate) £m	31 March 2025 Fair value (new loan rate) £m
			Financial assets				
33.2	33.2	33.2	Long term debtors	2	32.8	32.8	32.8
25.4	25.4	25.4	Short term investments	n/a	10.4	10.4	10.4

## T2.5. Nature and extent of risks arising from financial instruments

The council's activities expose it to a variety of financial risks:

- Credit risk: the possibility that other parties may fail to pay amounts owing to the council
- Liquidity risk: the possibility that the council may have insufficient funds available to meet its financial commitments
- Market risk: the possibility that the council may suffer financial loss as a result of economic changes such as interest rate fluctuations

The council has adopted CIPFA's treasury management in the public services code of practice in setting out a treasury management policy and strategies to control risks to financial instruments.

#### Credit risk

Credit risk arises from deposits with banks and other financial institutions, as well as credit exposures to the council's customers. Following the fiscal events of autumn 2022 and the subsequent period of significant market volatility the impact on the financial instruments held has been considered and included within the credit risk disclosures. Investments are only made in institutions recommended by the council's treasury adviser through combined credit ratings, credit watches and credit outlooks. Typically the minimum credit ratings criteria the council use will be short term rating (Fitch or equivalents) of F1 and a long term rating of A- and with countries with a minimum sovereign credit rating of AA- (Fitch or equivalents). During 2024/25 the council continued to restrict investments to only the largest and strongest of the banks, building society, other local authorities and instant access money market funds.

Analysis of the amount outstanding on the council debtors control account at 31 March by age is shown below:

31 March 2024 £m	Credit risk	31 March 2025 £m
10.3	Less than 3 months	10.6
1.3	3 to 6 months	1.7
1.4	6 months to 1 year	3.1
4.4	More than 1 year	6.0
17.4	Total	21.4

The general impairment allowance for debtors has increased by £0.1 million to £0.6 million.

### Liquidity risk

The council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements happen, the council has ready access to borrowings from the money markets and the PWLB. There is no significant risk that it will be unable to raise finance to meet its commitments. Instead the risk is that the council will need to replenish a significant proportion of its borrowings at a time of unfavourable interest rates. Therefore the strategy is to spread the maturity of the council's loans so that a significant proportion does not require repayment or refinancing at the same time. The maturity analysis of the loan debt is as follows:

31 March 2024 £m	Liquidity risk	31 March 2025 £m
(8.0)	Less than 1 year	(8.7)
(6.2)	Between 1 and 2 years	(7.7)
(12.9)	Between 2 and 5 years	(11.1)
(20.8)	Between 5 and 10 years	(29.9)
(73.1)	More than 10 years	(81.4)
(121.0)	Total	(138.8)

#### Market risk

The council is exposed to significant risk in terms of its exposure to interest rate movements on its borrowings and investments. Movements in interest rates could have a significant impact on the council. For instance, a rise in interest rates would have the following effects:

- Borrowings at variable rates the interest expense charged to the surplus or deficit on the provision of services would increase
- Borrowings at fixed rates the fair value of borrowings would fall
- Investments at variable rates the interest received credited to the surplus or deficit on the provision of services would rise
- Investments at fixed rates the fair value of the assets would fall

Borrowings and investments are not carried at fair value in the balance sheet and so nominal gains and losses on fixed rate financial instruments would have no impact on the surplus or deficit on the provision of services. The impact on the general fund is through changes in interest payable and receivable. The council's loans are all fixed rate which means that when the Bank Base Rate is low the interest rate paid on borrowing is relatively high compared to the rate received on investments.

The treasury management team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and is considered at quarterly strategy meetings with the council's treasury advisors. The council sets an annual treasury management strategy which includes analysing future economic interest rate forecasts. This analysis will advise whether new borrowing taken out is fixed or variable and, where economic circumstances make it favourable, fixed rate loans will be repaid early to limit exposure to losses. The table below demonstrates the financial effect of a 1% increase in interest rates at 31 March 2025.

Sensitivity analysis	1% increase in interest rates
Increase in interest payable on borrowing	-
Increase in interest receivable on investment balances	(0.6)
Decrease in fair value of borrowing	9.8

## Group comprehensive income and expenditure statement

The group comprehensive income and expenditure statement shows the accounting costs in year of services provided by the group. This is prepared in accordance with International Financial Reporting Standards (IFRS) rather than the amount to be funded from taxation. The taxation position is shown in the movement in reserves statement.

Restated* 2023/24 Gross expenditure £m	Restated* 2023/24 Gross income £m	Restated* 2023/24 Net group expenditure £m	Group comprehensive income and expenditure	2024/25 Gross expenditure £m	2024/25 Gross income £m	2024/25 Net group expenditure £m

		(12.9)	Re-measurement of the net defined benefit liability			(1.1)
		(23.5)	Other comprehensive (income) and expenditure			(9.3)
		(16.5)	Total comprehensive (income) and expenditure			6.7

<sup>\*</sup>See Note G5 for Prior Period Adjustment

There is a minority interest of 20% in the subsidiary. There is £nil (2023/24 £nil) included in the surplus on the provision of services and in the total comprehensive income and expenditure figures that is attributable to the minority interest.

# **Group balance sheet**

The group balance sheet shows the value of the assets and liabilities of the group, with the net assets matched by the reserves held. Reserves are categorised as usable (those the council can use to provide services), and unusable (those which cannot be used to provide services).

31 March 2024 £m	Balance sheet	31 March 2025 £m
689.8	Property, plant and equipment	701.6
52.6	Investment property	48.5
0.5	Intangible assets	0.7
4.1	Heritage assets	4.4
35.8	Long term debtors	35.6
782.8	Long term assets	790.8
25.4	Short term investments	10.4
0.3	Inventories	0.3
43.3	Short term debtors	55.5
26.3	Cash and cash equivalents	42.0
95.3	Current assets	108.2

31 March 2024 £m	Balance sheet	31 March 2025 £m
(8.0)	Short term borrowing	(8.3)
(59.2)	Short term creditors	(60.8)
(8.4)	Short term grants receipts in advance	(6.7)
(3.5)	Short term provisions	(4.5)
(1.8)	Cash and cash equivalents	(3.3)
(80.9)	Current liabilities	(83.6)
(1.7)	Long term provisions	(1.4)
(113.0)	Long term borrowing	(130.5)
(16.0)	Capital grants receipts in advance	(14.9)
(46.5)	Other long term liabilities	(55.3)
(177.2)	Total long term liabilities	(202.1)
620.0	Net assets	613.3
(155.1)	Usable reserves	(171.8)
(464.9)	Unusable reserves	(441.5)
(620.0)	Total reserves	(613.3)

There is a minority interest of 20% in the subsidiary. There is £0.7 million (2023/24 £0.7 million) included in Usable reserves that is attributable to the minority interest.

Rachael Sanders, Director of Finance and Section 151 Officer 25/09/2025

# **Group movement in reserves statement**

The group movement in reserves statement shows the movement on the different reserves held, analysed into usable and unusable reserves. The net increase / decrease before transfers to / from earmarked reserves shows the statutory general fund balance before any discretionary transfers are undertaken.

7.2	Net cash flows from operating activities	(0.3)
(9.2)	Net cash flows from investing activities	0.5
5.3	Net cash flows from financing activities	(14.4)
3.3	Net (increase)/decrease in cash and cash equivalents	(14.2)
27.8	Cash and cash equivalents at 1 April	24.5
24.5	Cash and cash equivalents at 31 March	38.7
(3.3)	Net increase/(decrease) in cash and cash equivalents	14.2

### **G1.** Introduction

Group accounts consolidate the single entity accounts of Herefordshire Council with its subsidiary, Hoople Ltd. The group accounts comprise:

Group comprehensive income and expenditure statement

Group balance sheet

Group movement in reserves statement

Group cash flow

Disclosure notes have only been included in the group accounts where they are materially different from those of the council's single entity accounts.

### G2. Basis of consolidation

Herefordshire Council owns 80% of the ordinary share capital of Hoople Ltd, a controlling share. Hoople Ltd is accounted for as a subsidiary in the group accounts and is consolidated on a line by line basis using the acquisition method.

There are no other entities included in the group accounts, because they are not considered to be material to the group.

## **G3.** Financial performance of the subsidiary

The financial performance of Hoople Ltd is set out in the table below. These results include transactions and balances with the council, which have been eliminated in the group accounts.

Comprehensive income and expenditure statement	2023/24 £m	2024/25 £m	Balance sheet	31 March 2024 £m	31 March 2025 £m
Turnover	(25.8)	(26.6)	Non-current assets	4.0	4.1
(Profit) on ordinary activities before taxation	-	(0.1)	Current assets	3.4	6.0
Tax on profit on ordinary activities	-	-	Liabilities due within one year	(4.1)	(6.7)
(Profit) for the financial year after taxation	-	(0.1)	Liabilities due after more than one year	-	-
Other comprehensive income and expenditure	-	-	Net assets	3.3	3.4
Total comprehensive income and expenditure	-	(0.1)	Reserves	(3.3)	(3.4)

A full copy of the company's accounts can be obtained from the Directors, Hoople Ltd, Auxilium House, Legion Way, Hereford, HR1 1LN. The accounts are audited by Williamson & Croft.

## **G4.** Group accounting policies

In preparing group accounts, the council is required to align the accounting policies of the subsidiary with those of the council, and make consolidation adjustments if necessary. The accounting policies adopted by Hoople Ltd are considered to be consistent with the accounting policies adopted by the council, with the exception of those listed below:

#### **Taxation**

Corporation tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in the statement of comprehensive income, profit and loss, except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income. Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the reporting date and any adjustment to tax for the prior period. Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects either accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

## G5. Group prior period adjustment

Prior period adjustments may arise from a change in accounting policies or to correct a material error. Material errors in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

### **G5.1** Directorate restructure

The 2023/24 group comprehensive income and expenditure statement has been restated to adjust for restructuring of services between directorates that occurred during 2024/25, the impact on the net expenditure is shown in the table below.

Group comprehensive income and expenditure line affected	Per 2023/24 Financial Statements £m	Prior Period Adjustment £m	Per 2024/25 Financial Statements comparative £m
Children and Young People	69.8	(4.9)	64.9
Community Wellbeing	70.9	(0.5)	70.4
Economy and Environment	67.0	4.9	71.9
Corporate Services	45.7	0.5	46.2

### **G5.2 Grants reclassification**

The 2023/24 comprehensive income and expenditure statement has been restated to adjust for grant income between Taxation and non-specific grant income and directorates, the impact on the net expenditure is shown in the table below.

Group comprehensive income and expenditure line affected	Per 2023/24 Financial Statements* £m	Prior Period Adjustment £m	Per 2024/25 Financial Statements comparative £m
Children and Young People	64.9	(7.9)	57.0
Community Wellbeing	70.4	(8.6)	61.8
Taxation and non-specific grant income	(242.4)	16.5	(225.9)

<sup>\*</sup>after prior period adjustment in Note G5.1

## **Collection fund statement**

The Collection Fund is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection of council tax and business rates. From April 2013 the system of funding local

authorities changed allowing council to retain 49% of the county's business rates.

	Collection fund	Note	2024/25 Council tax £m	2024/25 Business rates £m	2024/25 Total £m
	Amounts required to be credited to the collection fund				
159.9	Council tax	C2	169.1	-	169.1
41.3	Business rates income	C1	-	49.1	49.1
4.5	Transitional protection payments receivable		-	2.1	2.1

	Amounts required to be debited from the collection fund				
	Precepts, demands and shares				
21.2	Central government		-	21.9	21.9
7.1	Hereford and Worcester fire authority		7.0	0.4	7.4
147.7	Herefordshire Council		135.0	21.4	156.4
5.4	Parish and town councils		5.7	-	5.7
18.8	West Mercia police		20.0	-	20.0
	Contribution towards previous year's surplus				
2.2	Central government		-	1.4	1.4
0.1	Hereford and Worcester fire authority		-	-	-
3.5	Herefordshire Council		-	1.4	1.4
0.2	West Mercia police		-	-	-
	Charges to collection fund				
0.3	Cost of collection allowance		-	0.3	0.3
0.9	Write offs of uncollectable debt		0.3	0.3	0.6
1.1	Increase/(decrease) of bad debt provision		0.4	0.6	1.0
(2.2)	Changes in provision for appeals		-	(0.6)	(0.6)
2.2	Other transfers to the general fund		-	2.3	2.3
208.5	Total		168.4	49.4	217.8
(2.8)	Surplus/(deficit) for the year		0.7	1.8	2.5
10.5	Balance bought forward		3.4	4.3	7.7
7.7	Balance carried forward	C3	4.1	6.1	10.2

# **Notes supporting the collection fund statement**

### C1. Business rates income

The total non-domestic rateable value at the year-end was £149.6 million and the national non-domestic rate multiplier for 2024/25 was 49.9p for the small business rate multiplier and 54.6p for the standard business rate multiplier.

Business rates income	2024/25 £m
Annual debit	77.1
Less	
Empty allowances	(1.7)
Transitional relief	(2.1)
Discretionary relief	(0.8)
Mandatory relief	(6.0)
Small business rate relief	(9.3)
Funded reliefs	(8.0)
Interest on refunds	(0.1)
Total	49.1

# Notes supporting the collection fund statement

### C2. Council tax income

Council tax income is derived from charges raised according to the value of residential properties, which have been classified into eight valuation bands. Estimated values as at 1 April 1991 are used for this specific purpose. Individual charges are calculated by estimating the amount of income required to be taken from the collection fund by the council, West Mercia Police and Hereford and Worcester Fire and Rescue Authority, and dividing this by the council tax base (the total number of properties in each band adjusted by a proportion to convert the number to a Band D equivalent and adjusted for discounts etc.). The amount of council tax for a Band D property is multiplied by a specified proportion to give an amount due for other property valuation bands. The average council tax for a Band D property in 2024/25 was £2,311.60 including fire, police and parish precepts, with a range of between £2,250.48 and £2,440.73. The council tax base used for setting the council tax in 2024/25 was 71,999.97. The Band D equivalents in each valuation band are shown in the table below:

Band	Valuation range	Charge factor	Band D equivalent
Α	Up to £40,000	6/9	5,545.48
В	£40,001 to £52,000	7/9	11,751.95
С	£52,001 to £68,000	8/9	12,670.92
D	£68,001 to £88,000	9/9	11,973.81
E	£88,001 to £120,000	11/9	13,771.13
F	£120,001 to £160,000	13/9	10,141.56
G	£160,001 to £320,000	15/9	5,830.29
Н	Over £320,001	18/9	314.83
Total			71,999.97

Council tax income	2024/25 £m
Council tax debit	203.9
Banding change	5.3
Less	
Discounts	(17.2)
Exemptions	(6.9)
Council tax reduction	(15.7)
Disablement relief	(0.3)
Total	169.1

# **Notes supporting the collection fund statement**

# C3. Collection fund surplus/(deficit)

The Collection Fund surplus at 31 March 2025 is split as follows:

Collection fund surplus/(deficit)	Council tax £m	Business rates £m	Total £m
Central government	-	3.0	3.0
Hereford and Worcester fire authority	0.2	0.1	0.3
Herefordshire Council	3.5	3.0	6.5
West Mercia police	0.4	-	0.4
Total	4.1	6.1	10.2

## **Annual governance statement**

### Introduction

The Annual Governance Statement is a review of our activities to ensure that the council is carrying out its functions effectively. This statement explains how the council has discharged its governance responsibilities during the period from 1 April 2024 to 31 March 2025, the key governance mechanisms in place and planned improvements for 2025/26 and beyond.

Our risk management process is a key part of our governance arrangements and provides assurance that:

- our business is conducted in accordance with all relevant laws and regulations;
- public money is safeguarded and properly accounted for; and
- resources are used economically, efficiently and effectively to achieve agreed priorities which benefit local people.

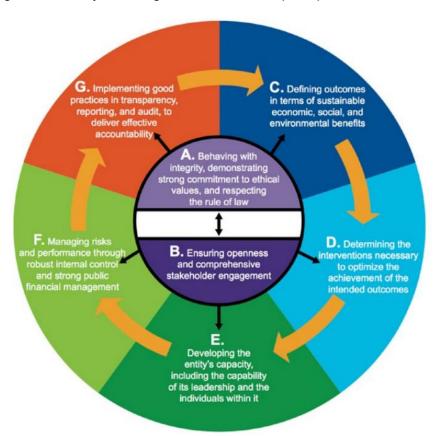

## The purpose of the Governance Framework

The council is committed to improving governance through a process of continual evaluation and review, delivered through the seven principles of good governance as identified in the Delivering Good Governance in Local Government Framework 2016 and supported by the council's Constitution and processes which strengthen corporate governance.

Our system of internal control is designed to manage risk to a reasonable level and is based on an ongoing process to identify and manage risks to the achievement of policies, aims and objectives, to evaluate the likelihood of those risks being realised, and to manage them efficiently, effectively and economically. It cannot eliminate all risk of failure but provides reasonable assurance of effectiveness.

This Annual Governance Statement is published in accordance with the CIPFA/SoLACE Delivering Good Governance in Local Government

Framework 2016. The council aims to achieve good standards of governance by adhering to the seven core principles below:

## **Annual governance statement**

### **Overview of Governance Framework**

Key elements of the council's governance framework, which have been in place throughout 2024/25 are set out below:

#### Leader, Cabinet and Council

The council operates a leader and cabinet model of governance in which the Leader and Cabinet are responsible for all of the council's executive functions except those required by law or the Constitution to be undertaken by full Council.

#### **Decision Making**

Decisions may be taken by full Council, Cabinet, individual Cabinet Members (for decisions that sit within their portfolio areas), Committees and Sub-committees and Officers who have been delegated specific responsibilities in accordance with the council's scheme of delegation and financial procedure rules. There is an approved governance process for each type of decision, supported by the legal requirements and provisions set out in the council's Constitution.

### **Risk and Performance Management**

The council's risk management arrangements ensure operational and strategic risks are managed effectively to support increased performance and delivery of corporate priorities. Identified risks and mitigating controls are monitored through Service, Directorate and Corporate Risk Registers, reported to the Corporate Leadership Team and Audit and Governance Committee.

#### **Statutory Officers**

- Head of Paid Service (the Chief Executive): responsible for the operational management, leadership and strategic direction of the council, alongside the management and performance of the Corporate Leadership Team.
- Director of Governance and Legal Services (the Monitoring Officer): responsible for maintaining the Constitution and ensuring that

- functions act in accordance with the Constitution and relevant legal requirements. These arrangements include overseeing the ethical conduct of the council and the production of associated codes, conventions and protocols.
- Chief Finance (Section 151) Officer: responsible for the oversight and delivery of financial management arrangements; achieved through a robust financial control framework, financial procedure rules, a scheme of delegation and an independent and objective Internal Audit function.
- Statutory Scrutiny Officer: responsible for promoting the role of the council's Scrutiny Committees within the council and providing guidance and support to Scrutiny Members. This role cannot be held by the Head of Paid Service, Monitoring Officer or Chief Finance Officer.

#### **Corporate Leadership Team**

The council's Corporate Leadership Team (CLT) is collectively responsible for ensuring that effective governance arrangements are in place and are subject to regular review. CLT provides leadership, determines policy and upholds expected standards of behaviour.

#### **Scrutiny Committees**

Scrutiny is a statutory role fulfilled by councillors who are not members of the Cabinet. The role of the scrutiny committees is to help develop policy, to carry out reviews of council and other local services, to provide effective challenge and to hold decision makers to account for their actions and decisions.

#### **Audit and Governance Committee**

The Audit and Governance Committee oversees the council's audit and corporate governance arrangements and provides independent assurance on the adequacy of the risk management framework and internal controls. The Committee considers annual audit plans and reports of internal and external auditors.

## **Annual governance statement**

#### **External Audit**

External Audit provide an opinion on the council's annual Statement of Accounts and review the council's Value For Money (VFM) arrangements which are designed to secure economy, efficiency and effectiveness in its use of resources.

#### Internal Audit

Internal Audit provides an independent and objective opinion on the council's governance, risk management and control environment; evaluating effectiveness through a risk based approach. The annual Internal Audit Plan comprises: operational audit reviews, cross-cutting governance audits, annual review of key financial system controls, IT audits, grant assurance work and any other special or unplanned review, aligned to the council's corporate risks.

#### **Review of Effectiveness**

The review of effectiveness is informed by the work of Senior Officers and managers with responsibility for the design and maintenance of an effective governance environment. It is also informed by the work of Internal Audit and the annual opinion provided by the Head of Internal Audit.

The results of the annual review of the effectiveness of the council's governance arrangements during 2024/25 are set out below and demonstrate how the council has complied with the seven principles of the CIPFA/Solace Framework.

Areas for improvement, where it is recognised that governance arrangements could be further strengthened, are included as part of the assessment and these are supported by a detailed action plan. Progress against the plan will be reported to Audit and Governance Committee to ensure that work is undertaken to deliver the identified improvements.

## Assessment of the effectiveness of governance arrangements during 2024/25

**Core Principle A:** Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

# Key aspects of the council's governance arrangements during 2024/25:

We have arrangements in place to provide assurance that our values are upheld, and that members and officers demonstrate high standards of conduct and behaviour to comply with laws and regulations. These include:

 We have continued to review the council's Constitution and associated documents to simplify and enhance visibility across officers, Members and residents.

- In October 2024, a report was taken to full Council to propose amendments to the constitution in relation to: functions of the Audit & Governance Committee including recruitment and appointment of an Independent Person; functions of Planning and Regulatory Committee; clarification of the Planning Code and rules; amendment to the Fostering Panel membership to reflect practice; amendment to employment rules; amendment to the corporate scheme of delegation; amendment to enable consequential changes to be made to the Constitution; clarification to call-in; and role description for position of chair and vice chairperson.
- An update on the operation of the employee Whistleblowing Policy
  was reported to Audit & Governance Committee in October 2024 to
  provide assurance on the effectiveness of arrangements in place for
  employees, and others, to raise concerns that may be in the public
  interest.
- The Equality Policy 2024-2027 was approved in May 2024. The
  policy supports compliance with the Equality Act 2010 and details
  the council's equality objectives, work across the council to address
  equality issues and highlights areas where additional actions are
  proposed.
- The Corporate Complaints and Compliments Policy and Procedure 2025-2029 has been updated to ensure customers are informed about the complaints process and are aware of the rights and obligations. This ensures effective investigation and appropriate response to formal complaints and compliments received from service users.
- The Shareholder Committee forms part of the overall governance arrangements for Herefordshire Council in relation to companies and other legal entities which are wholly or partly owned or controlled by the Council. The Committee has met during 2024/25 to review the position and performance of companies in which the council has a legal interest. The Committee ensures transparent reporting of the council's interests.
- Engagement through Leadership Group, All Staff Briefings and collaboration across Corporate Leadership Team and individual Directorate Teams has taken place throughout 2024/25 ensuring

that information about the council's strategic priorities and planned activity is shared in a timely way to enable informed decision making at all levels across the organisation.

- Mandatory training completed in 2024/25 included modules which support decision making and reporting: Information Access & Information Governance, Information Security, Equality, Diversity & Inclusion (EDI).
- Additional training has been delivered through the council's Leadership Group in 2024/25 for officers to share across their teams: Equality Impact Assessments, the role of Scrutiny, Impact of Procurement Reforms and regular updates on the council's financial position and performance.

The governance arrangements, as identified above, have been effective in the period from 1 April 2024 to 31 March 2025. Areas where it is recognised that governance arrangements could be further strengthened include:

- We will continue to promote a culture of accountability and strong ethical values through additional training to Officers to support the documentation of evidence-based decision making and reporting, aligned to the revised Risk Management Strategy and Risk Appetite Statement.
- Improvements to the process for declaring employee interests will be delivered in 2025/26 to enable simplified reporting and updating by employees and support improved oversight by managers.
- Incorporation of equality considerations in service planning templates to improve ownership of equality within each service area.

**Core Principle B:** Ensuring openness and comprehensive stakeholder engagement

Key aspects of the council's governance arrangements during 2024/25:

The Chief Executive and Corporate Leadership Team value are committed to ensuring that employee feedback is sought, listened to and acted upon. To promote engagement, maintain effective employee relations and share information, monthly all staff briefings are hosted by the Chief Executive and Leadership Group.

#### Activity during 2024/25 comprised:

- Continued engagement with staff through the Chief Executive's weekly staff update to share staff news, wellbeing advice, training and development opportunities and relevant partner news.
- Active promotion of employee network groups to strengthen the voices of employees and provide a safe environment for colleagues who share identities, life experiences or cultures to raise awareness, challenge discrimination and initiate positive change in the workplace.
- Political Group Consultations to inform decisions with financial or community significance; to provide a political viewpoint for officers to capture in key decision reports and ensure transparent political choices for the electorate.
- The Herefordshire Council Plan 2024-28, approved by Council in May 2024, identifies the council's strategies and plans that will support delivery of priorities. As part of routine activity during 2024/25, these plans and strategies have been subject to in-year review and updates made accordingly. Collaboration and engagement across teams, and review by the Corporate Leadership Team, ensures that relevant strategies and policies are aligned to the Transformation Strategy.
- The Audit & Governance Committee appointed an Independent Member in September 2024 to provide specialist knowledge and insight and complement the skills and experience of existing Members. Training and information have been provided to the newly appointed Member to support delivery in the role.
- Feedback from events and surveys to inform the council's corporate priorities. Consultations and surveys, to engage the views of stakeholders, during 2024/25 included: Library Strategy, Active

travel improvements, 2025/26 Budget proposals, Herefordshire Domestic Abuse Strategy, Wraparound Childcare requirements and proposed expansion of Aylestone School.

- As part of consultation on proposals for the 2025/26 revenue budget and capital programme, the council developed an online budget simulator tool, enabling residents and other stakeholders to consider funding choices and the impact of changes in income and expenditure on the delivery of services. Engagement also asked for feedback on priorities for the 2025/26 budget and council tax increase options. A further event to engage with the business community was held in December 2024.
- Implementation of a People's Voice questionnaire at the conclusion of each Care Act Assessment in adult social care to secure feedback from individual residents on their experience to inform ongoing service improvement.

The governance arrangements, as identified above, have been effective in the period from 1 April 2024 to 31 March 2025. Areas where it is recognised that governance arrangements could be further strengthened include:

- Arrangements to enhance and strengthen governance, internal challenge and oversight of the council's major and capital projects will be implemented in 2025/26 with the establishment of a Major Projects Forum. This body will provide oversight with representation from a variety of stakeholders across the council to provide internal check and challenge.
- A further layer of assurance will be provided via a Corporate Services Gateway board to be chaired by the Deputy Monitoring Officer and Deputy S151 Officer to provide an opportunity for crosscutting legal, financial, governance issues and risks to be considered separately for upward reporting to the Major Projects Forum.

**Core Principle C:** Defining outcomes in terms of sustainable economic, social, and environmental benefits

## Key aspects of the council's governance arrangements during 2024/25:

 The Herefordshire Council Plan 2024-28 sets out the council's vision across four priority areas: People, Place, Growth and Transformation. The annual Delivery Plan underpins the Council Plan and individual Service Plans provide a framework to support effective performance management and to ensure activity is aligned to the priorities and principles of the Delivery Plan and Council Plan.

People: We will enable residents to realise their potential, to be healthy and to be part of great communities who support each other. We want all children to have the best start in life.

Place: We will protect and enhance our environment and ensure that Herefordshire is a great place to live. We will support the right housing in the right place, we will support access to green spaces and we will do everything we can to recover the health of our rivers Growth: We will create the conditions to deliver sustainable growth across the county; attracting inward investment, building business confidence, creating jobs, enabling housing development along with providing the right infrastructure.

**Transformation:** We will be an efficient council that embraces best practice, delivers innovation through technology and demonstrates value for money.

- Performance against 2024/25 Delivery Plan actions has been reported quarterly to Cabinet. Reporting identifies the lead officer and outlines progress made in the quarter against the performance measures relevant to each action and indicates the risk of delivery.
- Work to finalise Service Plans has progressed during 2024/25; in June 2024, a workshop took place with the council's Leadership Group to review existing service plans and standardise processes to develop the plans. The outcomes from this workshop have been taken forward to inform the production of Service Plans to support monitoring of performance at Service level in 2025/26.

- The council's Carbon Management Plan 2020/21 to 2025/26 and supporting action plan aims to deliver a 75% reduction in carbon emissions by 2025/26; an interim target on a path to carbon neutral by 2030/31.
- Decision making across the council is supported by a clear governance framework and this ensures appropriate review and challenge of information across relevant teams including Finance, Legal, Governance, Risk, Equalities. Where appropriate, decisions are aligned to the priorities of the approved Council Plan. Cabinet and Committee reports set out the environmental implications of recommendations for consideration as part of decision making.
- The Contract Procedures Rules were updated in 2024/25 to incorporate the legislative requirements of the Procurement Act 2023 and Procurement Regulations 2024. The revised Rules ensure that service specifications for procurement of new or existing services identify social value outcomes and how they will contribute to the council's strategic priorities.

The governance arrangements, as identified above, have been effective in the period from 1 April 2024 to 31 March 2025. Areas where it is recognised that governance arrangements could be further strengthened include:

- Development of an updated Carbon Management Plan and associated action plan.
- Continued work with strategic partners, residents and local organisations to develop a revised countywide carbon dioxide reduction strategy aspiring for carbon neutrality by 2030.

**Core Principle D:** Determining the interventions necessary to optimise the achievement of the intended outcomes

Key aspects of the council's governance arrangements during 2024/25:

- The council has robust processes in place to support financial planning and sustainability. The budget is informed by the Medium Term Financial Strategy (MTFS) with key risks and assumptions clearly identified and reported to Members. The budget setting process identifies financial pressures and savings proposals and these are subject to challenge and scrutiny by relevant stakeholders.
- Development of the 2025/26 revenue budget and capital programme included increased engagement and transparency across Group Leaders, and their political groups, to share information throughout each stage of development and as new challenges to the council's financial position arose.
- Monthly Budget Board meetings of Corporate Directors and Service Leads, the Chief Executive and S151 Officer, have taken place throughout 2024/25 to monitor key Directorate pressures and challenges in the delivery of savings, and to identify action plans to manage cost pressures and mitigations for 'at risk' savings.
- Quarterly reporting of financial performance to Cabinet during 2024/25 has highlighted key financial pressures and risks, prompting the continuation of expenditure controls and management recovery actions with a resulting positive impact on the final outturn position for the financial year.
- Performance against actions from the council's Delivery Plan was reported quarterly to Cabinet during 2024/25.
- Responsibility for the delivery of the council's strategic objectives lies with individual Directorates and this is monitored through individual Directorate Plans, Service Business Plans and Individual Personal Development Plans to ensure the alignment of individual activity to corporate ambitions.
- The council's future target operating model was launched in 2024 and has been communicated across the organisation through staff briefings and the staff conference. The Strategic Transformation Board has been established to finalise work programmes and improvement activity that will support the implementation of the council's new target operating model.

 Enhanced monitoring of children's residential placements has been delivered in 2024/25 through the Children & Young People Directorate's 'Better Outcomes' Panel, chaired by a Senior Officer.

Areas where it is recognised that governance arrangements could be further strengthened include:

- In addition to improvements in performance monitoring arrangements, the council has identified areas for improvements in the integration of social care case management and financial systems to support consistency and accuracy in data used to drive activity and financial forecasts.
- Improved links between All Age Commissioning and operational service areas to ensure joint understanding of commissioned services, to support service developments and enhanced financial management.

A key area for improvement for the council is the continued transformation of children's social care services to address areas identified for improvement following an Ofsted review of the service in July 2022.

In September 2022, the council's Children's Services were rated inadequate and a statutory direction was issued by the Secretary of State and a Commissioner for Children's Services was appointed. The council has responded positively to the findings of these reviews with enhanced governance and oversight arrangements and significant financial investment. Further planned actions to improve are noted below under Significant Governance Issues.

**Core Principle E:** Developing the entity's capacity, including the capability of its leadership and the individuals within it

Key aspects of the council's governance arrangements during 2024/25:

 The Workforce Strategy 2024-28, was approved for implementation in April 2024. The Strategy commits to nurturing a culture of excellence, empowerment and growth with the **THRIVE** core values as the guiding principles to shape the culture and behaviours within the council:

TRUST: developing and maintaining relationships based on a culture of transparency and open communication

HONESTY: demonstrating truthfulness, integrity, and transparency in all communications, decisions, and relationships

RESPONSIBILITY: taking ownership of individual and collective actions, decisions, and delivering on commitments

INCLUSIVITY: embracing diversity, equity and inclusion by recognising and valuing the unique perspectives, backgrounds and experiences of staff, customers and residents

VALUE: upholding high standards, ethics and integrity to guide actions and decisions by demonstrating commitment to creating and delivering value

**E**MPATHY: demonstrating a genuine and caring understanding of others' feelings, perspectives, and experiences

- A Children & Young People Workforce Strategy, aligned to the Corporate Workforce Strategy with a specific focus on ambitions for staff in the C&YP Directorate, is in place to support permanent recruitment and development of staff internally.
- The council provides a range of learning and development opportunities for staff, delivered through the Learning & Organisational Development Team. This includes Mandatory Training modules as well as opportunities through 'My Learning Hub'.
- In 2024/25, investment in the council's learning offer, shaped by feedback from staff, resulted in a programme of learning across a variety of topics. The All Staff learning offer includes 10 topics covering core skills as well as areas identified as a learning gap in the employee survey and through employee feedback. Themes include: Productivity, Impact & Influence, Change Mindset and

Presenting. For Managers and Leaders, an additional suite of training is available to support leadership and management skills. This includes topics such as coaching skills, managing change and performance and delegation and empowerment skills.

- Staff are able to discuss and agree training and development needs through the annual 'My Conversation' process.
- In 2024/25, the Corporate Leadership Team approved a suite of leadership training for leaders at all stages of their careers, which will be implemented in 2025/26: Lead@HC.
- The council has continued to develop and update its financial reporting arrangements during 2024/25, to tailor financial information to the risks of each Directorate, working collaboratively with stakeholders.
- During 2024/25, regular updates on the council's financial position and performance in the year to date, have been shared with the council's Leadership Group (staff who report directly to a member of the Corporate Leadership Team) and through All Staff Briefings. At the Staff Conference in September 2024, an update by the Director of Finance was shared with all attendees.

Areas where it is recognised that governance arrangements could be further strengthened include:

- The council's leadership development programme (@LeadHC) will be launched in 2025/26 to address gaps in the learning and development offer and strengthen leadership skills and capabilities. The Lead@HC Programme will aim to develop inspirational leaders across four themes: Grow, Aspire, Empower, Innovate.
- A review of the reporting tools available through the council's finance system (Business World) will be undertaken in 2025/26 to increase automation and simplification of financial information to aid budget management and decision making.

**Core Principle F:** Managing risks and performance through robust internal control and strong public financial management

## Key aspects of the council's governance arrangements during 2024/25:

- The council's performance management framework sets out the approach to business planning, monitoring performance and risk management and this structure enables the alignment of resources, people and finance to the ambitions outlined in the Council Plan. Quarterly budget and performance reports are presented to Cabinet to report progress against the agreed revenue budget, capital programme, savings and achievement of key milestones in the Delivery Plan.
- Risk management forms an integral part of the council's governance arrangements and decision-making processes and is fundamental to the successful delivery of strategic objectives. Effective risk management enables the council to make informed decisions in respect of challenges and risks within the boundaries of risk appetite, available resources and legislative and regulatory requirements and strengthens the council's ability to be agile to respond to challenges and opportunities.
- Activity to review and update the council's risk management arrangements was undertaken in 2024/25 to update the Risk Management Strategy and strengthen the management and monitoring of risks across the council.
- This activity has included feedback from the council's external risk management consultants, Corporate Leadership Team Risk Management workshops, facilitated by the council's Internal Auditor's Chief Technical Advisor for Risk and Head of Internal Audit, and engagement with Cabinet Members and Audit & Governance Committee.
- A revised Risk Management Strategy has been completed, incorporating a new Risk Appetite Statement which defines the level of risk the council is willing to accept to deliver the priorities of the Herefordshire Council Plan 2024-28 and annual Delivery Plan.
- The Strategy sets out the approach and principles of risk management, outlining the council's risk appetite, risk management

- objectives and confirms the roles and responsibilities of elected Members and Officers across the council.
- The council's Counter Fraud and Corruption Strategy promotes a culture in which fraud, bribery and corruption are not tolerated and supports the prevention and detection of fraud across the organisation. Work to raise awareness internally and externally has continued in 2024/25: additional training has been delivered to staff and Members, additional resources to raise awareness of fraud have been made available to staff and we have continued to develop methods of partnership working to identify and investigate fraud.
- The council supports and submits data for the National Fraud Initiative (NFI) and assesses all matches for review and, where appropriate, mitigation.
- The Financial Procedures Rules (FPRs) control the way the council manages it finances and safeguards its assets. They form part of the Constitution and outline the financial roles and responsibilities for staff and Members and provide a framework for financial decision-making.
- Internal financial reporting and monthly Directorate Budget Board meetings have supported early identification and effective management of financial risks during 2024/25; enabling recovery plans and expenditure controls to be implemented to influence the final outturn position. A budget monitoring report is prepared for Directorate and Corporate Leadership Teams on a monthly basis. These reports are also presented at Cabinet Briefings in addition to the quarterly monitoring reported to Cabinet.
- A self-assessment against the CIPFA Financial Management Code has been completed in 2024/25 and actions to address areas for improvement has been developed for implementation in 2025/26.

The governance arrangements, as identified above, have been effective in the period from 1 April 2024 to 31 March 2025. Areas where it is recognised that governance arrangements could be further strengthened include:

- Risk management takes place across the council at Corporate,
  Directorate and Service levels and activity will continue in 2025/26
  to review the council's risk management framework which outlines
  the processes and activities by which risks are identified, evaluated,
  managed, monitored and reported, in line with the revised Risk
  Management Strategy.
- This activity will include engagement through the council's Leadership Group and training for risk owners at all levels within the risk management framework including elected members.

**Core Principle G:** Implementing good practices in transparency, reporting and audit to deliver effective accountability

## Key aspects of the council's governance arrangements during 2024/25:

- Information is published on the council's website to provide details
  of the working of the organisation, what we spend, and how our
  decisions are made. All council decisions are published, along with
  agendas and minutes for Committees and Public and Member
  questions and answers.
- Cabinet or Cabinet Member decisions are in place for all related activity, with appropriate delegations identified.
- Cabinet members are briefed at monthly portfolio briefing meetings, and regular cabinet meetings.
- The council's Monitoring Officer has a specific duty to ensure the council, its Officers and Members maintain the highest standards in their values and behaviours.
- Arrangements are in place to ensure that we fully comply with the requirements of the Public Sector Internal Audit Standards (PSIAS) and CIPFA Statement on the Role of the Head of Internal Audit.
- The council is registered as a Controller under the General Data Protection Regulation (GDPR) which governs how we manage and process the information we collect and retain. There is a nominated Data Protection Officer and procedures in place that explain how

- we use and share information, as well as arrangements for members of the public to access information.
- Internal and external recommendations for ongoing monitoring are managed through 'AuditBoard': an integrated tool which is now used by Council Staff, Internal Audit (SWAP) and Members of the Audit & Governance Committee. Training has been provided to users and the Internal Audit in-year quarterly update reports are informed by data recorded in this tool.
- Individual Directorate Delegations of Authority have been reviewed to strengthen and reinforce financial accountability and responsibility.
- The process to assess the equality impact of council decisions, activity and policies has been reviewed during 2024/25 and refreshed Equality Impact Assessment Guidance is available on the council's intranet for all Officers to consider. In addition, an interactive training session was delivered to the council's Leadership Group in October 2024.

The governance arrangements, as identified above, have been effective in the period from 1 April 2024 to 31 March 2025. Areas where it is recognised that governance arrangements could be further strengthened include:

- A review of the council's Internal Audit Plan for 2025/26, following the approval of the updated Risk Management Strategy and Corporate Risk Register, to ensure that planned work provides adequate coverage of the council's key risks and control environment.
- Integration of equality impact assessments at the initial stages of developing new strategic, policies, functions or services to understand the potential impacts on individuals, and groups, in our communities and ensure effective consideration of equality, diversity and cohesion in all key decision making.
- Equality, Diversity and Inclusion (EDI) training is included in the council's Mandatory Training Programme for 2025; opportunities to enhance and share information to strengthen consideration of

equality impact assessments for staff and Members will continue in 2025/26.

#### **Significant Governance Issues**

Actions taken to address significant governance challenges during 2024/25 are noted below.

- Improvements in Children's Services: During 2024/25, the council has continued to work hard to deliver the improvements required in Children's Services. In September 2024, Phase 2 of the Children's Services Improvement Plan was endorsed by Cabinet, following engagement and scrutiny of the Plan by the Children & Young People Scrutiny Committee. Findings and feedback from the Ofsted monitoring visit and SEND Area Inspection during the year have been published by the council and Member briefings have taken place to improve awareness and understanding of key challenges and review latest performance. The Children's Improvement Board, has reviewed its terms of reference and membership and has been independently chaired by the Department of Education Commissioner with meetings held on a six-weekly basis. The Children's Commissioner has continued to provide expert insight and guidance throughout the year, undertaking formal six-monthly reviews to present recommendations for improvement. In March 2025, Council unanimously endorsed the Corporate Parenting Strategy 2025-2027 which sets out the council's ambitions, actions and outcomes to achieve as Corporate Parent of children and young people in Herefordshire.
- **Financial Management and Resilience**: Monthly Directorate Budget Boards have provided improved oversight of key cost pressures and challenges in the delivery of savings during 2024/25, supporting the early identification and effective management of financial risks. Directorate control panels have continued to review expenditure on goods and services, as well as changes in staffing arrangements, to provide increased rigour and challenge over expenditure. This activity has enabled recovery plans to be implemented to have a positive impact on the final outturn position.

The review of governance arrangements during 2024/25 has identified the following areas which will be a key focus for the council's leadership in 2025/26:

- Continued improvement in Children's Services: As the council's number one priority, we will continue to make improvements to the services that we provide to children and their families. We will continue to work to deliver improvements to address Ofsted recommendations and will monitor activity and report on measures of success through the Improvement Plan.
- Financial Sustainability and Resilience: The council's financial position continues to be challenging with significant uncertainty in terms of future funding arrangements and allocations across local authorities over the medium term period. Government have confirmed that there will be significant reform of funding arrangements in future years, including a Fair Funding Review and reset of Business Rates during 2025 for implementation from 2026/27. Monitoring of financial position and performance in 2025/26 will include enhanced monitoring of delivery of the capital programme, cashflow position and improved reporting of the council's assets and liabilities including debt, long-term borrowing and use of earmarked reserves.
- The council has set a balanced budget for 2025/26 and we will continue to monitor the outturn position and achievement of savings targets throughout the year. Directorate expenditure controls will continue, as part of financial management arrangements, in 2025/26 to ensure delivery of services within the approved budget. Budget Boards, established in 2024/25 will monitor achievement of savings targets, key financial pressures and risks and delivery of capital and major projects by Directorate.

- **Dedicated Schools Grant:** At 31 March 2025, the council's Dedicated Schools Grant (DSG) cumulative deficit is £20.0 million and this is expected to increase further during 2025/26. The DSG deficit is accounted for as an unusable reserve on the council's Balance Sheet, as permitted via statutory instrument which will remain in place up to March 2026; beyond the period of the statutory override, any balance on the DSG unusable reserve will transfer back to the council's Earmarked Reserves.
- The council is committed to identifying actions to mitigate the DSG deficit, through monitoring of the impact of actions in the DSG Deficit Management Plan, and by reviewing opportunities to increase sufficiency and reduce the use and cost of out-of-county and independent provision, through the council's capital programme in 2025/26 and 2026/27. The risk of a lack of local special educational needs and disabilities (SEND) placement provision to meet current and future levels of demand, is included in the Corporate Risk Register and the impact of mitigating actions and controls will be reported to Cabinet throughout 2025/26.

The key governance challenges facing the council in 2025/26 will be monitored by the Corporate Leadership Team and Audit & Governance Committee.

#### **Audit and Audit Assurances**

The council's Statement of Accounts are audited by Grant Thornton UK LLP. In accordance with statutory requirements, the annual audit includes an examination and certification of the financial statements to confirm they are 'true and fair' and free from material misstatements and an assessment of the council's arrangements to secure economy, efficiency and effectiveness in its use of resources. In 2023/24, Grant Thornton gave an unqualified audit opinion on the financial statements.

The external auditors work on the council's arrangements to secure value for money in 2023/24 did not identify any significant weaknesses in respect of the themes of financial sustainability and governance. The auditors reported a significant weakness, first identified in 2021/22, which remains in respect of improvement in children's services under the theme of improving economy, efficiency and effectiveness in the use of resources.

Internal audit services are provided South West Audit Partnership (SWAP) and these services are managed and delivered in accordance with the Public Sector Internal Audit Standards (PSIAS). SWAP is responsible for reviewing the adequacy of internal controls across all areas of the council's services, providing risk-based and objective assurance, advice and insight.

The annual Internal Audit plan and Internal Audit Charter are presented to and approved by the Audit and Governance Committee. The plan includes a range of activity designed to provide appropriate coverage of key business objectives, associated risks and the risk management process and the council's corporate governance arrangements.

Further assurance is provided by reviews undertaken by external agencies including OFSTED, the Care Quality Commission, the Office of the Information Commissioner and other Local Authority Inspectorates.

For the year ended 31 March 2025, the Head of Internal Audit issued a Reasonable Assurance opinion on the overall adequacy and effectiveness of the council's governance, risk management and internal control environment.

#### Certification

To the best of our knowledge, the governance arrangements, as defined above have been effective for the period from 1 April 2024 to 31 March 2025. We will use the areas for improvement identified through this review of effectiveness to ensure that these governance arrangements, alongside identified areas for improvement, continue to provide effective foundations for the council to achieve its objectives.

Paul Walker Chief Executive Date: 25/09/2025

Jonathan Lester Leader of the Council Date: 25/09/2025

# **Glossary of terms**

Term	Definition
Accounting policies	Specific principles, bases, conventions, rules and practices applied by an entity in preparing and presenting financial statements.
Accrual	The recognition of income and expenditure as goods and services are provided, not when cash is received or paid.
Assets	A resource controlled by the council as a result of past events and from which future economic or service potential is expected to flow to the council.
Borrowing costs	Interest and other costs that an entity incurs in connection with the borrowing of funds. This includes finance charges in respect of leases and PFI contracts.
Capital adjustment account	The capital adjustment account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the comprehensive income and expenditure statement (with reconciling postings from the revaluation reserve to convert fair value figures to a historical cost basis). The account is credited with the amounts set aside by the council as finance for the costs of acquisition, construction and enhancement.  The account contains accumulated gains and losses on investment properties and gains recognised on donated assets that have yet to be consumed by the council.  The account also contains revaluation gains accumulated on property, plant and equipment before 1 April 2007, the date that the revaluation reserve was created to hold such gains.
Carrying amount	The amount at which an asset is recognised after deducting any accumulated depreciation and accumulated impairment losses.
CIES	Comprehensive income and expenditure statement.
Contingent liability	A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the control of the council, or A present obligation that arises from past events but is not recognised because  a) it is not probable that an outflow of resources embodying economic benefits or b) services potential will be required to settle the obligation, or c) the amount of the obligation cannot be measured with sufficient reliability.
Creditors	Financial liabilities arising from the contractual obligation to pay cash in the future for goods or services or other benefits that have been received or supplied and have been invoiced or formally agreed with the supplier.
Debtors	Financial assets not traded in an active market with fixed or determinable payments that are contractual rights to receive cash or cash equivalents.

# **Glossary of terms**

Term	Definition
Depreciation	The systematic allocation of the depreciable amount of the asset over its useful life.
Exchange transactions	Transactions in which one entity receives assets or services, or has liabilities extinguished, and gives approximately equal value (cash, goods, services, or use of assets) to another entity in exchange.
Fair value	The amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.
Finance lease for lessor	A lease that transfers substantially all the risks and rewards incidental to ownership of an asset.
Financial instruments adjustment account	The financial instruments adjustment account records the timing differences between the rate at which gains and losses are recognised for accounting purposes and the rate at which debits and credits are required to be made against council tax.
Financial instrument	Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another.
Grants and contributions	Transfers of resources to the council in return for past or future compliance with certain conditions relating to the operation of activities.
Historical cost	The carrying amount of an asset as at 1 April 2007 or at the date of acquisition, whichever date is the later, and adjusted for any subsequent depreciation or impairment.
HR and OD	Human Resources and Organisational Development.
IFRIC	International Financial Reporting Interpretations Committee (IFRIC) prescribes accounting treatment within the IFRS standards.
IFRS	International Financial Reporting Standards (IFRS) provide understandable, enforceable and globally accepted accounting standards.
Impairment loss	The amount by which the carrying amount of an asset exceeds its recoverable amount.
Intangible asset	An identifiable asset without physical substance e.g. computer software.
Inventories	These are assets;  a) In the form of materials or supplies to be consumed in the production process  b) In the form of materials or supplies to be consumed or distributed in the rendering of services  c) Held for sale or distribution in the ordinary course of operations, or  d) In the process of production for sale or distribution
Investment property	Property held solely to earn rentals or for capital appreciation or both.
Lease	A contract that conveys the right to use an asset for a period of time.
Liabilities	Present obligations arising from past events, the settlement of which is expected to result in an outflow from the entity of resources embodying economic benefits or service potential.
Material	Items are material if they could, individually or collectively, influence the decisions or assessments of users.  Materiality depends on the nature or size of the item, or both.

# **Glossary of terms**

Term	Definition
Minimum revenue provision (MRP)	A provision made for the repayment of notional borrowing used to finance capital expenditure.
Non-exchange transactions	Transactions in which an entity either receives value from another entity without giving approximately equal value in exchange, or gives value to another entity without directly receiving approximately equal value in exchange.
Operating lease for lessor	A lease other than a finance lease.
Private finance initiative (PFI)	A long term contractual public private partnership under which the private sector takes on the risks associated with the delivery of public services in exchange for payments tied to standard of performance.
Property, plant and equipment (PPE)	Tangible assets held for use in the supply of goods and services, for rental to others, or for administrative purposes, and expected to be used during more than one year.
Provision	A liability of uncertain timing or amount.
Related party	Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions.
Revaluation reserve	The revaluation reserve contains the gains made by the council arising from increases in the value of its property, plant and equipment (and intangible assets). The balance is reduced when assets with accumulated gains are:  a) revalued downwards or impaired and the gains are lost  b) used in the provision of services and the gains are consumed through depreciation, or  c) disposed of and the gains are realised.  The reserve contains only revaluation gains accumulated since 1 April 2007, the date that the reserve was created. Accumulated gains arising before that date were consolidated into the capital adjustment account.
Revenue	The gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net worth.
Right of use asset	An asset that represents a lessee's right to use an underlying asset for the lease term.
Short term absences account	The short term absences account absorbs the differences that would otherwise arise on the general fund balance from accruing for absences earned but not taken in the year. Statutory arrangements require that the impact on the general fund balance is neutralised by transfers to or from the account.
