Purpose

To consider the draft work programme for the Health, Care and Wellbeing Scrutiny Committee until July 2026.

Recommendation(s)

That:

- a) The committee agree the draft work programme for Health, Care and Wellbeing Scrutiny Committee contained in the work programme report attached as appendix 1, which will be subject to monthly review, as the basis of their primary focus for the remainder of the municipal year.**
- b) The committee note the forward plan attached as appendix 2 and identify any opportunities for collaboration or alignment of work.**

Alternative options

- 1. The committee could decline to agree a work programme for its future committee meetings. This would likely result in unstructured and purposeless meetings.
- 2. The committee could also decline to identify areas of potential collaboration or alignment of work with other committees. This could result in duplication or overlap of work.

Key considerations

3. A fundamental part of good scrutiny is planning and agreeing a programme of work for the committee to undertake. A well-considered work programme:
 - a. identifies priorities for the committee's work that align with corporate and partnership priorities, as well as reflecting community concern;
 - b. ensures that each identified topic has clear objectives that focus the committee's work;
 - c. creates a timetable for the committee's programme of work so that the committee carry out its work at the optimal time; and
 - d. provides officers and partners with requirements for evidence that will support the committee in providing evidence-based scrutiny.
4. To prepare this work programme, the committee chair meets regularly with the relevant corporate director and with officers of the council to identify potential priority areas of work for the committee. These priority areas are agreed by the committee and have been scheduled within the work programme to ensure the committee considers topics when it is most useful to do so. A draft of this work programme has then been circulated to the council's corporate leadership team and other key senior directors, for further comment and refinement.
5. Herefordshire Council has undertaken a review of its scrutiny function, resulting in a number of recommendations to develop the service. Fundamental to the review was a recommendation that committees reconsider their work programmes, considering different ways of carrying out their work in addition to formal committee meetings. It is proposed to bring a fresh work programme for the 2025-2026 municipal year to the next meeting of the committee.
6. Attached as Appendix 2 to this report is the council's most recently published forward plan of key decisions.

Community impact

7. Effective scrutiny enables the committee to reflect community concern, one of the four purposes of scrutiny as outlined by the Centre for Governance and Scrutiny.

Environmental impact

8. This report contains no direct environmental impacts. However the work that the committee will undertake resulting from agreeing this work programme may have direct impacts. Reports arising from or supporting this work will outline their potential environmental impact.

Equality duty

9. The public sector equality duty (specific duty) requires us to consider how we can positively contribute to the advancement of equality and good relations, and demonstrate that we are paying 'due regard' in our decision making in the design of policies and in the delivery of services. This report contains no direct equality impacts. However the reports and issues that the committee will consider may have direct impacts. Reports arising from or supporting this work will outline the any associated equality impacts for committee consideration.

Resource implications

10. This report constitutes part of the typical function of this committee. Similarly, a programme of work undertaken by committee is an integral part of the council's 'business as usual'. There is no resource implication in setting or agreeing a work programme. However agreed topics in the

work programme, in particular any requests for bespoke research or the involvement of outside experts or community groups, may incur resource costs. These will be contained in any reporting or planning of agreed topics within this work programme.

Legal implications

11. The remit of the scrutiny committee is set out in part 3 section 4 of the constitution and the role of the scrutiny committee is set out in part 2 article 6 of the constitution.
12. The Local Government Act 2000 requires the council to deliver the scrutiny function.

Risk management

13. There are no risks identified in the committee agreeing an effective and timely programme of work. However there is a risk to the council's reputation if committees fail to set a work programme, or set a programme of work that does not address local authority, partnership or community priorities.

Consultees

14. In drafting this work programme, consideration has been given to:
 - a. The recent review of the scrutiny function at Herefordshire Council;
 - b. The previous work of scrutiny committees;
 - c. Priorities suggested by members of the committee; and
 - d. Work with Herefordshire Council officers to develop topics and agree optimum timings to bring items for consideration.
15. This work programme is subject to ongoing review, which may involve additional consultees.
