

Record of officer decision

Decision title:	Contract Award for Herefordshire Surface Dressing Works - Works Orders WO42 Programme Amendments
Date of decision:	18 th August 2026
Decision maker:	Major Contracts Programme Director – Economy & Environment
Authority for delegated decision:	A Cabinet Member decision was taken on 10th March 2026 to confirm the Public Realm Services Annual Plan –2026/27 Recommendation(s): d) the Major Contracts Programme Director is authorised to spend the Department for Transport Highway Maintenance Block (Baseline) and Highway Maintenance Block (Incentive) Local Highways Maintenance Funding Allocations for 2026/27 of £23.697m in accordance with the Highway Asset Management Plan and Highway Maintenance Plan and; (e) the Major Contracts Programme Director be authorised to spend the Highways Infrastructure Investment, Resurfacing Herefordshire Highways, Public Rights of Way, Ash Die Back and Play Area Investment Council capital budget of £13.985m as detailed in Table 1 and; Full details of the decision taken can be seen at the following link: Decision - Public Realm Services Annual Plan –2026/27 - Herefordshire Council
Ward:	Countywide.
Consultation:	As part of the development of the annual plan an engagement event was held for members and Town/Parish Councils on 12th February 2026. To ensure that there is continuous opportunity to discuss the annual plan over the course of the year, quarterly meetings are typically scheduled, and which allow for their knowledge and understanding, as well as confidence in dealing with highway related matters, to be increased. Given the above, it was agreed by Group Leaders that a Political Group Consultation was not required for this report. Ward Members and Parish Councils will be informed of works that are to take place in their area.
Decision made:	To amend the works programme and agree Compensation Events, via the Works Order 42 to Eurovia Infrastructure Limited, using the Council's NEC 4 Framework Agreement, to authorise an uplift of £ 248,115.45 to cover further works in relation to the agreed surface dressing programme
Reasons for decision:	In order to deliver the investment as set out in the Cabinet Member Decision Report, the Council needs to award a contract to a contractor for surface

	dressings works. The Council has its own framework for the delivery of civil engineering and associated works for the improvement of the Council’s highway network and public realm, procured following Council’s Contract Rules and the Public Contract Regulations 2015. Surface dressing works can be delivered as part of this framework, Officers previously identified that capacity exists on the framework and under the selection procedure for the framework, Officers undertook a Secondary Competition which identified that the best value for money would be provided through Eurovia Infrastructure Limited. As such Eurovia Infrastructure Limited were instructed to undertake the required works.												
Equality Considerations	This work being carried out is founded on the guidance set out in Well Managed Highway Infrastructure: A Code of Practice. When considering the highway network hierarchy in Herefordshire the presence of community, medical or educational facilities are considered as part of the usage consideration ensuring that highway corridors to these facilities are afforded more priority. As a result, the selection of roads for investment as part of this decision is considered to have a positive impact on the protected characteristics of Age and Disability. The investment set out in this report is considered to have a neutral impact on the other protected characteristics.												
Highlight any associated risks/finance/legal/equality considerations:	Finance: A total budget of £5.4m has been allocated to this project with £4.484m already committed/spent. As a result of this decision, a further £248,115.45 will be allocated. <table><tr><td>Budget Name</td><td>Total Works Budget</td><td>Contract Works Value</td><td>Cost Code</td></tr><tr><td>Works</td><td>£916k</td><td>£248,115.45</td><td>CM7396 CAP7396</td></tr><tr><td>Total</td><td></td><td>£248,115.45</td><td></td></tr></table> Risk Management: The creation of a framework has contributed to minimising risks associated with procurement delay, supply chain resilience and demonstrating competition and value for money for the public purse. The identified works should reduce the risk to users on the network as a result of improved condition. Legal Implications:	Budget Name	Total Works Budget	Contract Works Value	Cost Code	Works	£916k	£248,115.45	CM7396 CAP7396	Total		£248,115.45	
Budget Name	Total Works Budget	Contract Works Value	Cost Code										
Works	£916k	£248,115.45	CM7396 CAP7396										
Total		£248,115.45											

	A procurement process to create a Highways and Public Realm Schemes Framework was conducted during January and February 2024 in accordance with the Council's Contracts Procedure Rules. The framework is operated under the NEC4 Framework Contract arrangements with NEC4 Engineering and Construction Short Contracts used for delivery of individual schemes.
Details of any alternative options considered and rejected:	That this additional investment is not made and the Council continues to maintain Herefordshire's highways in accordance with sound asset management practices but wholly within the maintenance allocations and grant funding made available by Central Government.
Details of any declarations of interest made:	None
