Court Farm and farm buildings which are used for the storage of potatoes and chemicals are to the west, Perch Cottage to the north, and Eye Manor is to the south-east. The site is located in open countryside.
- 1.2 These applications for both planning permission and listed building consent propose the conversion of the building to a single dwelling accommodating sitting room, entrance hall, kitchen/dining room, utility and WC on the ground floor with 4 bedrooms, en-suite bathroom, and a bathroom at first floor. 6. Officers Appraisal

- 6.1 Policy A60 and the Council's own Supplementary Planning Guidance deal specifically with the Re-use and Adaptation of Traditional Rural Buildings to residential use. In accordance with the policy and guidance, the building has been marketed for commercial/employment generating uses. The applicant has provided evidence to show that no interest has been shown. The residential re-use of the building can be considered.

- 6.2 Eye Court Barn is a suitable building for residential re-use. The building is considered large enough and capable of conversion to another use without the need for extension or reconstruction. The proposal retains the character of the building, re-using openings and restricting new windows and doorways to a minimum.
- 6.3 There is access to the proposal off the C1048. The entrance is in regular use by agricultural traffic, and by Eye Manor. The Traffic Manager considers the entrance suitable in its width and construction to serve the proposal without compromising matters of highway safety.
- 6.4 In terms of impact on the amenity of Perch Cottage is concerned, and in order to achieve adequate privacy, a minimum of 21m is normally required between buildings. This standard is achieved with the buildings being some 25m apart. It is not considered the proposal will cause an unreasonable loss of residential amenity to the nearby dwelling through overlooking.
