NOTES

The thresholds as set out above mean, for example, that for CF/A2 a value of 50% or more and less than 70% will be in band 4.

* where X = the percentage of local young people age 19 in employment, education and training. These figures have been derived from the Labour Force Survey and can be found at <http://www.dfes.gov.uk>. Please see Annex A of PAF 2003-04 volume for further details.

** Subject to assessment for 2005-06 data and reduction of 1 band if council scores only 1 on any of the 4 components in January 2007 (assuming they are not in the bottom band already).

Unit costs bandings (for CF/B8) are calculated separately - see PAF 2004-05 volume p 210 (CSCI, December 2005). A provisional uplift for each band for each ACA group of 4.5% had been used pending the availability of final 2005-06 inflation data. See next sheet
